PROCESS PLUS, LLC 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Process Plus, LLC (the “Company”) 401(k) Retirement Savings Plan (the “Plan”) provides only general information. For a more complete description of the Plan’s provisions, refer to the agreement governing the Plan (the “Plan Agreement”).

General

The Plan is a defined contribution plan covering all employees of the Company who have completed one month of service and are at least twenty-one years of age. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended. Enrollment in the plan is allowed on the first day of the quarter following the date the employee becomes eligible to participate.

Contributions

Participants may elect to contribute a specific percentage or dollar amount of compensation, as defined in the Plan Agreement, up to the total annual deferral limit set by law. Participants may also contribute amounts representing distributions from other qualified plans. Additional matching contributions may be made at the discretion of the Company’s management. Participants direct the investment of all contributions among various investment options offered by the Plan.

Participant Accounts

Participant accounts are valued on a daily basis based on quoted market prices. Each account is credited with the participant’s contributions, the Company’s matching contributions, and allocations of net investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company’s matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service on an evenly graduated scale. A participant is 100% vested after four years of credited service or when they reach the age of 59 ½.

Investment Options

Upon enrollment in the Plan, participants may direct contributions among investment choices offered by the Plan. Participants may change their investment options on any business day. There are no non-participant-directed investments in the Plan. All investments are allocated based upon the participants’ elections.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Loans

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan terms for repayment range from one to five years or up to ten years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator based on prevailing interest rates for similar loans. Principal and interest is paid ratably through monthly payroll deductions.

Benefits

On termination of service due to death, a Beneficiary will receive the death benefit in a single lump-sum payment. On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or defer payments according to current laws concerning required distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited funds may be used by the plan sponsor to pay Plan administrative expenses or reduce future Company contributions. Unallocated forfeiture balances were \$12,082 and \$21,761 as of December 31, 2020 and 2019, respectively. \$37,141 and \$34,947 of the forfeiture balance was used to reduce employer contributions in 2020 and 2019, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 11 for a discussion of fair value measurements.

PROCESS PLUS, LLC 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 and 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The net appreciation or depreciation in the fair value of investments is reflected in the Statements of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Market conditions may result in an unusually high degree of volatility and increase the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Plan Administration Costs

The Company absorbs significant costs of Plan administration related to legal, accounting, recordkeeping, and general administration. Investment advisory fees and other expenses related to the administration of the Plan are paid either by the Plan, the Company, or the participants.

Payment of Benefits

Benefits are recorded when paid.

Accounting for Participant Loans

Participant loans are classified as notes receivable for GAAP purposes and measured at the unpaid principal plus accrued but unpaid interest, when such interest is material.

NOTE 3 – INVESTMENTS

The Plan's investments (including interest; dividends; and gains and losses on investments bought and sold, as well as held during the year) increased in value by \$4,024,091 and \$3,811,414 in 2020 and 2019, respectively.

NOTE 4 – RECORDKEEPING AND CUSTODIAN AGREEMENTS

Record keeping services are performed by Fidelity Investments Institutional Operations Company and trustee services are provided by Fidelity Management Trust Company.

PROCESS PLUS, LLC 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 and 2019

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are shares of various mutual funds which are managed by Fidelity Management Trust Company, who has been designated as the trustee. The Company did not pay any fees to the plan sponsor during 2020 and 2019. In addition, the Company provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan has adopted a standardized form of a prototype plan offered by Fidelity Management Trust Company, who has represented that the prototype plan qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes the Plan was designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's tax returns are subject to examination by Federal authorities for a period of three years after the filing deadlines of those returns. Tax returns for the years 2017 to 2020 remain open to examination.

NOTE 8 – PLAN AMENDMENTS

The Plan has been amended and restated as necessary to comply with recent legislative actions. The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were assessed and the loan repayment deferment option has been implemented to date.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The amounts reported as net assets available for benefits and contributions from participants are presented in the financial statements on an accrual basis, whereas amounts reported on Schedule H of Form 5500 are presented on a cash basis. Therefore, excess contributions payable are not reflected as liabilities or reductions to contributions on Schedule H of Form 5500. There are no amounts allocated to withdrawing participants recorded on the financial statements that were not included on Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

Net assets available for benefits per the financial statements at December 31, 2020 agreed to the Form 5500 with no exception. The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 to the Form 5500.

NOTE 10 – INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified as to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the years ended December 31, 2020 and 2019. Accordingly, as permitted under this election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information, except for comparing such information to the information included in the Plan's financial statements and supplemental schedule.

NOTE 11 – FAIR VALUE MEASUREMENTS

SFAS 157 establishes a framework for measuring fair value which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level I measurements) and the lowest priority to unobservable inputs (level III measurements). The three levels of the fair value hierarchy under SFAS 157 are described as follows:

- | | |
|-----------|---|
| Level I | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level II | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets• Quoted prices for identical or similar assets or liabilities in inactive markets• Inputs other than quoted prices that are observable for the asset or liability• Inputs that are derived principally from or corroborated by observable market data by correlation or other means <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level III | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds and equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

For The Years Ended December 31, 2020 and 2019

NOTE 11 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020.

