NOTE A--DESCRIPTION OF THE PLAN

The following description of the Gutchess Companies 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Gutchess Lumber Co., Inc. and its wholly-owned subsidiaries: Gutchess Hardwoods, LLC, Gutchess Freedom, LLC, Gutchess Brookville, LLC, Paul Bunyan Products, LLC and Gutchess Vernon, LLC (collectively the Company or Plan Sponsor). An employee who is age 18 or older is eligible to participate in the elective deferral and Company matching features of the Plan immediately. Participants are eligible to receive a Company discretionary matching contribution (non-discretionary prior to June 14, 2019) only if they make deferral contributions to the Plan. Participants are also eligible to receive an allocation of Company discretionary nonelective contributions if they are employed on the last day of the Plan year, have completed one year of service with a minimum of 1,000 hours during the Plan year and are age 18 or older. An employee is eligible to participate in the Company discretionary nonelective contributions feature of the Plan on the first day of each month following the date the employee meets the eligibility requirements. The Plan is subject to the provisions of ERISA. The Plan Administrator is responsible for the administration of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Contributions: Participants may contribute the lesser of 60% of their annual compensation as defined by the Plan, or $19,500 and $19,000 into the Plan for 2020 and 2019 (elective deferral contributions), respectively. Contributions are subject to the limitations determined by the Internal Revenue Service (IRS). Additionally, if a participant has or is projected to attain age 50 before the end of the calendar year, that participant may make "catch-up" contributions of $6,500 and $6,000 as determined by the IRS, for 2020 and 2019, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation. Automatically enrolled participants have their contributions invested in a designated balanced fund until changed by the participant.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Contributions--Continued: Effective June 14, 2019, the Plan was amended to permit discretionary matching contributions. Discretionary matching contributions are allocated among eligible participants so that each eligible participant receives a rate or amount that is identical to the rate or amount received by all other eligible participants as determined by the Plan Sponsor. Prior to June 14, 2019, the Company contributed 50% of the first 8% of total eligible compensation that a participant contributed to the Plan (non-discretionary matching contributions). Additional Company discretionary nonelective contributions may be contributed by the Company.

Participant Accounts: Each participant's account is credited with elective deferral contributions, allocations of the Company's matching and discretionary nonelective contributions, Plan earnings and losses and a participant's loan activity. Plan earnings and losses are allocated based on account balances. Allocation of Company discretionary nonelective contributions is based on a participant's eligible compensation to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary nonelective contribution portions of their accounts plus actual earnings thereon is based on years of service as identified in the Plan agreement. A participant is fully vested after three years of credited service.

Receivables--Notes from Participants: Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms are up to five years, unless the loan is for the purpose of acquiring a principal residence then the maximum period shall be ten years. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator. Participants may only have one loan outstanding at any given time and may not apply for another loan until the existing loan is paid in full. Principal and interest are paid ratably through payroll deductions.

In response to the pandemic, the Plan implemented the following provisions of the Coronavirus Aid, Relief and Economic Security (CARES) Act that was signed into law on March 27, 2020 to help those participants impacted by the novel coronavirus (COVID-19) pandemic:

- Participants with an outstanding loan on or after March 27, 2020 may qualify to defer loan repayments until December 31, 2020 and may extend the term of the loan by one year.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Receivables--Notes from Participants--Continued:

- Between March 27, 2020 and September 22, 2020, participants may borrow from their vested accounts, at an increased maximum amount that does not exceed the lesser of: (1) $100,000 minus the difference between the highest outstanding loan balance during the last 12-consecutive-month period and the outstanding loan balance on the date the loan is made; or (2) 100% of the participant's vested account balance.

Payment of Benefits: Upon termination of a participant's employment for any reason, including death, disability or retirement, a participant may elect to receive a lump-sum cash distribution, a direct rollover distribution, a combination of both, or an installment distribution equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance is between $1,000 and $5,000, and the participant fails to make a distribution election, a lump-sum amount will be rolled over to an individual retirement account without their consent. If a participant's vested account balance is $1,000 or less, and the participant fails to make a distribution election, a lump-sum amount will be paid to the participant without their consent.

As a result of the CARES Act, the Plan implemented the following provisions:

- Participants are permitted to take a distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

- Participants and beneficiaries may elect to suspend required minimum distributions for the 2020 Plan year.

