Note A – Description of Plan

The following description of the Andgar Retirement Fund (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Andgar Corporation (the Company) who have three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as Plan Administrator. The Company is responsible for day-to-day administration of the Plan, including payroll and human resources. The Trustee Oversight Group is made up of senior officers of the Company and is responsible for overall Plan management, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions – Each year, participants may elect to defer from 1% to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Annually, the Company determines whether to contribute matching and discretionary profit-sharing contributions to the Plan. During the year ended September 30, 2020, the Company made discretionary match contributions of amounts equal to 25% of a participant's elective contributions to maximum elective contributions of 6% of the participant's compensation. The matching Company contribution is invested as directed by the participants. The Company did not elect to contribute a discretionary profit sharing contribution to the Plan for the year ended September 30, 2020. Contributions are subject to certain IRS limitations.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. All years of service are counted except for years with less than 1,000 hours. Participants are fully vested upon death or permanent disability.

Note receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate per annum as determined by the Plan Administrator. At September 30, 2020, the interest rate on all notes receivable were 10%. Loan terms range up to five years, unless for the purchase of a principal residence, in which case the loan term may not exceed ten years. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits – If the participant's vested benefit under the Plan exceeds \$1,000, on termination of service due to death, disability, retirement, or voluntary termination of the participant, the benefits will be paid in the form of an annuity unless an election is made to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account, to receive installment payments, or to receive partial withdrawals.

Notes to Financial Statements

September 30, 2020 and 2019

Note A – Description of Plan – (Continued)

Payment of benefits – (Continued) – If the participant's vested benefit under the Plan does not exceed \$1,000, then the benefit must be distributed to the participant in a single lump-sum payment as soon as practicable following the event that entitles the participant to a distribution.

Forfeited amounts – At September 30, 2020 and 2019, forfeited non-vested accounts totaled \$6,219 and \$2,432, respectively. Forfeitures may be used to offset employer contributions to the Plan, pay any administrative expenses of the Plan, or be reallocated to participants in proportion to salary for those eligible. For the year ended September 30, 2020, administrative fees totaling \$5,507 were paid from forfeited non-vested accounts.

Note B – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan provides for investments in mutual funds and a stable value trust. The Plan's investments in mutual funds are reported at fair value. The stable value trust is valued at net asset value as a practical expedient to estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustee Oversight Group determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2020 and 2019.

Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction in contributions. The Plan distributed the 2020 excess contributions in October 2020.

Payments of benefits – Benefits are recorded when paid.

Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Company. Expenses paid by the Company are excluded from these financial statements. Distribution administration fees charged by Benefit Trust Company are deducted from the accounts of the respective Plan participants. Investment related expenses are included in net appreciation of fair value of investments.

Note B – Summary of Significant Accounting Policies – (Continued)

Subsequent events – In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through May 12, 2021, the date the financial statements were available to be issued.

Note C – Investments

During the twelve months ending September 30, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Net appreciation in fair value of investments	\$ 923,630
Interest and dividends	359,796
Interest income from stable value trust	<u>2,244</u>
	<u>\$ 1,285,670</u>

Note D – Information Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations and Disclosure under ERISA. Accordingly, Benefit Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

	<u>2020</u>	<u>2019</u>
<i>Statements of Net Assets Available for Benefits</i>		
Investments	\$ 10,716,646	\$ 9,669,449

Note E – Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1: Observable inputs to the valuation methodology that are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Observable inputs to the valuation methodology other than quoted market prices (unadjusted) for identical assets or liabilities in active markets. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical assets in markets that are not active and inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology that are unobservable for the asset or liability and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value trust:

The fair value of the stable value fund, Invesco Stable Value Trust, is based upon the net asset value of such fund. The net asset value is used as a practical expedient to estimate fair value. The objective of the stable value fund is preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. For liquidity purposes, the funds may have all or a portion of its assets invested in short-term money market instruments, investment companies, and collective investment trusts that meet the investment objectives. Participants cannot transfer their balances to competing fixed income funds. Balances transferred to non-competing funds cannot be transferred to competing funds for 90 days but may be transferred back to the stable value trust at any time.

Note E – Fair Value Measurements – (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at September 30, 2020 and 2019.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30:

2020				
	Level 1	Level 2	Level 3	Total
Investments fair value heirarchy				
Mutual funds	\$ 10,613,842	\$ -	\$ -	\$ 10,613,842
Investments measured at net asset value ^(a)				
Stable value trust				102,804
Total investments, at fair value				\$ 10,716,646
2019				
	Level 1	Level 2	Level 3	Total
Investments fair value heirarchy				
Mutual funds	\$ 9,556,620	\$ -	\$ -	\$ 9,556,620
Investments measured at net asset value ^(a)				
Stable value trust				112,829
Total investments, at fair value				\$ 9,669,449

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of September 30:

Fund	Fair Value at September 30		Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2020	2019			
Stable value trust	\$ 102,804	\$ 112,829	Daily	None	10 days

Notes to Financial Statements

September 30, 2020 and 2019

Note E – Fair Value Measurements – (Continued)

To assess the appropriate classification of investments with the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended September 30, 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note F – Party-In-Interest Transactions

Fees paid by the Plan to American Northwest RPS and American Northwest Advisory for recordkeeping, loan and distribution administrative services totaled \$46,808 for the year ended September 30, 2020. The Plan's custodian is Benefit Trust Company. Fees paid by the Plan to Benefit Trust Company totaled \$4,826 for the year ended September 30, 2020. Fees paid by the Plan for legal, accounting, and general plan administration totaled \$10,000 for the year ended September 30, 2020.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note H – Tax Status

The Plan operates under a volume submitter profit sharing plan with CODA (volume submitter plan). The volume submitter plan received a favorable opinion letter from the IRS on March 31, 2014, which declared that the volume submitter plan qualifies under section 401(a) of the Internal Revenue Code as being exempt from income taxes. The Plan has been amended since receiving that determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax returns for the prior three fiscal years remain subject to examination by major tax jurisdictions.

Notes to Financial Statements

September 30, 2020 and 2019

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions of up to \$100,000, allow loan repayments to be deferred up to one year and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes were adopted in accordance with applicable law and IRS guidance.

Note J – Recent Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): *Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement Plan*. This new guidance modifies the disclosure requirements on fair value measurements, including removal and modifications of various current disclosures as well as some additional disclosure requirements for Level 3 fair value measurements. Some of these disclosure changes must be applied prospectively while others retrospectively depending on requirement. This guidance is required to be adopted by the Plan beginning October 1, 2020. The adoption of these changes is not expected to have an impact on the Plan's financial statements other than disclosures.
