NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

NOTE A - DESCRIPTION OF PLAN

The following description of the Avon Rubber and Plastics, Inc. Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed ninety days of service and all part-time employees who have completed one year of service. The Plan was established in July of 1974 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Participant Contributions

Participants may contribute up to fifty percent of their compensation up to the annual IRS dollar limits. Participants direct the Company as to the allocation of their contributions to the various funds in the Plan.

3. Employer Contributions

Eligible full-time employees who have completed ninety days of service and eligible part-time employees who have completed one year of service and are at least age 18 will receive a match. In addition, each employer may decide to contribute a discretionary amount for employees regardless of their participation in the Plan. During the Plan year ended September 30, 2020, two of the five participating divisions chose to make discretionary contributions for all eligible employees in the amount of three percent of the employee's compensation.

Depending on the participating division, the Company match rules are as follows:

- 50% employer match on the first 6% of each participant's elective contribution amount but not more than 3% of each participant's compensation for a given plan year,
- 100% employer match on the first 5% of each participant's elective contribution amount, but not more than 5% of each participant's compensation for a given plan year, or
- 100% employer match on the first 5% of each participant's elective contribution amount plus an automatic 3% discretionary contribution, not to exceed 8% of each participant's compensation for a given plan year.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest rates between 4.25% and 7.50%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

6. Vesting

Participants are immediately vested in their voluntary contributions and employer contributions plus actual earnings thereon.

7. Payment of Benefits

On termination of service due to death, retirement or termination, the participant or the participant's beneficiary receives the value of the funds allocated to his account in the form of a lump sum payment or installments.

8. Forfeited Accounts

There are no forfeitures due to 100% vesting of salary deferrals, rollover contributions, and company match.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements and schedules of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Payment of Benefits

Benefits are recorded when paid.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

6. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Subsequent Events

The Plan has evaluated subsequent events through June 29, 2021, the date the financial statements were available to be issued.

NOTE C - CERTIFIED FINANCIAL DATA & INVESTMENTS

The following is a summary of the unaudited information regarding the Plan as of September 30, 2020 and 2019, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

The information included in the Schedule of Assets (Held at End of Year) on page 12 was also prepared from information certified by the trustee.

During the year ending September 30, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$4,970,027. Of this change, \$1,257,347 took place in the pooled separate accounts, \$3,650,081 took place in mutual funds, and the remaining \$62,599 was from other investment earnings.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2020 and 2019.

Pooled Separate Accounts: Prudential Retirement Insurance and Annuity Company (PRIAC) separate accounts are measured via units. When Prudential invests in an alliance fund, they buy shares, which have a stated value, to create a Separate Account. When an individual chooses one of their separate accounts for their retirement savings, they own units of the separate account. The value of the participant portion of PRIAC's Separate Account is the net unit value (NUV) multiplied by the number of units the participant owns. The value of the portion of the mutual fund owned by the Separate Account is determined by multiplying the net asset value (NAV) by the number of shares owned. The NUV includes dividends and capital gains that are automatically reinvested for the pooled market value separate account and deducts a small Prudential charge for administering the account. The daily changes in the pooled market value separate account's NUV represents the pooled market value separate account's performance.

Mutual Funds: Fair value of these assets are determined by the mutual funds' Net Asset Value (NAV). Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Accounting standard ASU 2015-07 eliminates categorizing investments by level when NAV is used. The Plan does not have any other investments reported at fair value that require the level disclosure.

Fair Value of investments that use NAV:

September 30, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption notice period
Pooled Separate Accounts	\$ 9,304,081	N/A	Daily	None
Mutual Funds	\$ 34,677,572	N/A	Daily	None

September 30, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption notice period
Pooled Separate Accounts	\$ 8,602,792	N/A	Daily	None
Mutual Funds	\$ 16,605,337	N/A	Daily	None

NOTE E - GROUP ANNUITY CONTRACT WITH EVERGREEN INSURANCE GROUP

During 2020 and 2019, the Plan held an interest in a traditional fully benefit-responsive guaranteed investment contract with Evergreen Insurance Group totaling \$10,247,289 for September 30, 2020 and \$5,246,601 for September 30, 2019. Prudential Retirement Insurance and Annuity Company maintains the contributions in a general account, Guaranteed Income Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on an

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally, there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid overtime.

In addition, there are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

NOTE F - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

The Plan engaged in transactions involving Prudential Retirement Insurance and Annuity Company, the Plan's administrator and trustee; Baird, Cotter and Bishop, P.C., the Plan auditor; and Avon Rubber & Plastics, Inc., the Plan sponsor, which are party in interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Internal Revenue Code and are not prohibited by ERISA.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated March 1, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

NOTE J - TRANSFERS IN

In January 2020, two companies were acquired by Avon Rubber & Plastics, Inc. and the aggregate outstanding participant loan balances from the two companies were transferred into the Plan in the amount of \$772,191 during the year ended September 30, 2020 and is shown as assets transferred from other plans on the statements of changes in net assets available for benefits.

