KAY MANUFACTURING COMPANY, LLC 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description provides only general information on the provisions of the Kay Manufacturing Company, LLC 401(k) Profit Sharing Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Kay Manufacturing Company, LLC (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility and Participation: All non-union employees who have completed at least 30 days of service and have attained the age of 21, as defined in the Plan, are eligible to participate in employee contributions and employer matching contributions.

Contributions: Participants may elect to contribute up to 100% of their pre-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Upon meeting eligibility requirements, employees are automatically enrolled at a 5% deferral rate. The employee may change, stop or resume deferring at any time.

The Plan qualifies as a Safe Harbor Plan which entails a basic matching formula of 100% of the first 3% of compensation plus 50% of employee salary deferrals between 3% and 5% of compensation. The maximum deferral and contribution is subject to IRC limitations. For the year ended December 31, 2020, the Company made matching contributions of \$253,866. The Company may also make elective discretionary contributions. During the year ended December 31, 2020, no discretionary elective contributions were made.

Participant Accounts: Individual accounts are maintained for each participant to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of the Plan's income (loss) and any related administrative expenses. Allocations are based on the participant's eligible compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately fully vested in their contributions and employer safe harbor matching contributions plus earnings thereon. Employer elective discretionary contributions plus earnings will be vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20
3	40
4	60
5	80
6 or more	100

Vesting under the Plan is based upon the 'hours of service' method. The participant will receive a year of service upon completion of 1,000 hours of service during the Plan year.

Retirement, Death and Disability: A participant (beneficiary) is entitled to 100% of his or her account balance upon retirement, death or total disability.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Hardship Withdrawals: Participants may withdraw from the Plan that portion of their account resulting from salary deferrals in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's elected deferral, rollover, and transfer accounts.

Forfeitures: The Plan did not have forfeitures at December 31, 2020 and 2019. Forfeited amounts are used to offset future Company contributions or to reduce the Plan's administrative expenses. In 2020, no forfeitures were used to offset Company contributions.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Participants in service may make hardship withdrawals from their vested contributions upon demonstration of immediate and heavy financial need. Participants in service may also make in service withdrawals upon reaching normal retirement age. The form of payment is a lump-sum distribution or substantially equal periodic installments over a period of time selected by the participant not to exceed the participant's life expectancy.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company discretionary contributions and earnings thereon.

Notes Receivable from Participants: Participants may borrow from their accounts a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans in the form of notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid through payroll deductions.

Investment Options: Upon enrollment in the Plan, a participant may direct employer and employee contributions to any of the applicable investment options available under the Plan.

Administrative and Investment Management Expenses: Certain administrative expenses and transaction fees are paid for by the Plan and are reflected in the financial statements as administrative expenses of the Plan. All fees and expenses paid for by the Plan are allocated proportionally against all participant accounts, unless allocable to the accounts of particular participants. Certain other administrative fees are paid by the Company.

Subsequent Events: Management has performed an analysis of the activities and transactions subsequent to December 31, 2020 to determine the need for any adjustments to or disclosure within the financial statements for the year ended December 31, 2020. Management has performed their analysis through June 21, 2021, which was the date that the financial statements were available to be issued and has determined that there are no subsequent events to disclose.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(Continued)

KAY MANUFACTURING COMPANY, LLC 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The investment results of the Plan could be materially adversely affected. The extent to which the coronavirus impacts investment results or estimates used to prepare the financial statements will depend on future developments, which are highly uncertain and cannot be predicted including new information which may emerge concerning the severity of the coronavirus and actions required to contain the coronavirus or treat its impact, among others.

Coronavirus Aid, Relief, and Economic Security Act ("CARES ACT"): In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted on March 27, 2020. The CARES Act includes several provisions that affect benefit plans. The Plan has adopted some of the optional changes permitted by the CARES Act including allowing eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, allowing participants to borrow up to the lesser of \$100,000 or 100% of their vested account balance, allowing participants to delay loan payments for up to one year, and permitting individuals to stop receiving 2020 required minimum distributions.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. This information has not been audited by independent accountants.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents of the valuation methods and assumptions used by the Plan to estimate the fair values of investments period.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values ("NAV") reported by the fund managers as of the financial statement dates and recent transaction prices. The pooled separate accounts invest mainly in domestic stock, with the majority of the underlying securities valued using quoted prices on nationally recognized securities exchanges. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's NAV per unit.

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2020 Using				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by employees or officers of the Company. Certain professional fees for the administration and audit of the Plan were paid by the Company. Investment management and custodial fees paid by the Plan to the Trustee and affiliates of the Trustee qualify as party-in-interest transactions. Fees of \$54,443 were paid by the Plan to the Plan's investment advisor, during the plan year for investment advisory services related to the Plan.

Certain of the Plan's investments in mutual funds, pooled separate accounts, and collective trusts issued by Delaware Charter Guarantee Trust Company d/b/a Principal Trust Company, totaling \$7,888,529 and \$7,858,809 in 2020 and 2019, respectively, qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the volume submitter plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.
