DALLAS BASKETBALL LIMITED 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2020 and 2019

A. Description of the Plan

The following description of the Dallas Basketball Limited 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's volume submitter plan document and related adoption agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective August 1, 1994, as a defined contribution plan for Dallas Basketball Limited d.b.a. Dallas Mavericks. The Plan includes participating employers Radical Ventures, LLC and EMAVS, LLC which are related to Dallas Mavericks and their related employees. The combined entities are hereinafter referred to as the "Company" or "Employer". The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), and the Internal Revenue Code ("IRC"). Fidelity Management Trust Company (the "Trustee") is the Plan's trustee and is responsible for asset custody and executing investment transactions at the direction of Plan participants. A related entity to the Trustee, Fidelity Workplace Services LLC, is the Plan's recordkeeper responsible for maintaining participant accounts.

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Eligibility

The Plan covers all eligible employees of the Company. Substantially all full-time employees who have performed three months of service are eligible to participate in the Plan. Part-time employees are eligible to participate in the Plan upon attaining the age of 21 years and completing 1,000 hours of service. Employees may enroll in the Plan on the first day of the month following the date the employee meets the eligibility requirements.

Contributions

Participants may contribute up to 60% of their annual compensation as defined in the plan document but are limited to the maximum dollar amount allowable under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to IRC limits. In addition, a participant, with the Plan administrator's written consent, may contribute a rollover contribution from another qualified plan.

The Employer may make discretionary matching and/or discretionary profit-sharing contributions. During 2020, the Employer matched 50% of the first 6% of participants' deferred compensation. No discretionary profit-sharing contributions were made by the Employer in fiscal year 2020.

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, and Employer contributions. Additionally, participant accounts are credited with investment income and charged for investment losses and certain administrative expenses, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their contributions and related earnings. Employer contributions and related earnings are subject to a five-year vesting schedule. Vesting takes into account all completed years of service from the participant's date of hire.

The vesting schedule for the Employer matching and discretionary profit-sharing contributions is as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

In the event of disability, normal retirement, or death, the participant will become fully vested.

Benefit Payments

Benefits to participants or beneficiaries are generally paid upon normal retirement, death, full and permanent disability, as defined, or termination of employment. Upon normal retirement, death, or full and permanent disability, a participant, or their beneficiary, is entitled to receive 100% of his or her account balance. Upon termination of employment for other reasons, a participant is entitled to receive the vested portion of his or her account balance. Benefits payable under the Plan are paid either in the form of a lump sum cash payment or in the form of periodic installment cash payments.

A. Description of the Plan – continued

Benefit Payments – continued

In addition, the Plan permits in-service withdrawals from a participant's vested account due to a substantial hardship, as defined, (subject to certain penalties as defined in the Plan document) or upon attaining the age 59½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) expenses for the repair of date to the participant's principal residence that would qualify for casualty loss deduction under section 165 of the Code; or (6) payments for funeral expenses for the participant's deceased parent, spouse, child or dependent.

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants are no longer required to obtain a loan prior to obtaining a hardship withdrawal, and earnings on elective deferral contributions in a participant's account are included as part of a hardship withdrawal. In addition, participant contributions are no longer suspended for six months after a hardship withdrawal is taken.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the Company determined it was in the best interest of the participants to allow a COVID-19 distribution up to $100,000.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to pay plan expenses, or to reduce Employer contributions. For the 2020 Plan year, no forfeitures were used to pay plan expenses and $404 were used to reduce Employer contributions. Unallocated forfeitures totaled $38,831 and $19,734 as of June 30, 2020 and 2019, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options made available by the Trustee. Participant and Employer contributions are allocated at the same percentage among those investment funds. The investment options consist of various mutual funds and participants may change their investment options at any time.

A. Description of the Plan – continued

Plan Expenses

Fees and expenses charged under participant accounts will impact retirement savings and fall into three basic categories. Investment fees are generally assessed as a percentage of assets invested and are deducted directly from investment fund balances. They can be in the form of sales charges, loads, commissions, or management fees. Plan administration and record keeping fees cover the routine expenses for the services of lawyers, accountants, third party administrators, and other advisors. The Plan requires that certain expenses related to the Plan be paid directly by the Employer, but permits certain expenses incurred to administer the Plan to be paid from Plan assets. Certain Plan investments generate revenue credits.

