Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Schnipke Engraving 401(k) Profit Sharing Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. The Plan Administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note 1—Description of the Plan

The following description of the Schnipke Engraving 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provision.

General

The Plan is a defined contribution plan established for the sole purpose of providing retirement benefits to all employees of Schnipke Engraving Company, Inc. (the Company) who have attained the age of twenty-one and completed at least six months of service as defined in the Great-West Trust Company Defined Contribution Prototype Plan Basic Plan Document #11. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Amendments

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Contributions

Each year, participants may contribute up to IRS maximum limits of pre-tax annual compensation to a traditional 401(k) or after-tax annual compensation to a Roth 401(k), as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a maximum of 4% of employee wages by matching 100% of the first 3% percent plus 50% of employee contributions over 3% up to 5%. The matching Company contribution is invested as directed by the participants. Additional discretionary profit sharing amounts may be contributed at the option of the Board of Directors of the Company and are also invested as directed by the participants. Participants may share in the additional discretionary profit sharing amounts provided they have completed six months of service (minimum of 1,000 hours) and are actively employed on the last day of the plan year. Contributions are subject to certain limitations. The Company did not make a discretionary profit sharing contribution for 2020.

Participants' accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested discretionary accounts. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of the Plan—continued

Notes receivable from participants

Participants may borrow from their fund accounts an amount not to exceed \$50,000 or 50% of their vested account balance, whichever is less. Only one outstanding note receivable is permitted at any time and the note receivable prepayment schedule can be no longer than 60 months or 15 years if used for the purchase of a principal residence or for less than \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 8.00%, which is commensurate with local prevailing rates. The notes receivable are secured by the balance in the participants' account.

Pursuant to the CARES Act, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020 for one year. The participant's note would be re-amortized and include any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Payment of benefits

In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability, or other severance of employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Payment of benefits may be taken in a lump sum distribution, in installments or as an annuity. In the event of hardship, as defined in the plan agreement, participants may take a distribution from their accounts in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

If a participant's balance is less than \$5,000 and a distribution election is not made at time of termination, the full value of the account will be distributed in a single lump-sum, either directly to the participant if the balance does not exceed \$1,000, or to an individual retirement account if the balance is between \$1,000 and \$5,000 within a reasonable period of time.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Additionally, the CARES Act permitted Plan participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request special waivers with respect to required minimum distributions and coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Vesting

Participants are always 100% vested in their contributions, employer matching contributions, and any earnings (losses) thereon. Participants become vested in the Company's discretionary profit-sharing contributions plus earnings (losses) over a six year-period as described below:

Two but less than three	20%
Three but less than four	40%
Four but less than five	60%
Five but less than six	80%
Six or more	100%

Forfeitures

Forfeited amounts attributable to the Company matching portion of a participant's account will be applied to reduce the Company matching contribution for the Plan year in which such forfeitures occur. Forfeited amounts attributable to the Company discretionary profit sharing portion of a participant's account will be reallocated to all participants based on compensation, as defined in the plan agreement. Forfeited non-vested amounts totaled \$550 and \$0 at December 31, 2020 and 2019, respectively. There were no amounts used to reduce the Company's matching contributions during the year ended December 31, 2020 nor were there amounts reallocated.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan provisions to discontinue its contributions at any time and to amend, modify, or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balance.

Note 2—Summary of significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred.

Investment valuation and income recognition

The Plan's investments are stated at fair value with the exception of the insurance company general account (fully benefit-responsive investment), which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. See Note 4 for further discussion and disclosure related to fair value measurements. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan.

Net appreciation or depreciation in fair value of investments is reflected in the statement of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2020 and 2019

Note 2—Summary of significant accounting policies—continued

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Notes receivable from participants are written off and reclassified as distributions when deemed uncollectable.

Contributions

Employee salary deferrals and Company contributions are included in income during the period the related salary is earned.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Company pays the administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Administrative expenses that were paid by the Company were excluded from these financial statements.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through June 29, 2021, the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure.

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2020 and 2019, and net realized and unrealized appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2020, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Great-West), as of December 31, 2020 and 2019 and for the year ended December 31, 2020 in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4—Fair value measurements

Except for the Plan's fully benefit-responsive investment, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4—Fair value measurements—continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. At December 31, 2020 and 2019 there were no assets classified as Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds—valued at the quoted market price on an active market held by the Plan at the end of the year. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission.

Common/Collective Trust Funds—valued daily based on the net asset value of the shares determined by the underlying securities. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Variable annuity funds—unit values are calculated daily by the annuity provider according to the methods described in the annuity contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value.

(a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common/collective trust funds have no unfunded commitments, have a daily redemption frequency and requires a 1-day redemption period. The common/collective trust funds' fair value is \$9,299,682 and \$7,818,572 at December 31, 2020 and 2019, respectively.

The Plan holds certain common/collective trust funds which are not direct-filing entities. The fair value of these funds was \$7,006,640 and \$0, as of December 31, 2020 and 2019, respectively. These common/collective trust funds comprise of target-date investments, which primarily seek a high total return through its' target retirement date, with a greater focus on income beyond the target date. It invests in underlying bonds, domestic and foreign equity, fixed-income and target allocation funds according to an asset allocation strategy designed for investors having a retirement investment goal close to the year in the fund's name.

Note 5—Fully benefit-responsive investment contract with insurance company

The Plan has a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Great-West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fully benefit-responsive investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The credit interest rate is based on the Composite Crediting Rate. Such interest rates are reviewed on a semi-annual basis for resetting. The crediting interest rate and the yield for the fixed annuity contract was 1.98% and 2.15% as of December 31, 2020 and 2019, respectively.

As described in Note 2, because the investment contracts are fully benefit-responsive, contract value is the relevant measure attributable for that portion of the net assets available for benefits attributable to the fully benefit-responsive investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2020 and 2019 was \$1,599,094 and \$788,291, respectively.

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6—Related party transactions

The trustee provides plan administration services to the Plan, which are paid directly by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the administration services are deducted directly from participant accounts. There have been no known prohibited transactions with a party in interest. The Plan made direct payments to the trustee in the amount of \$103,031 during 2020.

Notes receivable from participants also qualify as party-in-interest transactions. Notes receivable from participants totaled \$545,622 and \$639,901 as of December 31, 2020 and 2019, respectfully. Interest received on notes receivable from participants totaled \$41,070 for the year ended December 31, 2020.

Note 7—Federal income tax status

The Plan is designed based on a prototype plan established by the Great-West. The IRS has provided an opinion to Great-West by letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Although the Plan has not requested a letter of determination from the IRS, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
