Independent Auditor's Report

Plan Administrator and Employee Benefit Plan Administrative Committee
Continental Materials Corporation Employees Profit Sharing Retirement Plan
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Continental Materials Corporation Employees Profit Sharing Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion on the 2020 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2020 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Trust Company LLC, the trustee of the Plan, except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2020 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2020 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on 2019 Financial Statements

We have audited the accompanying financial statement of Continental Materials Corporation Employees Profit Sharing Retirement Plan, which comprise the statement of the net assets available for benefits as of December 31, 2019, and in our report dated May 21, 2020, we expressed our opinion that such financial statement presents fairly, in all material respects, net assets available for benefits of the Plan as of December 31, 219, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Continental Materials Corporation
Employees Profit Sharing Retirement Plan
Notes to Financial Statements
December 31, 2020 and 2019

Note 1: Description of the Plan

The following description of the Continental Materials Corporation Employees Profit Sharing Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established to provide retirement benefits to eligible employees. Under the Plan, all employees of Continental Materials Corporation (CMC or Company) and its subsidiaries (collectively, Employer) who have met the eligibility requirements may elect to participate in the Plan. John Hancock Trust Company LLC (JHTC) serves as the trustee of the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

On April 14, 2015, John Hancock Retirement Plan Services acquired New York Life Retirement Plan Services, which had previously served as the recordkeeper of the Plan. New York Life Trust Company was the previous trustee.

Participation and Contributions

Eligible employees are automatically enrolled in the Plan at a contribution rate of 6% with deferral made on a Roth or pre-tax basis dependent on earnings level. Employees have the options of waiving participation, choosing other participation levels and changing between Roth and pre-tax deferrals. Participants' contributions to the Plan are auto escalated at a rate of 1% per year up to a maximum of 15%, unless the participant proactively opts out.

Effective May 20, 2019, any participant who became eligible for the Plan, as a result of a corporate acquisition of certain assets during 2019 by the Employer, who failed to affirmatively make a deferral election within the time period prescribed by the Employer, were deemed to have elected to defer 1.0% of eligible compensation as a pre-tax deferral.

A participating employee may make pre-tax and designated Roth contributions to the Plan based upon a percentage of compensation. The pre-tax and designated Roth contributions cannot be less than 1% or greater than 50%. The maximum is 15% for those designated as highly compensated. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Effective January 1, 2020, the Plan was amended to provide for quarterly discretionary Employer matching contributions beginning with the 2020 Plan year, in an amount equal to a flat percentage of 2% of each eligible participant's compensation for each calendar quarter, on behalf of participants who have made contributions to the Plan during the quarter, are employed by the Company or a participating employer in the Plan at the end of the quarter, retired during the quarter (at age 60 or older) or terminated due to death or disability.

Prior to January 1, 2020, only an annual Employer contribution was made, at the discretion of the Board of Directors, on behalf of participants who had made contributions to the Plan, had 90 days of service and were employed at the end of the year, retired during the year (at age 60 or older) or terminated due to death or disability. Such Employer contributions were allocated to participants based upon the eligible wages of the participant rather than contributions to the Plan.

Effective January 1, 2020, an additional annual true-up Employer contribution may be made, at the discretion of the Board of Directors, on behalf of participants who have made contributions to the Plan, have 90 days of service, are employed at the end of the year, retired during the year (at age 60 or older) or terminated due to death or disability. Such Employer contributions are allocated to participants based upon the eligible wages of the participant rather than contributions to the Plan.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's and Employer's contributions. Investment income, including net realized and unrealized appreciation and depreciation in the fair value of investments for each fund net of administrative expenses, is allocated to all fund participants based on their respective total fund balances.

Vesting

Participant contributions plus the earnings thereon are fully vested. Vesting in the Employer contributions and the earnings thereon is determined on a graded schedule based on years of credited service. A participant is 100% vested after six years of credited service. If a participant attains age 60, becomes permanently and totally disabled, or dies, the full value of the participant's Employer contribution account becomes immediately vested.

