Independent Auditor's Report

To the Plan Administrator and Plan Participants
Rexam Retirement Savings Plan for Collectively Bargained Employees
Broomfield, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Rexam Retirement Savings Plan for Collectively Bargained Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter - Plan Merger

As discussed in Note 1, effective December 31, 2020, the Plan was merged into the Ball Corporation 401(k) and Employee Stock Ownership Plan (the "Ball Plan"). Net assets of approximately \$43 million were transferred into the Ball Plan. Our opinion was not modified with respect to this matter.

Other Matter - 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019 were audited by ACM LLP, whose partners and professional staff joined BDO USA, LLP as of August 1, 2020, and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed ACM LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by the issuer of the insurance products. Their report, dated June 12, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the issuer, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report

To the Plan Administrator and Plan Participants
Rexam Retirement Savings Plan for Collectively Bargained Employees
Broomfield, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Rexam Retirement Savings Plan for Collectively Bargained Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter - Plan Merger

As discussed in Note 1, effective December 31, 2020, the Plan was merged into the Ball Corporation 401(k) and Employee Stock Ownership Plan (the "Ball Plan"). Net assets of approximately \$43 million were transferred into the Ball Plan. Our opinion was not modified with respect to this matter.

Other Matter - 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019 were audited by ACM LLP, whose partners and professional staff joined BDO USA, LLP as of August 1, 2020, and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed ACM LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by the issuer of the insurance products. Their report, dated June 12, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the issuer, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Rexam Retirement Savings Plan for Collectively Bargained Employees

Notes to Financial Statements December 31, 2020 and 2019

Note 1 - Description of the Plan

The following description of the Rexam Retirement Savings Plan for Collectively Bargained Employees (the “Plan”) is provided for general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan was established January 1, 1994 by the Plan’s former Sponsor, American National Can Company (“ANCC”) and was most recently restated January 1, 2015. On July 31, 2000, ANCC was acquired by Rexam Inc., a wholly-owned subsidiary of Rexam PLC. On June 30, 2016, Ball Corporation (the “Company”) completed its acquisition of Rexam PLC. The Plan Sponsor changed from Rexam Inc. to Ball Inc. effective November 1, 2016, which is a wholly-owned subsidiary of Ball Corporation.

Effective December 31, 2020, the Plan was merged into the Ball Corporation 401(k) and Employee Stock Ownership Plan (the “Ball Plan”). To facilitate this transition, participants of the Plan were not able to direct or diversify investments to their accounts, change address, make unscheduled loan payments, or obtain a loan or distribution from their prior plan accounts from December 28, 2020 through the week of January 10, 2021. Net assets of approximately \$43 million were transferred into the Ball Plan, which included participant investment balances and loan balances of approximately \$42 million and \$1 million, respectively.

The Plan provided benefits to eligible union hourly associates of Rexam Beverage Can Company. The Plan was a voluntary defined contribution plan and was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Employee Benefits Administration Committee (“EBAC”) of Ball Corporation was responsible for oversight of the Plan. On March 4, 2020, the EBAC was absorbed into the Global Pension Benefits Committee (“GPBC”), and the GPBC became the administrator of the Plan. The Benefit Plans Investment Committee determined the appropriateness of the Plan’s investment offerings and monitored investment performance.

The Plan was amended effective January 1, 2020 to update the allowable percentage of participant pre-tax deferrals to 75% of eligible compensation.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (“SECURE Act”) was passed into law. The SECURE Act allows participants turning age 70 ½ during 2020 or subsequent to defer required minimum distributions until age 72. The Plan has adopted certain provisions of the SECURE Act and has amended the Plan effective January 1, 2020.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts (up to \$100,000), increases the participant loan limit to \$100,000, and delays loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan adopted the provisions of the CARES Act related to expanded ability of withdrawals and allowed for delayed loan repayments for up to one year if requested by participants. The Plan will later be amended to include these provisions.

Notes to Financial Statements December 31, 2020 and 2019

Trustee and Recordkeeper of the Plan

The trustee of the Plan was Vanguard Fiduciary Trust Company (the “Trustee” or “Vanguard”). The Trustee held all assets of the Plan in accordance with provisions of the agreement with the Company. Vanguard was also the recordkeeper of the Plan.

Eligibility

Eligibility to participate in the Plan was obtained for all employees the first day of the month following or coincident with the completion of 30 days of service. However, employees who were considered temporary or seasonal only became eligible upon completion of 1,000 hours of service in a computation period, as defined by the Plan Document. Once a temporary or seasonal employee became eligible they would remain eligible for all future periods of service.

