HOWARD

July 2, 2021

Mr. Charles LaFrano, CFO
Ms. Kimberly Larsen, Vice President of Human Resources
Culinaire International, Inc. 401(k) Profit Sharing Plan
Dallas, Texas

We are pleased to present the results of our audit of the 2020 financial statements the Culinaire International, Inc. 401(k) Profit Sharing Plan (the "Plan").

This report is to those charged with governance of the Plan, who are responsible for overseeing the strategic direction of the entity and obligations related to the fiduciary responsibilities of the Plan. These obligations include overseeing the financial reporting process, the scope of our engagement, the report issued, and observations related to the Plan's financial information. The document also contains the communications required by our professional standards as well as current accounting developments and issues that could or will affect the Plan.

The audit was designed to express an opinion, as allowed by 29 CFR 2520.103-8, on the 2020 financial statements. We considered the Plan's current needs, along with an assessment of risks that could materially affect the financial statements and aligned our audit procedures accordingly. We conducted the audit with the objectivity and independence that you expect, and we received the full support and assistance of the Plan's personnel.

This report is intended solely for the information and use of those charged with governance and the Plan's Management, and is not intended to be and should not be used by anyone other than these specified parties.

We welcome the opportunity to meet with you to discuss our findings in more detail.

Very truly yours,

HOWARD, LLP

2020 Audit Results

Summary of What We Agreed to Do

As discussed with you during our planning process, our audit plan represented an approach responsive to the assessment of risk for the Plan. Specifically, we designed our audit in accordance with Department of Labor requirements and to provide those charged with governance with our management letter comments.

Areas of Audit Emphasis

The principal areas of audit emphasis were as follows:

- Consideration of management's system of internal control, including those located at the Custodian, over financial reporting in order to determine our auditing procedures
- Participant Eligibility
- Participant elective deferrals and Sponsor's matching amounts
- Distributions
- Participant loans
- Usage of forfeited employer contributions
- Valuation of investments along with certification of values by the Plan Custodian
- Compliance required under ERISA and the Department of Labor, including completion and review of the 5500 for consistency and accuracy related to the financial statements.
- Performance of discrimination testing and distribution of excess contributions in a timely manner
- Assist management with the drafting of the annual financial statements, including footnotes and reconciliation of Schedule H to the 5500
- Effect of COVID-19 on the plan's financial reporting
- Implementation of CARES Act and Secure Act provisions, as adopted

Required Communications

Auditing Standards require the auditor to provide those charged with governance with additional information regarding the scope and results of the audit that may assist management in overseeing its financial reporting and disclosure process.

Area	Comments
Auditors Responsibilities Under Generally Accepted Auditing Standards (GAAS) The financial statements are the responsibility of management. Our responsibilities are to perform the audit in accordance with auditing standards generally accepted in the United States, to form and express an opinion about whether the financial statements that have been prepared by management with the oversight of those charged with governance are presented fairly, in all material respects, in conformity with generally accepted accounting principles, and to communicate significant matters related to the financial statement audit that are, in our professional judgment, relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. An audit conducted in accordance with generally accepted auditing standards is designed to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. The audit does not relieve management or those charged with governance of their responsibilities. We were not engaged to perform an audit of internal control. Rather our audit considered internal control over financial reporting as a basis for designing our audit procedures that were appropriate under the circumstances. We have not expressed an opinion on the Plan's system of internal accounting control.	Our audit report indicates that we did not perform procedures in connection with certain investment information. Accordingly, we expressed an unmodified opinion on the information, excluding certified investment information, in accordance with 29 CFR 2520.103-8. The other information is examined in accordance with auditing standards generally accepted in the United States and that the Plan's financial statements are presented in compliance with the appropriate regulations. In regards to 103(a)(3)(C) audits, this is the highest level of comfort that auditors can provide. Our communication of significant matters related to the audit is included in this letter.

Area	Comments
Qualitative Aspects of the Plan's Accounting Practices – Accounting Policies Management is informed of the appropriateness of the accounting policies, considering the need to balance the cost of providing information with the likely benefit to users of the financial statements, the initial selection of and changes in significant accounting policies or their application, including the application of new accounting pronouncements, the effect of significant accounting policies in controversial or emerging areas (or those unique to an industry), and the effect of the timing of transactions in relation to the period in which they are recorded.	All significant accounting policies are described in the notes to the financial statements. We evaluate the propriety of and compliance with stated accounting principles as part of our audit.
Qualitative Aspects of the Plan's Accounting Practices – Accounting Estimates Management is informed of the process for identifying items for which estimates are significant, the risks of material misstatement, and indicators of possible management bias. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosures at the dates of the financial statements and the reported amounts of income and expenses during the reporting periods. Management bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. Actual results could differ from those estimates under different assumptions or conditions.	As part of our audit procedures, we consider management's process for evaluating its estimates and judgments, including investments. Due to the nature of 103(a)(3)(C) audits, the estimation of investment valuation is performed by the Plan Custodian at management's request. Management's process for evaluating and preparing estimates appears appropriate.

