We have been informed by the plan administrator that Mutual of America Life Insurance Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

NOTE A – PLAN DESCRIPTION

The following description of the 401(k) Profit Sharing Plan for Employees of Central Valley GMC d/b/a Affinity Truck Center (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution 401(k) plan sponsored by Central Valley GMC d/b/a Affinity Truck Center (the "Company" and "Employer") with a plan year end of December 31st. The original Plan became effective January 1, 1981 and was most recently amended effective December 1, 2020 to include a provision for automatic distributions of participant accounts totaling $5,000 or less for those that have terminated service with the Company. The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

ELIGIBILITY
The Plan covers substantially all employees of the Company who have a minimum 90 days of service. There is no age requirement for participation. Participants must complete 1,000 hours of service during the Plan Year, and be employed as of the last day of the Plan Year to be eligible to receive any employer paid profit sharing contributions. In general, covered employees may enter the Plan on the first day of each month coinciding with or next following the date on which they satisfy the eligibility requirements.

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to contribute a percentage of their eligible compensation to the Plan in pre-tax or after-tax Roth contributions from 1% to 100% up to the maximum allowed under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all eligible participants' compensation. Participants must be employed on the last day of the Plan year to receive their non-integrated share of the profit sharing contribution. For 2020 and 2019, the Company elected to make profit sharing contributions in the amount of $254,496 and $278,295, respectively, to the Plan. Contributions are subject to Internal Revenue Service ("IRS") limitations. Profit sharing contributions are invested as directed by the participant.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary profit sharing contributions, forfeitures, if allocated to participants, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – PLAN DESCRIPTION – Cont.

VESTING
Participants are immediately vested in their elective (voluntary) contributions and income or loss thereon. Employer contributions paid on the participants' behalf are vested ratably over a six-year period as shown in the table below.

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

FORFEITED ACCOUNTS
At December 31, 2020 and 2019, forfeited non-vested accounts totaled $ 14,545 and $ 16,118, respectively. Forfeited accounts are first used to pay any expenses relating to the termination of employment of the participant and any other charges under the contract that are past due; secondly to restore the forfeited portion of the accounts of reemployed participants; and, thirdly allocated to active participant's pro-rata based on compensation. During 2020, $16,185 in forfeited non-vested accounts were allocated to active participants.

PAYMENT OF BENEFITS
On termination of service, a participant may receive a lump sum amount equal to the value of the vested balance in their account or rollover their vested account balance to another qualified plan. In addition, withdrawals in the case of a financial hardship are allowed under the Plan. Effective May 1, 2019, participants that have reached age 59 ½ may take in-service withdrawals.

NOTES RECEIVABLE FROM PARTICIPANTS
The Plan provides that participants can borrow funds of at least $1,000 up to a maximum equal to the lessor of $50,000 or 50% of the employee portion of the account balance. Account balances attributable to designated Roth contributions shall be disregarded for purposes of determining the available loan amount. The loans are secured by a pledge of not more than 50% of the borrower's employee portion of their accounts and bear a reasonable rate of interest. Spousal consent must be given. The term of the loan cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed ten years. Principal and interest is paid ratably through regular payroll deductions if still employed by the company. There is no limit on the number of loans that a borrower may have outstanding at one time.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE B – SUMMARY OF ACCOUNTING POLICIES – Cont.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

USE OF ESTIMATES
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

PAYMENT OF BENEFITS
Benefit payments to participants are recorded when paid.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in notes receivable. Investment related expenses are included in the net appreciation of the fair value of investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through June 11, 2021, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after June 11, 2021.

NOTE C – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the trustee, The Mutual of America Life Insurance Company, and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits.

b. Net investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in the fair value of assets.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled Separate Accounts: The underlying assets of the pooled separate accounts consist of funds known as sub- accounts. Each sub-account invests its shares or units in an underlying mutual fund. Sub-accounts are measured in terms of accumulation units. The sub-accounts are valued based on the quoted market prices of the mutual funds. Certain fund fees and expenses, mortality and risk charges, and administration charges are deducted from the value of the mutual funds to arrive at the value of the sub-accounts. The accumulation units are valued at Net Asset Value (NAV) on a daily basis. The NAV is not a publicly quoted price in an active market but is used as a practical expedient to estimate fair value. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the pooled separate account in order to ensure that securities liquidations will be carried out in an orderly business.

