The Participants and Plan Administrator
Lamps Plus 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements (modified cash basis) of Lamps Plus 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2020, and the related notes to the financial statements (modified cash basis).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2 to the financial statements; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements (modified cash basis).

Other Matter – Basis of Accounting

As disclosed in Note 2 of the financial statements, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter – Report on Supplemental Schedules

Note 1 – Description of Plan

The following description of the Lamps Plus 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

General – The Plan was established on June 1, 1998, and has been subsequently amended to comply with certain Internal Revenue Code (IRC) revisions. The Plan is a qualified defined contribution plan covering full-time regular employees of the Lamps Plus Group (the "Company") who have at least one year of service and are at least 21 years of age. One thousand hours of service shall be required to constitute a year of eligibility. Fidelity Management Trust Company serves as the trustee of the Plan and Fidelity Investments Institutional Operations Company, Inc., serves as the record-keeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Every participant who has a salary deferral election shall have that salary deferral automatically increase by 1% on their enrollment anniversary up to 6%.

Contributions – Each year, participants may contribute up to 20% of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. The Company may make additional discretionary contributions, which shall be allocated to each eligible employee in proportion to his or her compensation as a percentage of the compensation of all eligible employees. No such additional discretionary contributions were made during the year ended December 31, 2020. The Plan allows eligible participants to make catch-up contributions in accordance with and subject to the limitations of IRC Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant accounts – Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's matching and additional discretionary contributions, and allocations of plan earnings and losses. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Notes receivable from participants – Participants may borrow from their fund accounts in increments of $1,000, up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. The term of participant loans generally may not exceed five years, unless used for a home loan. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest that approximates the prime rate on the date of the loan as specified in "The Wall Street Journal," plus 1%. Principal and interest are paid through payroll deductions. Upon termination of employment, the outstanding loan balance is deemed as a taxable distribution to the participant. As of December 31, 2020, participant loans have maturities through September 2030 at interest rates ranging from 4.25% to 8.75%. Loans in default as of December 31, 2020 and 2019, were $79,287 and $30,160, respectively.

Investments – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market fund, a commingled pooled fund, and various mutual funds as investment options for participants.

Vesting – Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of credited service. A participant is fully vested after three years of credited service, as follows:

Years of Service	Vesting Percentage
Less than two years	0%
Two years	50%
Three or more years	100%

Vesting credit for employees of the Company is determined using the elapsed time method. Under the elapsed time method, hours of service are not counted and instead periods of service are computed. A period of service is determined based on the time a participant works for the Company. Only whole years of service are counted towards computing years of service for vesting purposes.

Payment of benefits – A participant's vested plan benefits will be distributed at retirement, death, disability, or termination of employment. For termination due to retirement, death, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum. A participant may withdraw all or a portion of his or her contributions (plus earnings) and Company matching and discretionary contributions (plus earnings) for any reason after reaching age 59 1/2 or prior to reaching age 59 1/2 in the case of hardship (as described in the Plan Document).

Forfeited accounts – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $36,972 and $16,896, respectively. For the year ended December 31, 2020, $6,835 of forfeitures were used to pay for administrative plan expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements of the Plan have been prepared using a modified cash basis of accounting. Under the modified cash basis of accounting, loan repayments, fund transfers, distributions, and expenses are recognized when received or paid.

Purchases and sales are recorded on the trade date. Interest income and dividends are recorded on a cash basis. Net appreciation in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year. See Note 3 for further information regarding the fair value measurement of the Plan's investments.

Use of estimates – The preparation of financial statements (modified cash basis) requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation – The Plan's investments are stated at fair value.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Document.

Payment of benefits – Benefit payments to participants are recorded upon distribution. As of December 31, 2020 and 2019, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid.

Administrative expenses – Administrative expenses incurred by the Plan may be paid by the Company directly or from forfeited participant accounts or funds held as assets of the Plan at the discretion of the Plan's management.