NOTE 12 – SUBSEQUENT EVENTS

Management reviews events and transactions occurring subsequent to the date of the financial statements for matters requiring potential recognition or disclosure in the financial statements. The Company has evaluated subsequent events through June 25, 2021, the date the financial statements were available to be issued.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in volatility in financial markets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

PROCESS PLUS, LLC 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 and 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Process Plus, LLC (the “Company”) 401(k) Retirement Savings Plan (the “Plan”) provides only general information. For a more complete description of the Plan’s provisions, refer to the agreement governing the Plan (the “Plan Agreement”).

General

The Plan is a defined contribution plan covering all employees of the Company who have completed one month of service and are at least twenty-one years of age. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended. Enrollment in the plan is allowed on the first day of the quarter following the date the employee becomes eligible to participate.

Contributions

Participants may elect to contribute a specific percentage or dollar amount of compensation, as defined in the Plan Agreement, up to the total annual deferral limit set by law. Participants may also contribute amounts representing distributions from other qualified plans. Additional matching contributions may be made at the discretion of the Company’s management. Participants direct the investment of all contributions among various investment options offered by the Plan.

Participant Accounts

Participant accounts are valued on a daily basis based on quoted market prices. Each account is credited with the participant’s contributions, the Company’s matching contributions, and allocations of net investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company’s matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service on an evenly graduated scale. A participant is 100% vested after four years of credited service or when they reach the age of 59 ½.

Investment Options

Upon enrollment in the Plan, participants may direct contributions among investment choices offered by the Plan. Participants may change their investment options on any business day. There are no non-participant-directed investments in the Plan. All investments are allocated based upon the participants’ elections.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Loans

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan terms for repayment range from one to five years or up to ten years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator based on prevailing interest rates for similar loans. Principal and interest is paid ratably through monthly payroll deductions.

Benefits

On termination of service due to death, a Beneficiary will receive the death benefit in a single lump-sum payment. On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or defer payments according to current laws concerning required distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited funds may be used by the plan sponsor to pay Plan administrative expenses or reduce future Company contributions. Unallocated forfeiture balances were \$12,082 and \$21,761 as of December 31, 2020 and 2019, respectively. \$37,141 and \$34,947 of the forfeiture balance was used to reduce employer contributions in 2020 and 2019, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 11 for a discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2020 and 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The net appreciation or depreciation in the fair value of investments is reflected in the Statements of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Market conditions may result in an unusually high degree of volatility and increase the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Plan Administration Costs

The Company absorbs significant costs of Plan administration related to legal, accounting, recordkeeping, and general administration. Investment advisory fees and other expenses related to the administration of the Plan are paid either by the Plan, the Company, or the participants.

Payment of Benefits

Benefits are recorded when paid.

Accounting for Participant Loans

Participant loans are classified as notes receivable for GAAP purposes and measured at the unpaid principal plus accrued but unpaid interest, when such interest is material.

NOTE 3 – INVESTMENTS

The Plan's investments (including interest; dividends; and gains and losses on investments bought and sold, as well as held during the year) increased in value by \$4,024,091 and \$3,811,414 in 2020 and 2019, respectively.

NOTE 4 – RECORDKEEPING AND CUSTODIAN AGREEMENTS

Record keeping services are performed by Fidelity Investments Institutional Operations Company and trustee services are provided by Fidelity Management Trust Company.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are shares of various mutual funds which are managed by Fidelity Management Trust Company, who has been designated as the trustee. The Company did not pay any fees to the plan sponsor during 2020 and 2019. In addition, the Company provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan has adopted a standardized form of a prototype plan offered by Fidelity Management Trust Company, who has represented that the prototype plan qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes the Plan was designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's tax returns are subject to examination by Federal authorities for a period of three years after the filing deadlines of those returns. Tax returns for the years 2017 to 2020 remain open to examination.

NOTE 8 – PLAN AMENDMENTS

The Plan has been amended and restated as necessary to comply with recent legislative actions. The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were assessed and the loan repayment deferment option has been implemented to date.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The amounts reported as net assets available for benefits and contributions from participants are presented in the financial statements on an accrual basis, whereas amounts reported on Schedule H of Form 5500 are presented on a cash basis. NOTE 10 – INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified as to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the years ended December 31, 2020 and 2019. Accordingly, as permitted under this election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information, except for comparing such information to the information included in the Plan's financial statements and supplemental schedule.

NOTE 11 – FAIR VALUE MEASUREMENTS

SFAS 157 establishes a framework for measuring fair value which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level I measurements) and the lowest priority to unobservable inputs (level III measurements). The three levels of the fair value hierarchy under SFAS 157 are described as follows:

- | | |
|-----------|---|
| Level I | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level II | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets• Quoted prices for identical or similar assets or liabilities in inactive markets• Inputs other than quoted prices that are observable for the asset or liability• Inputs that are derived principally from or corroborated by observable market data by correlation or other means <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level III | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds and equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

NOTE 11 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020.

NOTE 12 – SUBSEQUENT EVENTS

Management reviews events and transactions occurring subsequent to the date of the financial statements for matters requiring potential recognition or disclosure in the financial statements. The Company has evaluated subsequent events through June 25, 2021, the date the financial statements were available to be issued.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in volatility in financial markets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.
