Note A--Description of Plan

The following description of the Commercial Transport, Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General--The Plan is a defined contribution plan sponsored by Commercial Transport, Inc. and White Tank and Truck Repair, Inc., a related company by common ownership and management, has also adopted provisions of the Plan. Commercial Transport, Inc. and White Tank and Truck Repair, Inc. are hereby collectively referred to as the “Company”. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). An employee of the Company becomes a participant in the Plan on the first entry date (the first day of every quarter) coinciding with or immediately following attainment of age twenty-one and the completion of six months of service.

Contributions--A participant may agree to a deferral in salary as a percentage or constant dollar amount of his or her annual compensation, up to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can elect to make tax deferred contribution, Roth contributions, or a mix of both. If a participant elects to make salary deferral contributions to the Plan, the Company makes safe harbor contributions of 100% of the participants’ contribution up to 3% of their salary and 50% of the participants’ contributions between 3% and 5% of their salary. In addition, the Company may make a discretionary employer contribution. Contributions are subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts--Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, and (b) Plan earnings (losses), and administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting--Participants are immediately vested in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options--Upon enrollment in the Plan, a participant may direct contributions to various investment options available as set forth in the Plan. Participants may change their investment options at any time during the year.

Notes Receivable from Participants--Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested balance. The notes are secured by the balance in the participant’s account and bear interest at the prime rate plus 1% as of the date of the notes. Principal and interest are paid ratably through weekly payroll deductions and must be repaid within five years. Participants are limited to having a single loan outstanding at any point in time.

Continued

Note A--Description of Plan--Continued

Payment of Benefits--On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts--Forfeited amounts were $60 and $0 at December 31, 2020 and 2019, respectively. Forfeited amounts will be used to reduce future employer contributions or Plan expenses. In 2020 and 2019, no forfeited nonvested accounts were used to reduce employer contributions or pay Plan expenses.

Note B--Summary of Accounting Policies

The Plan follows generally accepted accounting principles as outlined in the Financial Accounting Standards Board's *Accounting Standards Codification* ("ASC"). Significant accounting policies are as follows:

Estimates--The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting--The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants--Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition--Investments are measured at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments--Benefits are recorded when paid.

Continued

Note B--Summary of Accounting Policies--Continued

Administrative Expenses--Certain administrative expenses are paid as incurred, by the Plan. Other expenses of maintaining the Plan were paid directly by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Note C--Certified Investments and Related Activity

The December 31, 2020 and 2019, statements of net assets available for plan benefits, the investment activities included on the statements of changes in net assets available for plan benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified to be complete and accurate by the Custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. John Hancock Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2019 through February 28, 2019 and Charles Schwab Trust Bank held the Plan's investment assets and executed investment transactions as of December 31, 2019 and 2020 and for the period from March 1, 2019 through December 31, 2020. The information certified includes total investments of $3,692,410 and $3,051,070 at December 31, 2020 and 2019, respectively, and related investment income of $381,637 and $544,700 for the years ended December 31, 2020 and 2019, respectively.

Note D--Fair Value Measurements

The Plan's investments are reported at their fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements accounting literature establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used when Level 1 or Level 2 inputs were not available.

Continued

Note D--Fair Value Measurements--Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

Level 1 Fair Value Measurements

The fair value of mutual funds is valued daily on the quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

Common/collective trusts sell only to institutional investors like a 401(k) plan. Several plans put their assets together into one pool, similar to a mutual fund. The fair value of common/collective trusts are based on the market value based upon the value of the shares of its underlying investments, usually a pooled group of trust accounts.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2020				
Common/collective trusts	$ 3,569,568		$ 3,569,568	
Mutual funds	122,842	$ 122,842		
Total Investments at Fair Value	$ 3,692,410	$ 122,842	$ 3,569,568	$
December 31, 2019				
Common/collective trusts	$ 2,978,289		$ 2,978,289	
Mutual funds	72,681	$ 72,681		
Total Investments at Fair Value	$ 3,050,970	$ 72,681	$ 2,978,289	$

Continued

Note D--Fair Value Measurements--Continued

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2020 is reported in net appreciation in fair value of investments. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2020 there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Note E--Related Party Transactions

Certain Plan investments are shares of common/collective trust and mutual funds managed by Charles Schwab Bank, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for services amounted to $10,935 and $9,643 for the years ended December 31, 2020 and 2019, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note F--Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan and discontinue its contributions at any time subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in their account balances.

Note G--Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note H--Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the spread of Coronavirus Disease ("COVID-19") a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Management of the Company continues to assess the future impact of this pandemic and believes it is taking necessary steps to mitigate any potential negative effects. However, the full impact of this matter on the Company cannot be known with certainty as events are still evolving.
