St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan

The following description of the St. Mary's Nursing Center Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of St. Mary's Nursing Center, Inc. (Center) who have completed three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined by the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Center may make a discretionary matching contribution equal to a percentage of a participant's contribution. To be eligible for the Center matching contribution, a participant must have 1 year of service (1,000 hours) and not be grandfathered into the Maryland State Retirement and Pension System. In 2020, the Center made a discretionary matching contribution of 50% of the first 4% of participant contributions.

The Center may also make a discretionary profit sharing contribution for those participants who have completed 1,000 hours of service and are employed on the last day of the plan year and is allocated based on a participant's compensation to total compensation. There was no Center discretionary profit sharing contribution in 2020.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Center's contribution and plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Center's contribution is based on years of continuous service. Participants vest 20% per year of credited service and are fully vested after five years of credited service.

Notes Receivable From Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate ranging from 4.00% to 6.50% at December 31, 2020. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Notes to Financial Statements

December 31, 2020 and 2019

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$4,772 and \$2,955, respectively. Forfeitures are first used to reduce administrative expenses, then Center contributions. In 2020, there were no forfeitures used to reduce administrative expenses or Center contributions.

CARES Act

The Coronavirus Aid Relief and Economic Security Act (CARES Act) was enacted in March 2020 and included optional provisions affecting employee benefit plans. The Plan elected to adopt the following provisions:

- Distributions - Participants were permitted to take coronavirus-related distributions up to a maximum of \$100,000 in 2020. These distributions are not subject to the 10% early distribution tax but are subject to federal income tax ratably over a three-year period beginning in 2020. A participant may also elect to include the total amount in gross income for income tax purposes in 2020. Any distributions repaid within three years will result in the distribution not being subject to federal income tax.
- Participant loans - Participants were permitted to defer payments due on loans through December 31, 2020 for a period of one year.
- Participant loans – The maximum borrowing amount was increased to \$100,000 for a period of 180 days from the enactment of the CARES Act.
- Required minimum distributions (RMDs) – The rules on RMDs were waived for 2020. Individuals receiving RMDs in 2020 prior to the date of the CARES Act may return the distribution to their account or rollover the distribution to a qualified plan and avoid federal income taxation.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements

December 31, 2020 and 2019

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded at December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administration of Plan Assets and Expenses

The Plan's assets are administered under contracts with Reliance Trust Company (Reliance), the trustee and T. Rowe Price, the record keeper of the Plan. Reliance invests funds received from contributions, investment sales, interest income and makes distribution payments to participants.

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Center. Expenses that are paid by the Center are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through June 15, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements

December 31, 2020 and 2019

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Mutual funds are valued at the daily quoted closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily quoted NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 4,772	\$ -	\$ -	\$ 4,772

Notes to Financial Statements

December 31, 2020 and 2019

- (a) Investments measured at NAV per share are not required to be classified in the fair value hierarchy but are presented to permit reconciliation to the investment line presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2020			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	\$ 136,508	N/A	Daily	30 days

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	\$ 93,794	N/A	Daily	30 days

4. Related Party and Party in Interest Transactions

Certain of the Plan's investments are managed by T. Rowe Price and transactions in these investments qualify as party in interest transactions. Fees incurred by the Plan for investment manager services are included in net appreciation in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions also qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Center. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Center has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Center contributions.

6. Tax Status

The Plan adopted a volume submitter profit sharing plan with tax or deferred arrangement, which received a favorable opinion letter from the IRS dated June 1, 2015 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended and restated since receiving this letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2020 and 2019, the Plan had \$2,126,825 and \$2,052,720 concentrated in three and four investments, respectively.

8. Information Certified by Trustee

The plan administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Reliance, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the statement of changes in net assets available benefits for the year ended December 31, 2020.
