1. PLAN DESCRIPTION

The following description of the OpenX Technologies, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees who are employed by OpenX Technologies, Inc. (the "Company" and the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions - Each year, participants may contribute pre-tax and Roth deferrals of up to 100 percent of annual compensation, as defined by the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All eligible employees are automatically enrolled at a deferral rate of six percent of eligible compensation, unless the employee declines. Additionally, participants who are automatically enrolled will have their deferral rates increase by one percent annually up to 12 percent of eligible compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary Company matching contributions. For the year ended December 31, 2019, the Company matched 50 percent of each participant's deferral up to six percent of compensation deferred. The Company made discretionary matching contributions of $867,441, net of forfeitures, for the year ended December 31, 2019.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and Company matching contributions, plus actual earnings or losses thereon.

Forfeitures - Forfeitures of prior Company contributions may be used to pay Plan administrative expenses or to reduce future discretionary Company contributions. During the year ended December 31, 2019, forfeitures of $60,247 were used to reduce Company contributions and $9,883 were used to pay Plan administrative expenses. As of December 31, 2019 forfeitures of $38,726 are available for future use.

Payment of Benefits - On termination of service for any reason, a participant or their beneficiaries, as applicable, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals or substantially equal installments over a period of time, in accordance with the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Fidelity Management Trust Company (the "Trustee").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants, may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Putnam Stable Value Fund – The Putnam Stable Value Fund, held in a common collective trust ("CCT"), is valued at the NAV of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The CCT does not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,353,607	$ -	$ -	$ 33,353,607
Investments in the fair value hierarchy	$ 33,353,607	$ -	$ -	$ 33,353,607
Investments measured at NAV practical expedient				859,706
Investments at fair value				$ 34,213,313

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 29,623,914	$ -	$ -	$ 29,623,914

Investments measured at NAV practical expedient				736,801

4. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

b. Net appreciation of investments, dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

c. Investments and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. The Trustee received $48,002 for administration fees of which $9,883 was paid through forfeitures and $38,119 was paid by the participants through the Plan. The Trustee also received indirect compensation based on a formula.

6. TAX STATUS

The Company adopted a volume submitter plan that is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

9. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their account balance within specified guidelines, as defined in the Plan. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined by the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Net increase in net assets available for benefits per the Form 5500	$ 3,728,808

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

Certain contributions were not remitted timely to the Trustee as required by the Department of Labor's regulations. These late remittances are detailed in the attached Schedule H, Line 4a - Schedule of Delinquent Participant Contributions.

12. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through June 8, 2021, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act provides participants with optional relief provisions related to distributions and loans from the Plan. The Company has evaluated and authorized the implementation of certain relief provisions effective April 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Re: Reasonable Cause for Late filing
Employer ID Number: 26-2651564

To Whom it May Concern:

I am writing to provide details for reasonable cause for 5500 late filing for the tax period ending 12/31/2019.

OpenX Technologies, Inc. experienced extenuating circumstances in 2018 that resulted in the need for corrections in 2019, followed by reduction in resources in 2020 due to COVID19. The 5500 for the 2018 plan year was delayed but filed in early 2021. Once the internal and 3rd party audits for 2018 were complete, OpenX immediately started on the 2019 plan year. Having to account for all corrections for previous plan years in the financial statements and audits took roughly 3 months to complete.

Please reference the attached letter requesting abatement for the 2018 plan year for more details on the original delay(s) which resulted in subsequent year audits and filings to be delayed as well.

Please accept our request to excuse the late filing from penalties based on reasonable cause(s) for the 2019 plan year.

Sincerely,

Re: Request for Penalty Abatement
Employer ID Number: 26-2651564

To Whom it May Concern:

I am writing to request an abatement of Late Filing Penalties for the tax period ending 12/31/2018 equaling $118,750, as assessed in the enclosed notice dated 03/01/2021.

Of the total amount due, $1,000 of the penalty was assessed for not enclosing a schedule SB or MB. However, Schedule R was included on page 17 of the 19 page 5500 and Schedules package submitted. I am asking that the $1,000 penalty be removed, as it seems to be an error in requirements.

Regarding the remaining $117,750 in late penalties assessed, there were three significant reasons why OpenX was unable to complete the 2018 5500 filing timely.

First, due to a change in OpenX's HRIS and Payroll systems that occurred in April of 2018 there were discrepancies that had to be resolved prior to filing the 2018 5500. All corrections were made in 2019. The discrepancies and corrections also had to be accounted for (in detail) during the audit process with the third party CPA firm before the 5500 could be submitted. The following two circumstances tied in and further delayed the process.

Second, in late 2019 when the original extension for 2018 was due (10/15/2019) the Global Benefits Manager for OpenX had taken sick leave, which turned into intermittent leave due to medical issues with a dependent. These first two leaves occurred from October 2019 through January 2020. Next, this same employee required an extended bereavement leave due to the death of their father. Additionally, personal leave, protected under California Labor Code 230 was required through March 2020. OpenX did not have other resources available to pick up 100% of the duties of this employee. In attempt to keep this employee engaged and their job protected, OpenX covered daily tasks enough to keep things afloat to the best of their knowledge and abilities.

Third, the 2018 5500 Audit was further strained due to COVID-19 events that reduced the Human Resources team at OpenX. The Global Benefits Manager was an impacted reduction in force in April 2020. The VP of Human Resources was also impacted in June of 2020 further affecting team resources. Once it was realized, in May 2020, that

INFORMATION ONLY

the 2018 filing was pending completion, OpenX began working on the 5500 Audit with their designated third party CPA firm. Due to COVID19, the company has experienced financial and staffing hardships over the past year and would like further consideration based on the unusual circumstances outlined.

OpenX is aware of the approaching deadline (March 31, 2021) to pay penalties before interest is incurred on the account. However, there is concern surrounding the 10x increase in daily penalty rates. OpenX was not aware of changes in penalty rates and this significant increase will be difficult to pay such a large amount in a short timeframe.

If the current penalty was based on $250 a day, per the letter received, we estimate it is calculated on 471 days. If it is instead based on $25 per day, we estimate a penalty of $11,775 could be due, as opposed to the current $117,750, which is more reasonable given the extenuating circumstances surrounding the late filing.

Could someone please contact me as soon as possible to discuss this matter and any immediate options we have to extend the deadline of the penalty due until you have made a determination on our account? I am reachable by phone at (626) 466-1141 ext. 6091, on my cell phone at (949) 637-5770, or email at Geneva.Garcia@openx.com and am happy to answer any further questions on this request.

A list of supporting documents is attached for your review. Please accept my petition for abatement of penalties owed for reasonable cause(s).
