1. DESCRIPTION OF PLAN:

The following description of the LJB Inc. Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of LJB Inc. (referred to as the Company or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for the oversight of the Plan. The Investment Committee determined the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

The Plan provides for employees of the Company to begin elected salary deferrals at the beginning of the month following their date of hire up to a certain percentage of annual compensation, as determined by the Company. Contributions may be subject to certain limitations under the Internal Revenue Code. Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. On a semi-monthly basis, the Company matches 50% of the first 4% of eligible compensation that a participant contributes to the Plan. The Company also makes an annual contribution of 50% of eligible contributions between 4% and 6% provided that the participant is an employee on the last day of the year. The Plan document also allows for non-elective discretionary profit-sharing contributions for eligible employees who have one year of service and are actively employed on the last day of the Plan year. No employer non-elective profit-sharing contributions were made for the year ended December 31, 2020.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment(s) the participant's contributions and Company contributions are to be invested.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts is based on years of service. Participants are immediately 50% vested in Company contributions and become 100% vested after three years of service.

Forfeiture accounts

Forfeitures may be used to pay Plan expenses or reduce Company contributions to the Plan. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$544 and \$3,711, respectively. For the year ended December 31, 2020, forfeitures totaling \$3,723 were utilized to offset Company contributions.

Notes receivable from participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans bear interest at an agreed-upon percentage based on prevailing market rates. Loan terms are for a period not exceeding five years unless such a loan is used to acquire a dwelling unit within a reasonable time frame (determined at the time the loan is made), which will be used as the participant's principal residence. Each loan is collateralized by the remaining balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, permanent disability, retirement, or otherwise, participants or designated beneficiaries may elect to receive their vested balance either in a lump-sum amount or payments over a period of time in cash installments or in a form agreeable to the Plan. If the participant's account balance is \$1,000 or less, the Plan may elect to automatically distribute the balance to the participant in a single-sum payment. For participant account balances between \$1,000 and \$5,000, the Plan may elect to automatically rollover the account. Upon reaching normal retirement age, participants are also permitted to make in-service withdrawals.

Investment options

Upon enrollment in the Plan, a participant may currently direct contributions in any investment options with PNC Bank, National Association in increments of one percent that are approved by the Plan. In addition, a participant may direct contributions to individual brokerage accounts at Charles Schwab & Co., Inc. Participants may change their investment options at any time. Contributions may also be used to purchase LJB Inc. stock at certain times as determined by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are held in a common/collective trust fund, registered investment companies, Employer stock, and brokerage securities. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend and interest income.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the basis of the terms of the Plan agreement.

Payment of benefits

Benefits payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Concentrations

The Plan has permitted the purchase of LJB Inc. stock as part of the participant directed investment options. At December 31, 2020 and 2019, the Plan's investment in LJB Inc. stock represented approximately 21% and 23% of the Plan's investment holdings, respectively. The Plan does not believe that it is exposed to any significant credit risk related to funds invested in LJB Inc. stock.

Accounting change

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement," which amends ASC 820 to modify fair value measurement disclosure requirements. ASU 2018-13 became effective for all entities for fiscal years beginning after December 15, 2019. Adoption of ASU 2018-13 resulted in eliminating certain fair value disclosures but did not impact the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through June 24, 2021, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PNC Bank, National Association, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental schedule of assets (held at end of year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. EMPLOYER STOCK:

The Plan offers shares of common stock of LJB Inc. (the Company) as an investment option. Each year, the Board of Directors (the Board) of the Company determine how many, if any, shares of Company stock will be offered for sale during the trading window, which is normally in May of each year. Shares of Company stock may also be sold back to the Company during the same trading window, so long as the shareholder provides at least 60 days' notice to the Board. During the trading window, all eligible plan participants and other shareholders may choose to purchase shares of Company stock which have been offered for sale by the Board. During the trading window, purchases and sales of Company stock will be made at the share price as of December 31 of the previous year. The share price at December 31 of each year is determined by a valuation firm and approved by a majority of the Board of Directors and a majority of the Eligible Class A Shareholders. Participants hold voting and non-voting shares within the Plan. Each participant is entitled to exercise voting rights attributable to the voting shares held within his or her account and is notified by the Company prior to the time that such rights are to be exercised. Purchases of Company stock with a value of \$100,000 or less to any one Shareholder will be made in a lump sum. However, the Company reserves the right, in the event that its economic condition requires it to, to propose a deferred purchase of the Shares over time, not to exceed five years. The Company may, at its option, negotiate a purchase agreement with a participant that utilizes an in-kind transfer of a participant's employer stock to the participant's self-directed IRA. The shares are redeemed from the self-directed IRA in exchange for a note payable. Terms of the note are negotiated between the participant and the Company.

5. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Valued at the daily closing price as reported by the fund.

Registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: Accounts primarily consist of registered investment companies and common stocks that are valued on the basis of readily determinable market prices.

Employer stock: Valued at fair value based upon an independent third-party valuation which established the per share value of the employer stock at \$7,210 and \$6,156 at December 31, 2020 and 2019, respectively.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain plan assets are invested with PNC Bank, National Association. Thus, PNC Bank, National Association, as a trustee defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

8. TAX STATUS:

The Plan adopted a standardized form of a prototype plan sponsored by PNC Bank, National Association. The prototype plan has received a favorable opinion letter from the Internal Revenue Service dated September 21, 2017 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this plan. The plan administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. PLAN OPERATIONS:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.