Excess revenue credits, if any, are deposited into the Plan's revenue credit account and included net of administrative expenses which may be used to pay qualified Plan expenses as defined by ERISA. As of June 30, 2020, and 2019, the excess revenue credit available to offset expenses was $2,715 and $1,696, respectively. During the year ended June 30, 2020, credits of $66,949 were allocated to participant accounts to offset plan expenses. Transaction based fees are associated with optional services offered under the Plan and are charged directly to participant accounts for particular Plan features that may be available, such as a participant note or the maintenance of a terminated participant's account.

Notes Receivable from Participants

Participants may borrow a portion of their vested account balance subject to procedures and regulation limitations adopted under the Plan and required by the IRC. The minimum note amount is $1,000. The maximum note amount equals the lesser of (a) $50,000, reduced by the highest outstanding note balance within the twelve months prior to the note application or (b) one-half the participant's vested account balance. Note terms range from one to five years or up to ten years if for the purchase of a primary residence. The notes are secured by the participant's account balance and bear a reasonable interest rate determined by the plan administrator. Principal and interest are paid ratably through semi-monthly payroll deductions. Notes receivable from participants are recorded at their amortized cost, which is unpaid principal plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investments Valuation and Income

The Plan's investments in mutual funds are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Investment transactions are recorded on a trade-date basis. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains that are reinvested are included with interest and dividends. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- *Money market funds*: Type of mutual fund valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- *Mutual Funds*: Valued at the published per share net asset value ("NAV") of shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at June 30, 2020 and 2019. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of June 30, 2020 and 2019. The Plan has no investments classified within Level 2 or Level 3 of the valuation hierarchy.

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$24,166,346	$ -	$ -	$24,166,346
Money market fund	2,407,965	-	-	2,407,965
Total investments at fair value	$26,574,311	$ -	$ -	$26,574,311

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$24,618,880	$ -	$ -	$24,618,880
Money market fund	1,125,610	-	-	1,125,610
Total investments at fair value	$25,744,490	$ -	$ -	$25,744,490

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the year ended June 30, 2020, there were no significant transfers between levels.

D. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of June 30, 2020 and 2019, the total investment income for the year ended June 30, 2020, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

E. Tax Status

The Plan is based on a volume submitter plan document sponsored by the Trustee which obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the advisory letter.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. We are aware of certain operational issues that, if not properly corrected, could be treated by the Internal Revenue Service ("IRS") as qualification failures. We will be taking steps to correct these issues, including consulting ERISA counsel. If necessary, the tax qualification issues will be resolved directly with the IRS. Accordingly, we believe that the Plan will retain its tax-qualified status. We do not believe these operational issues will have a material effect on the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan in compliance with the provisions of ERISA. In the event the Plan is terminated, participants become 100% vested in their accounts.

G. Parties-in-Interest Transactions

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the Trustee and its affiliates qualify as party-in-interest transactions. Also, the Plan Sponsor pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions.

The Plan invests in shares of mutual funds managed by Fidelity Management Trust Company, which acts as custodian and trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

G. Parties-in-Interest Transactions – continued

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management and record-keeping are paid through fund level revenue sharing agreements. These fees reduce the fund earnings thereby impacting the Plan revenue applied to participants' accounts.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits as of June 30, 2020 and 2019, per the accompanying financial statements to the Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 26,852,056	$ 25,987,733
Less: contributions receivable	(104,170)	(60,164)
Net assets available for benefits per the Form 5500	$ 26,747,886	$ 25,927,569

The following is a reconciliation of the net increase in net assets available for benefits for the year ended June 30, 2020, per the accompanying financial statements to the Form 5500:

	2020
Net increase in net assets available for benefits per the financial statements	$ 864,323
Prior year contributions receivable per the financial statements	60,164
Current year contributions receivable per the financial statements	(104,170)
Net increase in net assets available for benefits per the Form 5500	$ 820,317

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan’s financial statements.

I. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through June 15, 2021, the date the financial statements were available for issuance.