Notes Receivable From Participants

A participant may borrow an amount not to exceed $50,000 or 50% of the vested portion of his or her account, whichever is less. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate in effect at the time of application. The period for repayment cannot exceed five years, unless the loan is used for the purchase of a home, in which case cannot exceed 15 years. The interest paid is transferred to the participants' investment fund(s) from which the loan principal originated. A participant may have no more than two loans outstanding at one time.

In April 2020, the Company adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of $100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Payment of Benefits

Upon termination of service, participants may receive a lump-sum amount equal to the value of their account. If the value of their account is greater than $5,000, the account can remain in the Plan until requested. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan.

In April 2020, the Company implemented the CARES Act provisions for coronavirus-related distributions (CRD). Through December 31, 2020, qualified participants are permitted to take a CRD of up to $100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Allocation of Forfeitures

Forfeitures of terminated participants are used first to pay administration fees and then used to reduce the annual Employer contribution. If a terminated participant returns to employment within five years, the amount previously forfeited may be reinstated. As of December 31, 2020 and 2019, the forfeiture account totaled $47,163 and $16,052, respectively. During 2019, $23,651 of forfeitures were used to offset Employer contributions of which $23,650 were offset against the Employer contribution receivable at December 31, 2018. During 2020, forfeitures were used to pay administrative expenses of $6,303 and $6,122 were used to offset Employer contributions of which $2,694 were offset against the Employer contribution receivable at December 31, 2019. The December 31, 2020 Employer contribution receivable is offset by approximately $47,000 of forfeitures used when deposited in 2021.

Administrative Expenses

Investment management, custodial, recordkeeping, and consulting expenses of the Plan are paid from the assets of the Plan. Legal and most audit expenses and the Plan Administrator's salary are absorbed by the Employer. Loan fees and managed account fees are paid out of the accounts of the individuals receiving loans or investing in managed accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan values investments, except fully benefit-responsive investment contracts, at fair value (Note 5). Investment transactions are reflected on a trade-date basis. Net earnings on investments are allocated to participants on a daily basis. Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses (Note 5).

Appreciation/Depreciation in Fair Value of Investments

The Plan presents in the statements of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation on those investments. Realized gains or losses on sales of securities are based on average cost.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance, with no allowance for credit losses. The notes are collateralized by the participants' account balances.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, JHTC, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2020

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investment Program

Participants may choose to direct the investment of their contributions, the Employer contributions, and their account balance to various investment options, including mutual funds and a stable value fund. Participants may change their investment elections at any time.

As of March 24, 2014, the CMC stock fund was frozen to new investments and no additions could be made to the fund. During June 2020, the Plan divested of all CMC common stock.

Note 5: Investments and Fair Value Measurement

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements), considers quoted prices for similar assets and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability

CMC has various processes and controls in place to ensure that fair value is properly reflected in the financial statements.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds and common stock are stated at the quoted market price on the last business day of the year as reflected on national securities exchanges (Level 1 inputs).

	2020 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 32,840,217	$ 32,840,217	$ -	$ -

	2019 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common stock	$ 341,472	$ 341,472	$ -	$ -
Mutual funds	32,599,164	32,599,164	-	-
	$ 32,940,636	$ 32,940,636	$ -	$ -

Note 6: Stable Value Fund

In December 2010, the Plan entered into a fully benefit-responsive investment contract with New York Life Insurance Company (NYLIC). NYLIC maintains the contributions in its general account. The Plan's contract investment balance is credited with earnings based upon contractually determined interest rates, dividends (if any), and charged for plan withdrawals and administrative expenses. NYLIC establishes an effective interest rate semiannually. In no event will such effective annual interest rate minus the deductions for expenses, be less than the minimum interest rate as defined by the contract.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the issuer or otherwise.

The Plan's guaranteed interest contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. These conditions are defined in Section 1.5 (Payments to the contract holders) and Section 1.6 (Transfer to Other Funding Media) of the contract and includes events initiated by the Plan Sponsor including, but not limited to, total or partial Plan termination, mergers, spinoffs, layoffs, early retirement incentive programs, sales or closing of all or part of the Plan Sponsor's operations, or bankruptcy.

