To the Plan Administrator of
Daiquiris/Fat Tuesday Retirement Savings Plan

We have conducted a DOL limited-scope audit of the financial statements of Daiquiris/Fat Tuesday Retirement Savings Plan for the year ended December 31, 2019, and have issued our report thereon dated September 2, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 2, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Daiquiris/Fat Tuesday Retirement Savings Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's valuation of the mutual funds is determined by the fair market value of its underlying investments. We evaluated the key factors and assumptions used to develop the valuation of the investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's valuation of the group annuity contract is determined by the transaction price of the contract. We evaluated the key factors and assumptions used to develop the contract valuation of the investments in determining that it is reasonable in relation to the financial statements as a whole.

Management's estimate of the credit losses from notes receivable from participants is based on historical loss levels and an analysis of the collectability of individual loans. We evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 2, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the plan administrator and management of Daiquiris/Fat Tuesday Retirement Savings Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

(1) DESCRIPTION OF PLAN

Briggs Management, Inc. (the Company) maintains a defined contribution pension plan for the benefit of the employees of the Company. The following description of the Daiquiris/Fat Tuesday Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single-employer defined contribution plan meeting the requirements of Section 401(k) of the Internal Revenue Code covering all employees of the Company who complete at least 1,000 hours and one year of service and are 21 years of age or older. If 1,000 hours are not met by an employee in first year of employment, he or she will be eligible the first plan year beginning after his or her hire date in which 1,000 hours of service is completed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute from 2 to 100 percent of pretax annual compensation, as defined in the Plan. Participant contributions are subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and the Company's matching contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a group annuity contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. This provision has a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated fund until changed by the participant. The Company contributes 40% of the first 6% of base compensation that a participant contributes to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. In 2019, the Company made no profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution, the Plan's earnings (losses), and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant's account is charged a distribution fee for participant distributions.

(1) DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or due to other reasons, distributions under the Plan are made in a lump-sum amount equal to the value of the participant's vested interest in his or her account. Benefit payments are distributed to participants or their beneficiaries as soon as practicable.

Forfeited Accounts

Forfeitures of discretionary employer contributions will first be used to reduce Plan expenses, and any remaining forfeiture amount will be used to reduce the discretionary employer contributions.

The forfeiture account had a balance of $471 and $235 at December 31, 2019 and 2018, respectively. Forfeiture balances are included in the group annuity contract investment on the accompanying statement of net assets available for benefits. During the year ended December 31, 2019, $3,775 of forfeitures were used to reduce employer matching contributions and $6,975 of forfeitures were used to pay plan fees.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Certain expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected.

Payment of Benefits

Benefits are recorded when paid.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of Management Review

Management has evaluated subsequent events through September 2, 2020, the date which the financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

(3) FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	2019			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 11,189,001	$ -	$ -	$ 11,189,001
Investments at fair value	$ 11,189,001	$ -	$ -	$ 11,189,001

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	2018			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 8,940,179	$ -	$ -	$ 8,940,179
Investments at fair value	$ 8,940,179	$ -	$ -	$ 8,940,179

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation in fair value of investments.

(4) GROUP ANNUITY CONTRACT

The Key Guaranteed Portfolio Fund is a group annuity contract the Plan entered into with Great-West Insurance Company (Great-West). The account is credited with the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(4) GROUP ANNUITY CONTRACT (CONTINUED)

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsors events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(5) PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(6) RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan holds a group annuity contract managed by Great-West Trust Company. Great-Trust Company is one of the custodians as defined by the Plan. Transactions with this contract qualify as party-in-interest transactions. For the year ended December 31, 2019, the Plan paid fees amounting to $46,798 to parties-in-interest for recordkeeping, brokerage, audit, and investment advisory services. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(7) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) TAX STATUS

The Plan uses a prototype plan document sponsored by Great-West Trust Company LLC. Great-West Trust Company received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Management has analyzed the Plan's tax positions taken on Federal income tax returns for all open tax years (current and prior three years) and has concluded that as of December 31, 2019, no provision for income tax is required in the Plan's financial statements. The Plan's Federal tax return for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service.

(9) INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

As pursuant to CFR 2520.103-8 the Plan qualified for a limited scope audit. Information relating to investment assets, investment transactions, investment earnings and schedule of investments held for investment purposes was certified as complete and accurate by the custodians, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

(10) SUBSEQUENT EVENT – CORONAVIRUS PANDEMIC

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time. The Company's operating activities have been affected through remote administrative staffing, reduced store hours, and reduced operational staffing. There has been no effect to the Plan's operations as of the date of this report. However, the future effects of these issues on the Company and the Plan are uncertain.