Subsequent events – Subsequent events were evaluated through June 30, 2021, the date the financial statements (modified cash basis) were available to be issued.

Note 3 – Fair Value Measurements

Accounting Standards Codification (ASC) 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices for identical assets and liabilities the plan has the ability to access; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. For a description of the specific inputs and valuation techniques used to measure the fair value of the Fidelity Managed Income Portfolio, refer to Note 4.

Note 3 – Fair Value Measurements (continued)

Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Money market funds are managed to maintain a constant value of $1 per share. Underlying investments are valued at amortized cost, which approximates fair value due to the short-term maturity of those investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end. The commingled pooled fund is valued at the NAV of units of a bank collective trust. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV of the commingled pooled fund is based on the fair value of the underlying investments held by the fund less its liabilities.

Management fees and operating expenses charged to the Plan for investments in the money market fund, mutual funds, and the commingled pooled fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2020:

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 953,782	$ -	$ -	$ 953,782
Mutual funds	48,737,659	-	-	48,737,659
Total assets in the fair value hierarchy	$ 49,691,441	$ -	$ -	49,691,441
Investments measured at NAV (practical expedient)				1,320,423
Investments at fair value				$ 51,011,864

Note 3 – Fair Value Measurements (continued)

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2019:

	Fair Value Measurement at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 784,529	$ -	$ -	$ 784,529
Mutual funds	42,122,501	-	-	42,122,501
Total assets in the fair value hierarchy	$ 42,907,030	$ -	$ -	42,907,030
Investments measured at NAV (practical expedient)				1,288,818
Investments at fair value				$ 44,195,848

Note 4 – Commingled Pooled Fund

The Fidelity Managed Income Portfolio (the "Fund") is a commingled pooled fund sponsored by Fidelity Management Trust Company that invests in guaranteed investment contracts. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV of $1 per unit. Distribution to the Fund's unit-holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of $1 per unit; although, there is no guarantee that the Fund will be able to maintain this value.

There are no restrictions within the Fund related to frequency or notice periods for redemptions out of the Fund; however, the Fund may take up to 12 months to fulfill a payout in the event that withdrawals are directed by the plan sponsor. Any transfers out of the Fund must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

Note 5 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits (modified cash basis) as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2020.
- Investments reflected on the schedule of assets (held at end of year).

Note 6 – Party-in-Interest Transactions

Certain plan investments are shares of money market funds, mutual funds, and commingled pooled funds that are managed by Fidelity Investments Institutional Operations Company, Inc. Fidelity Investments Institutional Operations Company, Inc., is owned by the same party that owns Fidelity Management Trust Company, and therefore, these transactions qualify as exempt party-in-interest transactions. However, such transactions are exempt from the prohibited transaction rules of ERISA and the IRC. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 8 – Tax Status

The Plan uses a volume submitter profit-sharing Plan Document sponsored by Fidelity Management & Research Co. Fidelity Management & Research Co. received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the Plan satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements (modified cash basis).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize an income tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements (modified cash basis). The Plan is subject to routine audits by taxing jurisdictions.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 9 – Risks and Uncertainties (continued)

During March 2020, the World Health Organization characterized the outbreak of a novel coronavirus (COVID-19) as a pandemic. A variety of federal, state, and local governments have taken actions in response to COVID-19. The effects of the pandemic have ranged by jurisdiction with a variety of health and economic consequences, the final scope of which are not currently known or quantifiable.

Note 10 – Delinquent Contributions

As disclosed in the accompanying supplemental schedule, during the month of April 2020 one pay period of employee deferrals in the amount of $10,560 was not remitted to the Plan within the timeframe required by the Department of Labor. The Company determined the amount of related lost earnings and remitted those amounts to participants' accounts in 2020. The Company additionally determined the amount of related lost earnings for prior year's delinquent contribution in the amount of $46,052 and remitted those related lost earnings amounts to participants' accounts in 2020.