Contributions

Prior to January 1, 2020, participants could elect to make contributions up to 50% of their eligible compensation on a pre-tax or after-tax basis, not to exceed the maximum annual contribution limit allowed by the Internal Revenue Code (the “IRC”). Effective January 1, 2020, participants could elect to make contributions up to 75% of their eligible compensation on a pre-tax basis, and 50% of their eligible compensation on an after-tax basis, not to exceed the maximum annual contribution limit allowed by the IRC. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions, not to exceed the maximum annual contribution limit allowed by the IRC. Participants directed the investment of their contributions into various investment options offered by the Plan. Participants could also contribute amounts representing distributions from other qualified retirement plans, as a rollover into the Plan.

The Plan had an auto-enrollment and auto-escalation feature. Participants who did not opt out of the Plan, or elect to make contributions of a different amount, were automatically enrolled 60 days after their hire date. For participants that were automatically enrolled in the Plan, enrollment began at a pre-tax contribution rate of 3% of eligible pay. The contribution rate could increase by one percentage point each June until it reached 15%, subject to IRC limits. The contributions were invested in the date-specific Vanguard Target Retirement Funds closest to the date the participant would reach age 65, unless directed otherwise by the participant. The Target Retirement Funds would gradually shift its emphasis from more aggressive investments to more conservative ones based on the participant’s target retirement date. Participants could opt out of the auto-escalation feature at any time. No active employee groups allowed for Company contributions.

Participant Accounts

Each participant’s account was credited with the participant’s contributions and an allocation of Plan earnings (losses) and certain administrative expenses. Plan earnings (losses) and expenses were allocated to individuals’ accounts based on each participant’s account balance in their respective investment options selected. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account balance.

Transfers Out

Prior to the merger, certain employees from the Plan could transfer locations or become a salaried employee, in which case, they became participants of, and their account balances were transferred to, the Ball Plan.

Rexam Retirement Savings Plan for Collectively Bargained Employees

Notes to Financial Statements December 31, 2020 and 2019

Vesting

Participants were immediately 100% vested in their contributions plus actual earnings thereon.

Forfeitures

Forfeitures of nonvested accounts were used to reduce Company contributions and/or to pay the Plan's administrative expenses. The balances were included within the investment accounts. Forfeitures available at December 31, 2020 and 2019 were \$0 and \$2,088, respectively. For the year ended December 31, 2020, Plan administrative expenses of \$1,981 were paid from the forfeitures balance and no employer contributions were paid from the forfeitures balance.

Notes Receivable from Participants

Participants could borrow from their fully vested accounts up to the lesser of 50% of their vested account balance or \$50,000 (minus highest outstanding note balance during the last 12 month period). Notes were required to be repaid over a period of no more than 5 years, or up to 15 years if the note was used to purchase a primary residence. All notes became due and payable within 90 days upon termination of employment. The notes were collateralized by the balances in the participant's account and bore an interest rate of 1% over the prime interest rate and were fixed for the term of the loan. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant could elect to receive either a lump-sum amount, receive installment payments, leave the funds in the Plan, or roll funds over to another employer's eligible plan or an individual retirement account ("IRA"). If a participant's vested account balance was \$5,000 or less, it could not be left in the Plan. If the balance was \$1,000 or less, the balance would be distributed in a lump sum payment. If the balance was more than \$1,000 but less than or equal to \$5,000, the amount was transferred to a Vanguard IRA, unless a distribution was requested. Withdrawals for qualified emergencies of eligible contributions were permitted.

Rollovers

Eligible employees were permitted to rollover distributions from other qualified plans to their account at any time during the Plan year. Effective January 1, 2020, a Participant who had terminated employment with the Company and who still had an account under the Plan could elect to receive a rollover contribution into their account. Rollovers from other qualified plans were \$69,739 for the year ended December 31, 2020.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared on the accrual basis of accounting. Accordingly, income was recognized when earned, and expenses were recognized when incurred. Distributions to participants were recorded when paid.

Rexam Retirement Savings Plan for Collectively Bargained Employees

Notes to Financial Statements December 31, 2020 and 2019

Contributions

Participant contributions were recorded in the period payroll deductions are made. Contributions were credited in the year in which the participant receives the paycheck from which the contributions were deducted.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences could be material.

Investment Valuation

The Plan's investments were stated at fair value, which is described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefit Plans Investment Committee determined the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Income Recognition

Presented in the statement of changes in net assets available for benefits is the net appreciation/(depreciation) in the fair value or losses in fair value of the Plan's investments, which consists of the realized gains/(losses) and the unrealized appreciation/(depreciation) in value of those investments. Capital gains/(losses) are included in the net appreciation/(depreciation) in the fair value of investments.

Purchases and sales of securities were recorded on a trade-date basis. Investment income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses.