Area	Comments
Qualitative Aspects of the Plan's Accounting Practices – Financial Statement Disclosures Management is informed about the issues involved, and related judgments made, in formulating particularly sensitive financial disclosures.	As part of our audit procedures, we consider management's process for determining financial disclosures, including: • Significant accounting policies • Information certified by the Plan Custodian • Excess contributions
Qualitative Aspects of the Plan's Accounting Practices – Related Matters Management is informed about the potential effect on the financial statements of significant risks, exposures, and uncertainties that are disclosed in the financial statements, the extent to which the financial statements are affected by unusual transactions, and the factors affecting asset and liability carrying values.	As described in your financial statements, the Plan is subject to the risks that actual results can differ from the estimates described above and that the effects of those differences could be material.
All Material Alternative Treatments Discussed with Management We report all alternative treatments within generally accepted accounting principles for policies and practices related to material items (including recognition, measurement, presentation, and disclosure alternatives) that have been discussed with management during the current audit period.	We noted no such alternative treatments available to management.
Unadjusted Audit Differences other than Those We Considered Trivial	We noted no such items
Significant Recorded Audit Adjustments	None noted
Fraud and Illegal Acts We report to management fraud and illegal acts that cause a material misstatement of the financial statements.	We are not aware of any fraud or illegal acts as a result of our procedures.

Area	Comments
Deficiencies in Internal Control	No items noted that rise to the level of a significant deficiency or material weakness.
Other Information in Documents Containing Audited Financial Statements	Not applicable
Disagreements with Management on financial Accounting and Reporting Matters	None
Major Issues Discussed with Management Prior to Retention	None
Consultation with Other Accountants	None to our knowledge
Independence Consistent with the report and recommendations of the Blue Ribbon Committee on Improving the Effectiveness of Corporate Audit Committees and as required by Independence Standards Board Standard No. 1, *Independence discussions with Audit Committees*; we communicate, at least annually, the following to management: 1. Disclose, in writing, all relationships between Howard, LLP and our related entities and the Plan and its related entities that, in our professional judgment, may reasonably be thought to bear on independence; 2. Confirm in writing that, in our professional judgment, we are independent of the Plan; and 3. Discuss our independence with management.	1. We are not aware of any relationships between Howard, LLP and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence. 2. Relating to our audit of the financial statements of the Plan as of December 31, 2020 and for the year then ended, we are independent certified public accountants with respect to the Plan within the meaning of the applicable published pronouncements of the Independence Standards Board, and under Rule 101 of the American Institute of Certified Public Accountants' Code of Professional Conduct, its interpretations and ruling. 3. We would welcome the opportunity to discuss the matters addressed above.

INDEPENDENT AUDITOR'S REPORT

To 401(k) Plan Committee
Culinaire International, Inc. 401(k) Profit Sharing Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Culinaire International, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ABC Company Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To 401(k) Plan Committee
Culinaire International, Inc. 401(k) Profit Sharing Plan
Dallas, Texas

We were engaged to audit the accompanying statement of net assets available for benefits of Culinaire International, Inc. 401(k) Profit Sharing Plan (the “Plan”) as of December 31, 2019, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on the 2019 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian, Fidelity Management Trust Company, holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2019 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statement. Accordingly, we do not express an opinion on the 2019 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2019 financial statement and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Culinaire International, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

In preparation of these financial statements and related footnotes, management has considered events through July 2, 2021, the date these financial statements were available to be issued.

General – The Plan is a defined contribution profit sharing plan adopted as of January 1, 1996, by Culinaire International, Inc. (the "Company"). All employees of the Company who have 2 months of service and are 18 years of age or older are eligible to participate. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is defined by Section 401 (k) of the Internal Revenue Code.

Plan Year – The plan year begins January 1 and ends December 31.

Contributions – Each year, participants may contribute up to 90 percent of pretax or post tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company can contribute, at the discretion of the board of directors, discretionary contributions and matching contributions which equal 25 percent of each participant's first ten percent of compensation contributed as elective deferrals. Contributions are recorded as they become receivable. Contributions are subject to certain limitations as defined in the Plan and required by ERISA.

