Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian held the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the Custodian as of March 29, 2019, and for the period from January 1, 2019 to March 29, 2019, that the information provided to the plan administrator by the Custodian is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - 2018 Financial statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company, the Custodian of the Plan. Their report, dated April 23, 2021, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CLO Profit Sharing 401K Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the CLO Profit Sharing 401K Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Community Living Options, Inc. (the "Company") who had one year of service and were age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Merger

On November 14, 2018, the Company elected to merge the assets of the Plan with Pro Resources Retirement Savings Plan. The transfer of assets was completed by March 29, 2019.

Contributions

Each year, participants could contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who had attained age 50 were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. The Company contributed safe harbor matching contribution equal to 100% of the first 4% of participant contributions. There were no safe harbor contributions made during the period ended March 29, 2019. The 2018 safe harbor contribution was contributed to the Pro Resources Retirement Savings Plan (see Note 10). Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions, Company safe harbor matching contributions, and allocations of plan earnings (losses). Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon. Prior to 2014, Company matching contributions were subject to a six year ratable vesting schedule.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes were secured by the balance in the participant's account and had interest at rates ranging from 4.25% to 7.25%, which were commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant with a vested balance in excess of \$5,000 could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant terminated employment and the participant's account balance was less than \$1,000, the Plan administrator would authorize the benefit payment without the participant's consent. Participants with balances greater than \$1,000 but less than \$5,000 were rolled over into individual retirement accounts for terminated participants who had not requested a distribution from the Plan. In addition, hardship distributions out of the participant's voluntary contributions account were permitted if certain criteria were met. The Plan also allowed for in-service distributions upon attaining age 59 1/2.

Forfeitures

There were no forfeited nonvested accounts at March 29, 2019. At December 31, 2018, forfeited nonvested accounts totaled \$10,984. These accounts could be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. During the period ended March 29, 2019, administrative expenses were reduced by \$8,856 from forfeited nonvested accounts. Unused forfeiture assets totaling \$2,128 were included in the transfer to another plan in the statement of changes in net assets available for benefits.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

CLO Profit Sharing 401K Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they are incurred. No allowance for credit losses was recorded as of March 29, 2019 or December 31, 2018. Delinquent participant notes receivable were recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment-related expenses were allocated proportionately to plan participants based on their respective account balances and were included in total investment income.

Subsequent Events

The Plan has evaluated subsequent events through June 28, 2021, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of March 29, 2019 and December 31, 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018. There were no assets held by the Plan as of March 29, 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 2,364,697	\$ -	\$ -	\$ 2,364,697

Note 4: Information Prepared and Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments and notes receivable from participants held at March 29, 2019 and December 31, 2018, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from January 1, 2019 to March 29, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the Custodian of the Plan.

CLO Profit Sharing 401K Plan

Notes to Financial Statements

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Reliance Trust Company. Reliance Trust Company is the Custodian as defined by the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the administrative services were \$200 for the period ended March 31, 2019. Fees for the investment management services during the period ended March 29, 2019, were offset against earnings. Specific detail for investment management fees is not available from the Custodian.

Notes receivable from participants also qualified as party-in-interest transactions, which were exempt from the prohibited transaction rules of ERISA.

Note 6: Tax Status

The Company adopted a nonstandard prototype document with an IRS notification letter, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Company is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Company's general assets, but no later than the fifteenth business day of the month following the date that participant contributions are withheld by the Company. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the plan year ended December 31, 2017, totaling \$9,634, were remitted outside the 15-day requirement. This transaction constitutes a prohibited transaction as defined by ERISA.

CLO Profit Sharing 401K Plan

Notes to Financial Statements

Note 9: Operational Noncompliance

2018 Form 5500 Non-Compliance

On March 31, 2021, the plan administrator received a notice from the Department of Labor (DOL) with the intent to assess a civil penalty of \$50,000 against the plan administrator for failure to include an Independent Qualified Public Accountant (IQPA) Report with the filing of the December 31, 2018 Form 5500, as required by the Department regulation Section 2520.103-1(b). The DOL indicated this penalty was being assessed as the plan administrator failed to respond to a Notice of Rejection dated October 27, 2020, rejecting the Plan's Form 5500 Annual Report. The plan administrator engaged ERISA counsel to respond to the DOL assessment.

A plan operational error occurred and was identified during the 2017 plan audit when the Company migrated to a new payroll provider and the plan administrator erroneously failed to remit the contributions and loan repayments from the June 2, 2017 payroll cycle to the Plan. The 2018 IQPA could not be issued due to research underway related to this error.

The plan administrator engaged a specialist to quantify the 2017 missed contribution by participant, quantify the lost earnings and calculate the excise tax due from the plan sponsor. A contribution of \$15,538 was made on April 20, 2021, which included employee contributions of \$7,224, loan repayments of \$2,410, and a Qualified Non-Elective Employer Contribution (QNEC) of \$5,904 for lost earnings and has prepared Form 5330 Return of Excise Taxes Related to Employee Benefit Plans, for filing with the IRS. A receivable for the QNEC as of December 31, 2018 of \$5,904 is reflected in the accompanying statement of net assets. As a result of the plan merger in 2019, the 2017 contribution receivable and QNEC lost earnings totaling \$15,538 were contributed to the Pro Resources Retirement Savings Plan and are included in the transfer to another plan in the statement of changes in net assets available for benefits (see Note 1).

2018 Safe Harbor Employer Contribution

In April 2021, it was determined that the 2018 safe harbor (SH) employer contribution of \$105,509 had not been funded by October 15, 2019, as required. The plan administrator engaged a specialist to quantify the lost earnings on the SH Contribution and a receivable for the QNEC of \$27,401 is reflected in the December 31, 2018 statement of net assets in addition to the SH employer contribution receivable. Plan management funded the SH Contribution and lost earnings on April 27, 2021. As a result of the plan merger in 2019, the 2018 SH employer contribution and lost earnings totaling \$132,910 were contributed to the Pro Resources Retirement Savings Plan and is included in the transfer to another plan in the statement of changes in net assets available for benefits (see Note 1).
