Notes to Financial Statements

1. Description of the Plan

The following description of the PRA Holdings, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of PRA International Operations, Inc., Pharmaceutical Research Associates, Inc., and Research Pharmaceutical Services, Inc. (collectively the "Company") who have one month of service and are age 18 or older. The Administrative Committee of the Company controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (the "Trustee") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions and the suspension of required minimum distributions.

Contributions

Each year, participants may contribute compensation, as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax), and other additional after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

In 2020, the Company contributed 50 percent of the first 6 percent of compensation that a participant contributed to the Plan. Certain participants who were entered into the Plan as part of a merger are subject to alternate Company matching provisions. Additional amounts may be contributed at the discretion of the Company's board of directors. The Company made no additional contributions in 2020. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value collective trust fund as options.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, if any, and allocations of Plan earnings. The account is charged with benefit payments, transaction fees, and allocations of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Provision

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, if any, plus actual earnings thereon is based on years of continuous service. Participants are vested in Company contributions at 20% after each year of service. A participant is 100 percent vested after five years of credited service. Participants who were entered into the Plan as part of a merger are subject to alternate vesting requirements. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2020, outstanding loans bore interest rates of 3.25% - 7.00%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, retirement, or for other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount as provided by the Plan document. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$997,766 and \$828,313, respectively. These accounts will be used to reduce future Company contributions and pay Plan expenses. In 2020, forfeitures of \$811,818 were used to offset a true-up contribution related to the 2019 Plan year, and \$62,637 were used to offset Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through June 24, 2021, the date the financial statements were available to be issued.

On February 24, 2021, the Company entered into a definitive merger agreement with ICON plc (ICON), ICON US Holdings Inc. (US Holdco) and Indigo Merger Sub, Inc. (Merger Sub). Under the terms of the merger agreement, Merger Sub will merge with and into PRA, with PRA surviving as a wholly owned subsidiary of ICON and US HoldCo. Upon successful completion of the merger, the Company's stockholders will receive \$80.00 per share in cash and 0.4125 ICON ordinary shares for each share of the Company's common stock. The merger has received the required votes of the Company's stockholders and ICON shareholders, and obtained all required approvals under antitrust and foreign direct investment laws of certain jurisdictions. The merger, which is currently expected to close on July 1, 2021, is subject to the satisfaction or waiver of the remaining closing conditions under the merger agreement.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement

requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable value collective trust fund

This fund is valued at the net asset value ("NAV") of units of the collective fund, as provided by the Trustee. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 640,581,421</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 640,581,421</u>
Investments measure at NAV (a)				<u>20,773,726</u>
Investments at fair value				<u>\$ 661,355,147</u>

	Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 508,304,364</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 508,304,364</u>
Investments measure at NAV (a)				<u>14,383,808</u>
Investments at fair value				<u>\$ 522,688,172</u>

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

PRA Holdings, Inc. 401(k) Plan
Notes to Financial Statements

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value at December 31, 2020</u>	<u>Fair Value at December 31, 2019</u>	<u>Unfunded Commitments</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Stable Value Collective Trust Fund	\$ 20,773,726	\$ 14,383,808	None	Daily	12 months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that was obtained from data prepared and certified to be complete and accurate by the Trustee.

	<u>2020</u>	<u>2019</u>
Investments at fair value	<u>\$ 661,355,147</u>	<u>\$ 522,688,172</u>
Notes receivable from participants	<u>\$ 8,298,778</u>	<u>\$ 8,259,391</u>
Net appreciation in fair value of investments	<u>\$ 80,596,648</u>	
Interest and dividends	<u>\$ 20,331,123</u>	
Interest income on notes receivable from participants	<u>\$ 382,125</u>	

5. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Advisor, a related party to the Trustee. As described in Note 2, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers, including Fidelity Advisor. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid by the Plan for administrative services were \$166,154 for the year ended December 31, 2020. These transactions qualify as exempt party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

7. Income Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits (see Note 2).

In March 2020, the World Health Organization declared the outbreak and spread of COVID-19, a novel strain of Coronavirus, a pandemic. The coronavirus outbreak has had far reaching and unpredictable impacts on the global economy, supply chains, financial markets, and global business operations of a variety of industries. Governments have taken substantial action to contain the spread of the virus including mandating social distancing, suspension of certain gatherings, and shuttering of certain nonessential businesses.

There is significant uncertainty in the nature and degree of its continued effects on the Plan. The extent to which it will impact the Plan going forward will depend on a variety of factors including the duration and continued spread of the outbreak, impact on the Company’s customers, employees and vendors, as well as governmental, regulatory and private sector responses. Further, the pandemic may have a significant impact on management’s accounting estimates and assumptions.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2020 and 2019 financial statements to Schedule H of Form 5500 as of December 31:

	<u>2020</u>	<u>2019</u>
Net assets available for benefits per the financial statements	\$ 669,653,925	\$ 530,947,563
Cumulative defaulted principal and interest on participant loans not reflected on Form 5500	(75,699)	(61,432)
Adjustment from NAV to fair value for stable value collective trust fund	<u>727,585</u>	<u>193,929</u>
Net assets available for benefits per the Form 5500	<u>\$ 670,305,811</u>	<u>\$ 531,080,060</u>

The following is a reconciliation of the change in net assets per the financial statements for the year ended December 31, 2020 to Schedule H of Form 5500.

Net change in net assets per the financial statements	\$ 138,706,362
Cumulative difference in recognition of defaulted loans	(14,267)
Net change in adjustment from NAV to fair value for stable value collective trust fund	<u>533,656</u>
Net income per Form 5500	<u>\$ 139,225,751</u>

Differences in the Form 5500 and the financial statements are a result of the financial statements reporting notes receivables from participants and other loans to participants in default as an asset to the Plan and changes related to defaulted loans included in the current year, whereas the Form 5500 assumes defaulted loans as distributions. Additionally, the Form 5500 has been prepared using the fair value of the underlying investments held by stable value collective trust fund instead of using NAV as the practical expedient to estimate fair value (see Note 3).