Rollovers – Participants may transfer retirement savings from other qualified savings plans at other plan sponsors into the Plan.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. The forfeited amounts may be used to reduce future Company contributions. The forfeiture balance as of December 31, 2020 and 2019 was $12,539 and $26,076, respectively. During the year ended December 31, 2020, the Company used $32,898 in forfeitures to reduce Company contributions.

Participant Accounts – Each participant's account is credited with (1) the participant's contribution, (2) participant's rollover amount from another qualified plan, and (3) allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administration expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Payment of Benefits – Distributions to a participant or to the beneficiaries of the participant are made in a lump sum upon retirement, death, disability, or other termination of employment. Distributions equal the value of the participant's vested balance in his or her account. Benefits are recorded when paid.

Loans to Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their account balance. Loan terms range from one to five years, unless loan funds are used to acquire a participant's principal residence, in which case it may exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through regular payroll deductions.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions in any of several investment mutual fund options.

Vesting – Participants are fully vested at all times in their elective deferral account and rollover account plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. The vesting schedule is as follows:

Year of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

2. Summary of the Accounting Policies

Basis of Presentation – The financial statements of the Plan are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the date paid to the Plan's investment account.

Investment Valuation – The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

2. Summary of the Accounting Policies (continued)

Investment Valuation (continued) – Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statement and the reported amount of revenues and expenses for the year then ended. Actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in the fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation of fair value of investments.

3. Fair Value Measurements

Generally accepted accounting principles establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements (continued)

Level 2 - Inputs to the valuation methodology include:

1) Quoted prices for similar assets or liabilities in active markets
2) Quoted prices for identical or similar assets or liabilities in inactive markets
3) Inputs other than quoted prices that are observable for the asset or liability
4) Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value on a recurring basis and recognized in the accompanying 2020 and 2019 statement of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets recognized in the accompanying statements of net assets available for benefits measured at fair value on recurring basis as of December 31, 2020 and 2019:

December 31, 2020	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 9,891,746	$ 9,891,746	$ -	$ -
	$ 9,891,746	$ 9,891,746	$ -	$ -

December 31, 2019	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1) Inputs	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 9,816,247	$ 9,816,247	$ -	$ -
	$ 9,816,247	$ 9,816,247	$ -	$ -

4. Information Prepared and Certified by Plan Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	2020	2019
Investments, at fair value	$ 9,891,746	$ 9,816,247
Guaranteed accounts, at contract value	189,445	359,988
Participant loans receivable	76,852	70,132
Investment income	1,123,965	**

**The 2019 investment income and interest are not included in the accompanying financial statement.

5. Investment Contract with Insurance Company

The Plan is invested in a fully benefit-responsive guaranteed investment contract. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rates for December 31, 2020 and 2019 were 2.35% and 2.46%, respectively, which are based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

5. Investment Contract with Insurance Company (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The guaranteed investment contract does not permit the investment company to terminate the agreement prior to the scheduled maturity date.

6. Parties-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company, custodian, auditor, the Plan’s employees and third-party administrator qualify as party-in-interest transactions. Additionally, the Plan invests in certain funds managed by the plan custodian which qualify as party-in-interest transactions.

7. Income Taxes

The company adopted a prototype plan. The prototype plan received an opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company has amended the Plan since the date of the opinion letter; however, the Company believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, net assets of the Plan will be distributed to participants and beneficiaries as prescribed by the terms of the Plan. Participants will become 100 percent vested in their accounts.

9. Partial Plan Termination

On August 19, 2020, the Plan filed for a partial plan termination as a result of significant layoffs. Affected employees are fully vested in their account balance including all employer match contributions as of the date of a partial plan termination regardless of the plan's vesting schedule.

10. Reconciliation of Financial Statements to the Form 5500

The following schedule reconciles net assets available for benefits as presented in form 5500 and the financial statements as of:

December 31,	2020	2019
Net assets available for benefits – financial statements	$ 10,158,043	$ 10,280,207
Contributions receivable, current year	-	(33,840)
Net assets available for benefits – Form 5500	$ 10,158,043	$ 10,246,367

The following schedule reconciles the net change in net assets reflected in the financial statements to Form 5500 for the year ended:

December 31, 2020	
Net decrease in net assets	$ (122,164)
Add: Contribution receivable, prior year	33,840
Net decrease – Form 5500	$ (88,324)

11. Coronavirus Aid, Relief, and Economic Security ("CARES") Act

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have been extremely volatile.

Effective April 1, 2020, the Plan adopted the distribution provision of the CARES Act that was signed into law on March 27, 2020. A CARES Act distribution allowed the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Additionally, the deferral provision adopted by the Plan allowed qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.