Expenses of the Plan

Certain costs and expenses incurred in establishing, amending and administering the Plan, including the fees and expenses of the Trustee, were paid by the Company and were excluded from the financial statements. The Plan paid for certain loan and distribution transaction fees and the annual recordkeeping fees that were charged to the related participants' accounts.

Rexam Retirement Savings Plan for Collectively Bargained Employees

Notes to Financial Statements December 31, 2020 and 2019

Plan recordkeeping fees were paid as a part of the expense ratios—the cost of running the fund, expressed as a percentage of the fund's assets, as of the most recent fund prospectus—charged by the Plan investments. The range of expense ratios for the years ended December 31, 2020 and 2019 was 0.02 percent to 0.45 percent and 0.02 percent to 0.66 percent, respectively. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. The annual plan recordkeeping fee of \$52 per participant was paid by Plan participants via an automatic quarterly deduction.

Note 3 – Information Certified by the Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019;
- Interest and dividend income, net appreciation in the fair value of investments and interest earned on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020;
- Investment information included in the Notes to Financial Statements;

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities observable in active markets. |
| Level 2 | Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

Rexam Retirement Savings Plan for Collectively Bargained Employees

Notes to Financial Statements December 31, 2020 and 2019

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds are exchange-traded open-ended funds.

Collective investment trusts: The investments include lifecycle (targeted maturity funds), a stable value fund and a large growth fund. The fair values of the Plan's interest in the funds are based on the Net Asset Value ("NAV") reported by the fund managers as of the financial statement dates and recent transaction prices. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner. Generally, under ordinary market conditions, all collective investment trust positions provide daily market liquidity to plan participants and the Plan. There were no restrictions as a result of the Plan merger.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During the years ended December 31, 2020 and 2019, there were no liabilities accounted for at fair value on a recurring basis and no Level 3 assets or liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,703,042	\$ -	\$ -	\$ 19,703,042
Total investments in the fair value hierarchy table	\$ 19,703,042	\$ -	\$ -	\$ 19,703,042
Collective investment trusts (measured at net asset value) (a)				19,244,029
Total investments at fair value				\$ 38,947,071

- (a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Rexam Retirement Savings Plan for Collectively Bargained Employees

Notes to Financial Statements December 31, 2020 and 2019

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2020 there were no transfers in or out of levels 1, 2, or 3.

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2019.

	Fair Value as of December 31,			
	2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period (plan level)
Target Date Funds	\$ 14,604,366	None	Daily	None
Stable Value Fund	\$ 4,438,813	None	Daily	12 months
Large Growth Fund	\$ 200,850	None	30 days	None

Note 5 - Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated November 6, 2015 that the Plan and related trust were designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan was designed and was operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

Certain plan investments were shares of mutual funds and units of collective investment trusts managed by Vanguard. Vanguard was the trustee as defined by the Plan. Notes receivable were secured by the vested balance of participant accounts. Fees paid by the Plan for the investment management services were included in net appreciation/(depreciation) in fair value of investments. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

Notes to Financial Statements December 31, 2020 and 2019

Vanguard received revenue from mutual fund and collective investment trust fund service providers for services Vanguard provided to the funds. The revenue could be applied to offset certain amounts owed to Vanguard for its administrative services to the Plan. If the revenue received exceeded the amount owed under the Master Plan Services Agreement, Vanguard remitted the excess to the Plan's trust on an annual basis. During 2020, there were no excess amounts. The Plan or the Company could make a payment to Vanguard for administrative expenses not covered by revenue sharing. During 2020, \$49,824 was paid to Vanguard from the Plan.

Note 7 - Plan Termination

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. See Note 1 for information regarding the merger to the Ball Plan.

Note 8 –Risks and Uncertainties

The Plan provided for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Market values of investments may decline for a number of reasons, including changes in prevailing market prices and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it was reasonably possible that changes in values of investment securities in the near term could have materially affected the participant account balances. Effective December 31, 2020, all assets were transferred to the Ball Plan.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate impact of the coronavirus outbreak. Nevertheless, the outbreak presented uncertainty and risk with respect to the Plan.

Note 9 – Department of Labor Audit

In February 2019, the Plan received a letter from the Department of Labor ("DOL") stating their intent to audit the Plan for years 2016 to the present. The Plan received a closing letter from the DOL on May 11, 2021, notifying the Plan that the investigation was completed. No specific findings or actions directed by the DOL related to this Plan were identified.

Note 10 – Subsequent Events

Management has evaluated subsequent events through the date these financial statements were issued, and determined that there were no events or transactions which require recognition or disclosure in these financial statements. As described in Note 1, the Plan became part of the Ball Plan effective December 31, 2020, and any future events related to the Plan will impact the combined plans through the Ball Plan.