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investments Measured at Net Asset Value (a)	$ -	$ -	$ -	$ 5,885,223
Investments at Fair Value	$ 5,885,223	$ -	$ -	$ 5,885,223

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments Measured at Net Asset Value (a)	$ -	$ -	$ -	$ 4,825,506
Investments at Fair Value	$ 4,825,506	$ -	$ -	$ 4,825,506

a) In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Pooled Separate Accounts	$ 5,885,223	N/A	Daily	30 days

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Pooled Separate Accounts	$ 4,825,506	N/A	Daily	30 days

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has invested in a fully benefit-responsive investment contract (FBRIC) with Mutual of America Life Insurance Company (Mutual of America) totaling $660,116 and $705,960 for 2020 and 2019, respectively. Mutual of America maintains the contributions in a general account, which is an unsecured, general obligation of Mutual of America. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed periodically for resetting. The contract cannot be terminated before the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability for the Plan to transact at contract value with the issuer. These events may be different under each contract. Examples of such events include the following:

(1) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code,
(2) Premature termination of the contracts,
(3) Plan termination or a merger,
(4) Changes to the Plan's prohibition on competing investment options,
(5) Bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the plan and settle at an amount different from contract value. Such events include:

(1) An uncured violation of the Plan's investment guidelines,
(2) A breach of material obligation under the contract,
(3) A material misrepresentation,
(4) A material amendment to the agreement without the consent of the issuer.

NOTE F – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are invested in pooled separate accounts and an interest accumulation account sponsored by The Mutual of America Life Insurance Company. The Mutual of America Life Insurance Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions, along with the notes receivable from participants. Fees incurred by the Plan for the investment management services are included in the net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE F – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS - Cont.

Audit fees and Third Party Administrator fees for services are paid by the Employer. In addition, the Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

NOTE G – TAX STATUS

The Plan adopted a prototype plan established by The Mutual of America Life Insurance Company. The prototype plan was granted an opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the Plan document as then designed, was in compliance with Section 401 of the Internal Revenue Code, and, therefore, the underlying trust is not subject to tax under IRC 501(a). The Plan has been amended since receiving the opinion letter. However, the plan sponsor is not aware of any course of action or series of events that have occurred that would adversely affect the qu e tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts including employer contributions.

NOTE J – IMPACT OF CORONAVIRUS AND CARES ACT

As a result of the Coronavirus pandemic, Congress enacted the Coronavirus Aid and Economic Security Act; (CARES Act) on May 19, 2020. The Company has elected the following provisions from the CARES Act although the Plan Document has not been formally amended as of the report date:

- Temporary waiver of any required minimum distributions (RMD's) due in 2020.
- Qualified individuals may elect an in-service coronavirus-related withdrawal. A coronavirus-related distribution of up to $ 100,000 is allowed for the period on or after January 1, 2020 and prior to December 31, 2020 with an option to repay over a three-year period. Additional rules may apply.
- Qualified participants may take a pandemic-related loan up to the lesser of $100,000 or 100% of the participant's vested account balance for the period of 180 days beginning March 27, 2020. Additional rules may apply.
- Loan repayments on existing loans may be suspended for up to one year for participants electing this provision.

NOTE K – DELINQUENT PARTICIPANT CONTIBUTIONS

Certain employee deferrals and loan repayments for the 2019 Plan year were not remitted to the trust within the timeframe prescribed by Department of Labor regulations. The amounts were remitted to the trust in 2019 and the related lost earnings calculated and remitted in December of 2020.

NOTE L – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of and for the year ended December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 6,883,893	$ 5,887,557
Less: Participant contributions receivable	(11,228)	(12,437)
