NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Multi Image Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Multi Image Group, Inc. (the "Company" or "Employer") under the provision of section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company.

All employees of the Company who are at least 18 years of age are eligible to participate for purposes of elective deferrals. Employees are eligible to participate in matching and profit sharing once they have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is administered by the Employee Benefits Committee of the Company. The duties of the Employee Benefits Committee are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan. The Plan's custodian, John Hancock Life Insurance Company (the "Custodian" or "John Hancock") is responsible for the custody of the Plan's assets.

Beginning in April 2020, the Plan enacted several provisions from the CARES Act, specifically, allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act distribution allowed Plan participants to withdraw up to $100,000 due to adverse financial consequences from COVID-19. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments restarting in 2021. Finally, the processing of minimum required distributions was suspended for 2020, except upon participant request and in cases where a participant's first minimum required distribution was for 2019, and was deferred until 2020.

Partial Plan Termination

The Plan Sponsor reduced its workforce due to the negative impacts of the pandemic, and as a result, the Plan experienced a partial plan termination as defined by ERISA in 2020. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting in the employer's contribution is required for the affected participants, but the remaining participants' vesting continues to be determined per the plan provisions. All affected employees who were participants in the Plan were fully vested in their account balances at the date of their partial plan termination.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Contributions

Each year, participants may contribute up to 100 percent of annual compensation, as defined in the Plan, not to exceed the limits of IRC §401(k), §402(g), §404 and §415. Effective June 18, 2018, the Plan was amended to allow contributions of pretax and after-tax compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferral. In determining the matching contribution, only elective deferrals up to a discretionary percentage of a participant's contribution, or a discretionary dollar amount will be matched, the percentage or dollar amount to be determined by the Employer on a uniform basis to all participants. Additional profit sharing amounts (nonelective contributions) may be contributed at the option of the Company's board of directors. Participants are eligible for matching contributions if they work at least 1,000 hours during the plan year. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and discretionary contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested after six years of credited service. Full and immediate vesting will also occur upon normal retirement age (age 65), death, or totally disabled, as defined in the Plan. Participants who leave the Company before they are vested in the Company's contributions forfeit their nonvested portion.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account twice per calendar month.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50 percent of their vested account balance, whichever is less. A participant can only have two notes receivable outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 7.50 percent, which are commensurate with local prevailing rates as determined by the Plan Administrator. Any loan must be repaid within five years, unless such loan is for the purchase of a participant's primary residence in which case the repayment period may exceed five years. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Forfeitures

At December 31, 2020 and 2019, unallocated forfeitures totaled $1,399 and $5,851, respectively. These accounts may be used to pay plan expenses or reduce future employer contributions. For the year ended December 31, 2020, $5,851 of forfeitures were used to reduce employer matching contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the term of the Plan document and taxable to the participants.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company. Plan expenses are recorded when incurred.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Pooled separate accounts are valued at the net asset value of units held by the Plan at year-end as a practical expedient to estimate fair value. The net asset value is based on the market value of the underlying investments and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The guaranteed interest accounts are included in the financial statements at fair value, which approximates contract value as reported to the Plan by the custodian. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

Concentrations

All of the Plan's assets are held by its custodian, John Hancock, located in Buffalo, New York.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate at December 31.

	2020	2019
Investments, at fair value:		
Pooled separate accounts	$ 13,446,253	$ 12,359,611
Guaranteed interest accounts	-	61,189
Notes receivable from participants	200,668	177,362
	$ 13,646,921	$ 12,598,162

For the year ended December 31, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the Plan year) appreciated in value by $1,795,742. Additionally, interest relating to the Plan's investments as well as interest related to participant loans amounted to $374 and $12,005, respectively.

