1. DESCRIPTION OF PLAN

The following description of Parsons Company, Inc. Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Parsons Company, Inc. and IPI Co. (collectively referred to as the Company). Employees are eligible for Plan entry once the age of 21 is attained and upon completion of one year of service in which the participant worked at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100 percent of their annual compensation, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may make modifications to their contributions quarterly and terminate their contributions at their discretion.

The Company contributes 25 percent of the first 4 percent of base compensation a participant contributes to the Plan. The Company does not match on catch-up contributions.

The Company may make discretionary profit sharing contributions that are based on total eligible compensation. For the year ended December 31, 2020, the Company made a discretionary profit sharing contribution of 7% of gross wages of eligible employees. For the year ended December 31, 2019, the Company made a discretionary profit sharing contribution of 8% of gross wages of eligible employees.

Contributions are subject to certain limitations as mandated by the IRC.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on covered years of service. Vesting in employer matching and discretionary contributions is based on the following table:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants become 100 percent vested upon normal retirement age, death, or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to the maximum equal to the lesser of $50,000 or 50 percent of their vested account balance, less defaulted loans (if any). Certain loan payments may have been elected to be suspended from March 27, 2020 through December 31, 2020. The loans are secured by the balances in the participants' accounts and bear interest at rates that range from 3.25 to 5.5 percent, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account or annuity payments over a certain term. In addition, during 2020 the Plan allowed for distributions up to $50,000 for participants impacted by COVID related illness or financial burden.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation of fair value of investments.

Forfeited Accounts

The following table sets forth a summary of changes in the forfeiture account for the years ended December 31, 2020 and 2019. The amounts remaining will be used in accordance with the applicable Plan provisions.

	2020	2019
BALANCE, BEGINNING OF YEAR	$ 12,183	$ -
Additions to forfeitures	90,910	32,274
Used to reduce administrative expenses	(3,602)	-
Used to reduce employer contributions	(52,957)	(20,091)
BALANCE, END OF YEAR	$ 46,534	$ 12,183

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Defaulted notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements.* ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. This has been applied for the year ended December 31, 2020 with no significant impact on the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through July 8, 2021, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability,

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts: Investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV is a readily determinable fair value and is the basis for current transactions.

3. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Market Value as of December 31, 2020			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,968,743	$ -	$ -	$ 20,968,743
Collective trusts	1,903,010	-	-	1,903,010
TOTAL	$ 22,871,753	$ -	$ -	$ 22,871,753

	Assets at Fair Market Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,450,162	$ -	$ -	$ 20,450,162
Collective trusts	1,696,292	-	-	1,696,292
TOTAL	$ 22,146,454	$ -	$ -	$ 22,146,454

4. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2020 and 2019 has been certified as complete and accurate by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, and net appreciation in fair value of investments.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

6. TAX STATUS

The prototype plan sponsor has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself and has been amended since the date of the opinion letter; however, the plan administrator believes that the Plan was designed, and is being operated, in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative expenses were paid by the Plan or the Company. The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. RISKS AND UNCERTAINTIES (Continued)

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets per the financial statements to the Form 5500 as of December 31, 2020 and 2019:

	2020	2019
Net assets per the financial statements	$ 23,771,518	$ 23,483,861
Accrued interest from notes receivable from participants	423	257
NET ASSETS PER FORM 5500	$ 23,771,941	$ 23,484,118

The following is a reconciliation of net increase per the financial statements to Form 5500 for the years ended December 31, 2020 and 2019:

	2020	2019
Net increase per the financial statements	$ 287,657	$ 3,974,699
Change in accrued interest on notes receivable	166	74
NET INCREASE PER FORM 5500	$ 287,823	$ 3,974,773
