PROJECT MANAGEMENT ADVISORS, INC. 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

A. Description of Plan

The following description of the Project Management Advisors, Inc 401(k) Plan and Trust (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all full-time employees of Project Management Advisors, Inc. (the Company) who are age 21 or older. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Directors of the Company (Board) is responsible for oversight of the Plan. The Investment Committee, comprised of participants as assigned by the Board, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

2. *Contributions*. Each year, participants may contribute up to 100 percent of pre-tax or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 50 percent of the first 6 percent of base compensation that a participant contributes to the Plan. The matching Company contribution is proportionally invested into the investment options selected by the participants. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors and are invested in a portfolio of investments as directed by the Company. During the year ended December 31, 2020 the Company made a $494,671 profit sharing contribution to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

3. *Participant accounts*. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after four years of credited service.

5. *Notes receivable from participants.* Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime rate, as defined. Principal and interest is paid ratably through semi-monthly payroll deductions.

6. *Payment of benefits.* On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

7. *Forfeited accounts.* At December 31, 2020 and 2019, forfeited non-vested accounts totaled $56,486 and $59,602 respectively. These accounts will be used to reduce future employer contributions. Also, in 2020, employer contributions were reduced by $59,766 from forfeited non-vested accounts.

8. *Recent Developments.* On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value since December 31, 2020. The impact of COVID-19 continues to evolve rapidly. The Company will continue to closely monitor and proactively adapt to developments and changing conditions. Currently, the Company is not currently able to reliably estimate its full impact on the Plan's financial statements, but the effects could be material and may continue, evolve, or accelerate in 2021.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the period when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Plan has no asset fees charged in excess of the Plan investments mutual fund expense ratios. Investment related expenses were included in the net appreciation of the value of investments.

C. Certified Investments

Certain information related to investment and notes receivables from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, and supplemental schedule of assets held as of December 31, 2020, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to un-observable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets;

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Investments are measured at NAV, or its equivalent, as provided by its issuers, which are based on the fair value of the funds' underlying investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	***Level 2***	***Level 3***	***Total***
Investments measured at fair value subject to fair value leveling:				
Mutual Funds	$ 16,370,332	$ -	$ -	$ 16,370,332
Total investments in the fair value hierarchy	$ 16,370,332	$ -	$ -	$ 16,370,332
Investments measured at NAV (1):				
Common collective trust				$ 1,266,409
Total investments measured at fair value				$ 17,636,741

	Assets at Fair Value as of December 31, 2019			
	Level 1	***Level 2***	***Level 3***	***Total***
Investments measured at fair value subject to fair value leveling:				
Mutual Funds	$ 12,447,158	$ -	$ -	$ 12,447,158
Total investments in the fair value hierarchy	$ 12,447,158	$ -	$ -	$ 12,447,158
Investments measured at NAV (1):				
Common collective trust				$ 435,642
Total investments measured at fair value				$ 12,882,800

(1) The investments measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The common collective trust held by the Plan requires twelve months' notice for a complete liquidation, however the trustee, at their discretion, may waive the twelve-month waiting period. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. Related Party Transactions and Party in Interest Transactions

The Plan invests in shares of stable value fund and mutual funds managed by Fidelity Management Trust Company (FMTC), the Plan's Trustee, or an affiliate of the Trustee, which qualifies as part-in-interest transactions. The Plan's recordkeeper, is also an affiliate of FMTC, and the Plan allows loans to participants, which also qualifies as party-in-interest transactions. Administration, loan set-up, loan maintenance, and other operating expenses charged to the Plan was approximately $625 for the year 2020. Investment management fees and operating expenses charged to the Plan for investments are deducted from income earned on investments not separately reflected and netted against investment return of such investments. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

G. Tax Status

The Plan has adopted the non-standardized pre-approved profit-sharing plan of Fidelity. The non-standardized pre-approved profit-sharing plan received a favorable opinion letter dated June 30, 2020, in which the IRS stated that the form of the non-standardized pre-approved profit-sharing plan was in compliance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Late Remittances

The Plan was untimely in remitting certain participant contributions in the amount of $75,380 for the year ended December 31, 2020. Late remittances of participant contributions constitute a prohibited transaction under ERISA Section 406, regardless of materiality. The Company remitted $75,380 contributions for January 15, 2020 on February 18, 2020, later than required by the Department of Labor Regulation 2510.3-102. The Company has corrected the untimely remitted participant contributions using the Self-Correction Program on June 18, 2021.

J. Subsequent Events

The Plan has evaluated subsequent events through June 21, 2021, the date the financial statements were available to be issued.