Forfeited Accounts: Company matching and discretionary nonelective contributions from forfeited nonvested accounts are retained by the Plan and used to offset Plan expenses and to reduce subsequent Company contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled approximately $14,456 and $26,620, respectively. Company contributions were reduced by $43,087 and $-0- from forfeited nonvested accounts in 2020 and 2019, respectively. The Company did not use forfeited nonvested accounts to pay Plan expenses in 2020 or 2019.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of shares in registered investment companies are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year. All investments are participant-directed.

Receivables--Notes From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participants' salary deferrals. The Plan expects to distribute these excess contributions to its participants in 2021.

Payment of Benefits: Benefits are recorded when paid.

Events Occurring After Reporting Date: The Plan Administrator has evaluated events and transactions that occurred between December 31, 2020 and June 2, 2021, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by the Plan Administrator.

NOTE C--INFORMATION CERTIFIED AND PROVIDED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED)

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2020 and 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

	2020	2019
Participant directed investments, at fair value:		
Money market funds	$ 1,789	$ 14,736
Common trust	2,255,058	1,811,928
Shares in registered investment companies	30,430,791	24,136,459
Total participant directed investments, at fair value	$32,687,638	$25,963,123
Receivables--notes from participants	$ 475,855	$ 588,359

Fidelity Management Trust Company (Fidelity) also certified to the completeness and accuracy of $5,820,651 and $3,603,085 of net appreciation in fair value of shares in registered investment companies, $33,724 and $12,360 of net appreciation in fair value of the common trust, $1,339,164 and $1,307,285 of interest and dividends and $30,379 and $28,974 of interest income on notes receivable from participants for the years ended December 31, 2020 and 2019, respectively.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 820, "Fair Value Measurements and Disclosures", are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds: The fair value of money market funds approximates carrying value due to the nature of the instrument.

Common trust: Valued at the NAV of units of the common trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Shares in registered investment companies: Valued at the daily closing price as reported by the registered investment companies. The registered investment companies are open-ended and are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value (NAV) and to transact at that price. The shares held in registered investment companies are deemed to be actively traded.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The following table sets forth by Level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 1,789	$ -0-	$ -0-	$ 1,789
Shares in registered investment companies	30,430,791	-0-	-0-	30,430,791
Total assets in the fair value hierarchy	$ 30,432,580	$ -0-	$ -0-	30,432,580
Common trust measured at net asset value[(a)]				2,255,058
Investments at fair value				$ 32,687,638

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 14,736	$ -0-	$ -0-	$ 14,736
Shares in registered investment companies	24,136,459	-0-	-0-	24,136,459
Total assets in the fair value hierarchy	$ 24,151,195	$ -0-	$ -0-	24,151,195
Common trust measured at net asset value[(a)]				1,811,928
Investments at fair value				$ 25,963,123

(a) In accordance with FASB ASC Topic 820-10, the common trust, which is measured at net asset value per share (or its equivalent) is not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Investments	Fair Value	Unfunded Commitments	Participant Redemption Frequency (if currently eligible)	Plan Redemption Notice Period
		December 31, 2020		
Common trust	$2,255,058	N/A	Daily	12 months
		December 31, 2019		
Common trust	$1,811,928	N/A	Daily	12 months

NOTE E--TAX STATUS

The Plan uses a volume submitter plan written by Fidelity. The IRS has determined and informed the volume submitter plan sponsor by a letter dated March 31, 2014, that the volume submitter plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE F--RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in shares of registered investment companies and money market funds managed by Fidelity who is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules. Fees related to trustee recordkeeping and certain other administrative services are charged directly to the participant's account and are included in administrative expenses. Fees paid by the Plan to Fidelity for these services amounted to $50,927 and $20,662 for the years ended December 31, 2020 and 2019, respectively. These fees are deducted from individual participant accounts.

Administrative expenses for auditing services are provided by parties in interest and are paid directly by the Company.

Fidelity provides certain administrative services to the Plan pursuant to a Service and Compensation Agreement between the Company and Fidelity. Fidelity receives revenue from the investment service providers for services Fidelity provides to the investment funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts and all Plan assets will be distributed to participants in single lump sum payments.

NOTE H--RISKS AND UNCERTAINTIES

The Plan invests in money market funds, a common trust, and shares of registered investment companies. The investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is as least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H--RISKS AND UNCERTAINTIES--Continued

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 as a global pandemic. The ongoing impact of COVID-19 on the Plan's financial statements remains uncertain and will depend on future developments, including the duration of the outbreak, related advisories and restrictions. Plan management is not able at this time to estimate any potential impact on the Plan's financial statements.