NOTE 4. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

Pooled Separate Accounts

The Plan has entered into investments in pooled separate accounts with John Hancock Life Insurance Company ("John Hancock"), the custodian. John Hancock maintains certain investments in pooled separate accounts. Assets of this contract are invested in shares of the specific funds elected in the contract application. Each of the pooled separate accounts invests in stocks, fixed securities or in a single mutual fund which is generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the stocks, fixed securities and single mutual fund identified in the name of the fund. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

There were no valuation reserves recorded associated with the pooled separate accounts in 2020 and 2019. The pooled separate accounts have been categorized based upon the investment composition and strategies of the underlying mutual fund that each account holds. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the net asset value.

NOTE 4. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (Continued)

Guaranteed Interest Accounts

John Hancock maintained certain contributions in a general account. The account was credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by John Hancock. The contract is included in the financial statements at contract value, which approximates fair value. Guaranteed interest rates are based upon claims paying ability of the issuing company, John Hancock and reflect a number of factors, including interest rate guarantees, the investment income earned on invested assets, and prevailing market conditions. Guaranteed interest accounts are not insured by the Federal Deposit Insurance Corporation ("FDIC"). Interest rates are established on the first day of each calendar month and apply to all regular ongoing contributions made to the account in that month. This is called "new money" regular rate. At the end of each reporting year, a "composite rate" of interest is determined. The composite interest rate is a dollar-weighted average rate of all contributions to that guaranteed interest account during that reporting year. After the end of each reporting year, contributions made will continue to earn that reporting year's composite interest rate until the end of the guaranteed term. The John Hancock guaranteed interest accounts are backed by John Hancock's general accounts. The John Hancock guaranteed interest accounts seek to achieve investment income consistent with the preservation of principal, primarily through investments in federal and other government bonds, corporate bonds, and commercial mortgages. Transfers and withdrawals from the guaranteed interest accounts are subject to certain restrictions and the administrative guidelines of John Hancock.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. The Plan also has notes receivable from participants that qualify as party-in-interest transactions.

NOTE 6. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require the Plan to report its investments at fair value on a recurring basis. Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at the net asset value of units held by the Plan at year end as a practical expedient to estimate fair value. Each of the pooled separate accounts invests either in multiple securities or in a single mutual fund which is generally identified in the name of the pooled separate account. The net asset value of these accounts is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund.

NOTE 6. FAIR VALUE MEASUREMENTS (Continued)

Guaranteed interest accounts: Valued at contract value, which approximates fair value, as estimated by John Hancock. It is the amount plan participants would receive if they were to withdraw or transfer funds within the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2020, there were no assets included in the fair value hierarchy. The following table sets forth the level, within the fair value hierarchy, of the Plan's assets measured at fair value as of December 31, 2019:

ASSETS, at fair value as of December 31, 2019	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Guaranteed interest accounts	$ -	$ 61,189	$ -	$ 61,189
Total investments in the fair value hierarchy	$ -	$ 61,189	$ -	$ 61,189
Pooled separate accounts, measured at NAV (a)				$ 12,359,611
Total investments measured at fair value				$ 12,420,800

(a) Certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The following table presents information about the Plan's assets measured at fair value based on net asset value per share as of December 31, 2020 and 2019:

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. The Plan provides for full and immediate vesting of all participant rights upon termination of the Plan.

NOTE 8. EXCESS CONTRIBUTION PAYABLE

The Plan failed the discrimination test for the year ended December 31, 2020, resulting in excess contributions amounting to $32,428. The aggregate excess contributions during the year ended December 31, 2020 are included as a reduction of participant contributions in the accompanying statement of changes in net assets available for benefits and were reimbursed to participants during 2021.

NOTE 9. TAX STATUS

The Company has adopted the Pension Studio Volume Submitter Defined Contribution Plan and Trust. The Internal Revenue Service has issued an opinion letter dated March 31, 2014 stating that the Plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2008-23) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions for open tax years (generally a period of three years from the later of each return's due date or the date filed); however, there are currently no audits for any tax periods in progress.

NOTE 10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 23, 2021, which is the date the accompanying financial statements were available to be issued.
