PRENTKE ROMICH COMPANY DBA PRC-SALTILLO DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Prentke Romich Company dba PRC-Salttillo Deferred Compensation Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan Administrator. Effective January 23, 2020, the Plan name was changed from the Prentke Romich Company Deferred Compensation Plan to the Prentke Romich Company dba PRC-Salttillo Deferred Compensation Plan.

General - The Plan is a defined contribution plan covering all eligible domestic employees of Prentke Romich Company dba PRC-Salttillo (the "Company") who are at least eighteen years of age and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000.
- Increased the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance.
- Extended the period for loan repayments, if applicable, up to one year.
- Temporary relief on required minimum distributions.

Contributions - Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also make Roth deferrals and contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may make discretionary matching and profit sharing contributions to the Plan. During 2020, the Company made discretionary matching contributions of 25% of the first 5% deferred from January 1, 2020 through June 30, 2020 and September 1, 2020 through December 31, 2020. There were no profit sharing contributions made for 2020. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate accounts, common/collective trusts and a guaranteed investment contract as investment options for participants.

PRENTKE ROMICH COMPANY DBA PRC-SALTILLO DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (Continued)

Vesting - Participants are immediately vested in their contributions and qualified nonelective contributions of the Company plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings thereon is based on years of service to the Company. A participant is 100% vested after three years of service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Under the CARES Act, the available loan limit was increased to \$100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year. This increased loan limit was only available to participants from March 27, 2020 through September 23, 2020.

Payment of benefits – On termination of service as defined, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account or a single-sum payment of a portion of their account balance. Participants may also withdraw amounts from their accounts under certain defined conditions.

The CARES Act permits eligible Plan participants to request special penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. The coronavirus-related distributions waived the 10% early withdrawal penalty and were only available to participants between January 1, 2020 and December 31, 2020.

Forfeited accounts – At December 31, 2020, forfeited nonvested account balances totaled \$1,052. There were no forfeited nonvested account balances at December 31, 2019. Forfeited accounts may be used to first reduce plan expenses and then to reduce employer contributions. In 2020, employer contributions were reduced by \$7,700 from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

PRENTKE ROMICH COMPANY DBA PRC-SALTILLO DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (Continued)

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 6 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(3) Information prepared and certified by the custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company ("Principal"), the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Investment at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

(3) **Information prepared and certified by the custodian (Continued)**

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(5) **Fully benefit-responsive investment contract**

The Plan has a fully benefit-responsive guaranteed investment contract ("GIC") with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer, but may not be less than 0%. The crediting interest rate is reviewed on a semiannual basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would limit the ability of the Plan to transact at contract value with the participants.

(6) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts and pooled separate accounts: Valued at the NAV of units. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

(6) Fair value measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3
	Total		
Mutual funds	<u>\$ 2,618,770</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV ^{(a)(b)}			<u>16,618,703</u>
Total investments at fair value			<u>\$ 19,237,473</u>

Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3
	Total		
Mutual funds	<u>\$ 2,298,888</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV ^{(a)(b)}			<u>13,410,346</u>
Total investments at fair value			<u>\$ 15,709,234</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(b) The common/collective trusts and pooled separate accounts listed above are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2020 to Form 5500:

Net increase per the financial statements	\$ 3,371,960
Excess contributions payable	<u>(4,093)</u>
Net income per Schedule H of the Form 5500	<u>\$ 3,367,867</u>

(8) **Tax status**

The Internal Revenue Service has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed Principal of such in a letter dated March 31, 2014. Although the prototype plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) **Related party transactions and party-in-interest transactions**

Certain Plan investments are units of pooled separate accounts and common collective trusts managed by Principal, and a guaranteed investment contract sponsored by Principal. Principal is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

PRENTKE ROMICH COMPANY DBA PRC-SALTILLO DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

(9) **Related party transactions and party-in-interest transactions (Continued)**

Principal provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MAS) between the Company and Principal. Principal receives revenue from certain investment fund service providers for services Principal provides to the funds. This revenue is used to offset certain amounts owed to Principal for its administrative services to the Plan.

If the revenue received by Principal from such service providers exceeds the amount owed under the MSA, Principal remits the excess to the Plan's trust on a monthly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2020 and 2019 there were no excess amounts. The Plan or Plan Sponsor may make payment to Principal for administrative expenses not covered by revenue sharing.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to Principal of \$74,844 in 2020, which were not covered by revenue sharing. The plan sponsor pays directly any other fees related to the Plan's operations.

(10) **Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2020 and 2019, approximately 24.1% and 21.4% of the Plan's investments were invested in the Principal Lifetime Hybrid 2030 Fund, respectively.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of the coronavirus outbreak (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID 19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been a heightened market risk and the Plan's investment portfolio has experienced volatility in fair value in response to changing market conditions, which has been reflected within the net appreciation in fair value of investments reported in the statement of changes of net assets available for benefits.

(11) **Subsequent events**

The Plan has evaluated events through July 6, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
