INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Plan Participants of
LiquidPower Specialty Products Inc. 401(k) and Profit Sharing Plan

We have audited the accompanying financial statements of LiquidPower Specialty Products Inc. 401(k) and Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2020 and 2019, and the change in net assets available for benefits for the year ended December 31, 2020 in accordance with U.S. generally accepted accounting principles.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, line 4i, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The following description of the LiquidPower Specialty Products Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is sponsored and administered by LiquidPower Specialty Products Inc. (the "Company"). The Plan also covers LiquidPower Specialty Products Transport, LLC which is a participating employer in the Plan. The Company is a wholly-owned subsidiary of Berkshire Hathaway, Inc. (the "Parent").

a. *General.* The Plan is a defined contribution plan which covers all employees, except for leased employees, nonresident aliens, and any employee who is an active participant in and accruing benefits under the LSPI Pension Plan. Employees are eligible to participate in the Plan as of the first day of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Fidelity Management Trust Company is the trustee for the Plan.

b. *Contributions.* Participants are automatically enrolled at a deferral rate of 3% after 30 days of employment and the rate increases by 1% annually up to a rate of 6%. Employees may make voluntary pre-tax contributions or after-tax Roth 401(k) contributions through salary deferrals, limited to 75% of each employee's eligible earnings, but not more than the maximum allowed by law. Employee contributions are subject to Internal Revenue Code (the "IRC") limitations. The maximum contribution allowed by the Plan was $19,500 in 2020. Employees who are 50 or older as of December 31, 2020 and reach either the maximum before-tax contribution limit of 75% or maximum contribution allowed by the Plan may make catch-up contributions. The catch-up contribution limit was $6,500 for 2020.

The Company adopted the Safe Harbor Provision of the IRC. The Company contributes and allocates to each eligible participant's account a safe harbor matching contribution equal to 100% of elective salary deferrals up to the first 6% of compensation. The Company may also make discretionary profit sharing contribution to participants who are employed at the end of the year and have 1,000 hours of service. The discretionary profit sharing contribution is divided among allocations groups as defined in the Plan document. Discretionary profit sharing contributions for the years ended December 31, 2020 and 2019 were $2,147,633 and $2,050,832, respectively.

Any employee of the Company may roll over distributions made from a previous employer's qualified retirement plan into the Plan.

c. *Participant Accounts.* Each participant's account is credited with the employee's contributions and an allocation of the Company's contributions, investment earnings and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. *Vesting.* Participants have a fully vested, nonforfeitable right to employee and Company contributions.

e. *Investment Options.* All employee and Company contributions are participant-directed among twenty-seven investment funds and Berkshire Hathaway Class B common stock.

f. *Payment of Benefits.* Withdrawals of employer contributions from the Plan by participants can be made at the Plan designated normal retirement (age 55), when a participant dies or becomes disabled. Distributions upon withdrawal are made in accordance with the Plan document. When a participant reaches the age of 59 ½, the in-service distribution may occur from all vested accounts.

g. *Hardship Distributions:* A participant may receive a hardship distribution from salary reduction contributions and rollover contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses for the participant, their spouse or dependents; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for burial or funeral expenses for the participant's parent, spouse, children or dependents; or, (6) for expenses for the repair of damage to the participant's principal residence caused by fire, storm, or other casualty.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The CARES Act allows eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions (RMD). The Plan implemented Coronavirus-related distributions and suspension of RMD's.

h. *Notes Receivable from Participants.* Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or $50,000 reduced by the participant's highest outstanding note balance during the prior twelve-month period. Participants can have two notes outstanding at a time (amended to one loan effective April 1, 2019 for any new loans initiated). Participant notes are secured by the participant's account balance, and bear interest at a reasonable rate of interest which shall remain fixed throughout the duration of the note. All notes require that repayment be amortized in level payments, not less than quarterly, over a period not extending beyond five years from the date of the note or ten years for notes to acquire a principal residence. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the Plan Document, upon liquidation of their account balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. *Basis of accounting.* The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. *Estimates.* The preparation of the financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results may, in some instances, differ from previously estimated amounts.

c. *Investments.* The Plan's investments are stated at fair value. Shares of money market fund, registered investment companies, collective trust, and common stock are valued based on published market prices, which represent the net asset value of shares held by the Plan at the end of year. Gains and losses on the sale of investments are accounted for on an average cost basis. The Plan presents net changes in the fair value of investments, which consists of realized gains and losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Plan's financial statements.

d. *Notes Receivable from Participants*. Participant loans are valued at unpaid principal balance plus accrued interest.

e. *Contributions.* Contributions by participants and the Company are accounted for on the accrual basis once determined.

f. *Benefit payments.* Benefit payments are recorded when paid.

g. *Risk & uncertainties*. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements*, are described as follows:

- Level 1 — inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 — inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019. These methodologies were consistently applied to all assets and liabilities of the Plan.

Money market fund and mutual funds

Money market fund and mutual funds - these investments are valued daily at the net asset value of shares or units held by the Plan based on the quoted market value of the underlying assets.

Collective investment trust

The collective investment trust is the Invesco Stable Value Trust (Class III). Invesco Stable Value Trust (the Trust) is a collective trust that has entered into fully benefit-responsive guaranteed investment contracts and wrapper contracts with banks, insurance companies and other financial institutions, designed to provide principal stability, competitive yields, and liquidity. The Trust is valued at the net asset value of units of the Invesco Stable Value Trust, as reported by the investment managers of the Trust and as supported by unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date resulting in a readily determinable fair value. Participant transactions and redemptions (purchases and sales) may occur daily.

Common stock

The common stock of the Company's Parent is an investment option in the Plan. Berkshire Hathaway common stock trades on an active market. This investment option also includes a cash component that accounts for the purchase and sale of fractional shares.

The investments are categorized as level one in the fair value hierarchy excluding the collective trust which is categorized as level two.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. TAX STATUS OF PLAN

The volume submitter plan adopted by the Company received its latest favorable advisory letter dated March 31, 2014, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits forany tax periods in progress.

5. ADMINISTRATIVE EXPENSES

Certain expenses of the Plan are paid by the Company directly or through Company contributions. Transaction-related fees are paid by participants.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become 100% vested and Plan assets would be distributed accordingly.

7. RELATED PARTIES AND PARTIES-IN-INTEREST

The Plan holds investments in the common stock of the Parent. Transactions in this investment qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Certain Plan investments are funds managed by Fidelity Management Trust Company, the trustee of the Plan. Transactions associated with these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.