The contract specifies the circumstances under which the issuer may terminate the contract with a written notice to the contract holder 30 days prior to the intended termination date. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The following represents contract value of the Plan's fully benefit-responsive investment contracts:

	2020	2019
NYLIC Stable Value Fund	$ 9,373,905	$ 7,716,537

The NYLIC Stable Value Fund is a guaranteed interest account and a fully benefit-responsive, general account group annuity contract. It seeks to provide competitive yield and limited volatility with a guarantee of principal, accumulated interest and annuity purchase rates. This account is backed by the general account of NYLIC. Contributions made are invested in a broadly diversified fixed income portfolio within the general account. The terms of the contract prohibit transfer or assignment of rights under the contract and provide for all distributions prior to contract termination at contract value, frequent resetting of contractual interest rates based upon market conditions, no liquidity restrictions and no defined maturities.

Note 7: Termination of the Plan

While the Employer has not expressed any intent to terminate the Plan, it is free to do so at any time subject to the provisions of ERISA. In the event such termination occurs, the participants would become fully vested in their accounts and the distribution of the Plan's assets to participants or their beneficiaries would be made by the trustee of the Plan.

On February 1, 2019, the Employer sold substantially all of the assets of one of its wholly-owned subsidiaries to another Company (buyer). As part of the transaction, certain employees were terminated by the Employer and hired by the buyer. This resulted in a partial termination of the Plan since more than 20% of total Plan participants were terminated. All affected employees became fully vested in their account balances as of February 1, 2019.

Note 8: Plan Tax Status

The Plan obtained its latest determination letter dated July 26, 2010, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Employer and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The novel coronavirus (COVID-19) was declared a global pandemic by the World Health Organization in March 2020. The COVID-19 pandemic has negatively impacted the U.S. and global economies, lowered equity market valuations, created significant volatility and disruption in the capital markets, dramatically increased unemployment levels and has fueled concerns that it will lead to a global recession. Depending on the duration and severity of the pandemic, we foresee the potential for adverse impacts related to, among other things: (i) net investment income; and (ii) the valuation of investments held by the Plan. The full extent to which the COVID-19 pandemic will impact the Plan remains uncertain.

Note 10: Party-in-Interest Transactions

Parties-in-interest are defined under the Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Employer pays certain professional fees for the administration and audit of the Plan.

Effective September 1, 2015, JHTC replaced New York Life Trust Company (NYLIC) and assumed its duties and responsibilities. NYLIC still manages the stable value fund, but they are no longer a party of interest. Fees paid during 2020 were to investment advisors and other professional services of $60,818 and $71,066 to JHTC, net of revenue sharing credits received of $64,646. Fees paid during 2019 were to investment advisors and other professional services of $30,508 and $73,209 to JHTC, net of revenue sharing credits received of $73,104.

As of December 31, 2019, the Plan held 43,447 shares of common stock of Continental Materials Corporation (CMC) valued at $341,472. Net depreciation on the common stock for the year ended December 31, 2019 was $95,685. As CMC is the Plan Sponsor, this investment constituted a party-in-interest investment. This investment was sold in June 2020. In addition, notes receivable from participants also reflect party-in-interest transactions.

Note 11: Reconciliation of Financial Statement to Form 5500

The net assets available for benefits per the financial statements are higher than the Form 5500 at December 31, 2020 and 2019 by $913,476 and $620,459, respectively. The difference at December 31, 2020 and 2019 relates to contributions receivable and deemed distributions of participant loans. The net increase in net assets available for benefits per the financial statements is more than the net increase per the Form 5500 for the year ended December 31, 2019 by $293,017, which relates to the change in contributions receivable. The net decrease in net assets available for benefits per the financial statements is more than the net loss per the Form 5500 for the year ended December 31, 2019 by $376,669, which relates to the change in contributions receivable and deemed defaults.

Note 12: Subsequent Events

Subsequent events have been evaluated through June 18, 2021, which is the date the financial statements were available to be issued.