Remaining investment balances of employees in the acquired companies were also brought into this plan and are included as rollovers on the statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

NOTE A - DESCRIPTION OF PLAN

The following description of the Avon Rubber and Plastics, Inc. Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed ninety days of service and all part-time employees who have completed one year of service. The Plan was established in July of 1974 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Participant Contributions

Participants may contribute up to fifty percent of their compensation up to the annual IRS dollar limits. Participants direct the Company as to the allocation of their contributions to the various funds in the Plan.

3. Employer Contributions

Eligible full-time employees who have completed ninety days of service and eligible part-time employees who have completed one year of service and are at least age 18 will receive a match. In addition, each employer may decide to contribute a discretionary amount for employees regardless of their participation in the Plan. During the Plan year ended September 30, 2020, two of the five participating divisions chose to make discretionary contributions for all eligible employees in the amount of three percent of the employee's compensation.

Depending on the participating division, the Company match rules are as follows:

- 50% employer match on the first 6% of each participant's elective contribution amount but not more than 3% of each participant's compensation for a given plan year,
- 100% employer match on the first 5% of each participant's elective contribution amount, but not more than 5% of each participant's compensation for a given plan year, or
- 100% employer match on the first 5% of each participant's elective contribution amount plus an automatic 3% discretionary contribution, not to exceed 8% of each participant's compensation for a given plan year.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest rates between 4.25% and 7.50%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

6. Vesting

Participants are immediately vested in their voluntary contributions and employer contributions plus actual earnings thereon.

7. Payment of Benefits

On termination of service due to death, retirement or termination, the participant or the participant's beneficiary receives the value of the funds allocated to his account in the form of a lump sum payment or installments.

8. Forfeited Accounts

There are no forfeitures due to 100% vesting of salary deferrals, rollover contributions, and company match.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements and schedules of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Payment of Benefits

Benefits are recorded when paid.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

6. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Subsequent Events

The Plan has evaluated subsequent events through June 29, 2021, the date the financial statements were available to be issued.

NOTE C - CERTIFIED FINANCIAL DATA & INVESTMENTS

The following is a summary of the unaudited information regarding the Plan as of September 30, 2020 and 2019, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

During the year ending September 30, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$4,970,027. Of this change, \$1,257,347 took place in the pooled separate accounts, \$3,650,081 took place in mutual funds, and the remaining \$62,599 was from other investment earnings.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2020 and 2019.

Pooled Separate Accounts: Prudential Retirement Insurance and Annuity Company (PRIAC) separate accounts are measured via units. When Prudential invests in an alliance fund, they buy shares, which have a stated value, to create a Separate Account. When an individual chooses one of their separate accounts for their retirement savings, they own units of the separate account. The value of the participant portion of PRIAC's Separate Account is the net unit value (NUV) multiplied by the number of units the participant owns. The value of the portion of the mutual fund owned by the Separate Account is determined by multiplying the net asset value (NAV) by the number of shares owned. The NUV includes dividends and capital gains that are automatically reinvested for the pooled market value separate account and deducts a small Prudential charge for administering the account. The daily changes in the pooled market value separate account's NUV represents the pooled market value separate account's performance.

Mutual Funds: Fair value of these assets are determined by the mutual funds' Net Asset Value (NAV). Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Accounting standard ASU 2015-07 eliminates categorizing investments by level when NAV is used. The Plan does not have any other investments reported at fair value that require the level disclosure.

Fair Value of investments that use NAV:

September 30, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption notice period
Pooled Separate Accounts	\$ 9,304,081	N/A	Daily	None
Mutual Funds	\$ 34,677,572	N/A	Daily	None

September 30, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption notice period
Pooled Separate Accounts	\$ 8,602,792	N/A	Daily	None
Mutual Funds	\$ 16,605,337	N/A	Daily	None

NOTE E - GROUP ANNUITY CONTRACT WITH EVERGREEN INSURANCE GROUP

During 2020 and 2019, the Plan held an interest in a traditional fully benefit-responsive guaranteed investment contract with Evergreen Insurance Group totaling \$10,247,289 for September 30, 2020 and \$5,246,601 for September 30, 2019. Prudential Retirement Insurance and Annuity Company maintains the contributions in a general account, Guaranteed Income Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on an

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally, there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid overtime.

In addition, there are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

NOTE F - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

The Plan engaged in transactions involving Prudential Retirement Insurance and Annuity Company, the Plan's administrator and trustee; Baird, Cotter and Bishop, P.C., the Plan auditor; and Avon Rubber & Plastics, Inc., the Plan sponsor, which are party in interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Internal Revenue Code and are not prohibited by ERISA.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated March 1, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

NOTE J - TRANSFERS IN

In January 2020, two companies were acquired by Avon Rubber & Plastics, Inc. and the aggregate outstanding participant loan balances from the two companies were transferred into the Plan in the amount of \$772,191 during the year ended September 30, 2020 and is shown as assets transferred from other plans on the statements of changes in net assets available for benefits.

Remaining investment balances of employees in the acquired companies were also brought into this plan and are included as rollovers on the statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

NOTE A - DESCRIPTION OF PLAN

The following description of the Avon Rubber and Plastics, Inc. Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed ninety days of service and all part-time employees who have completed one year of service. The Plan was established in July of 1974 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Participant Contributions

Participants may contribute up to fifty percent of their compensation up to the annual IRS dollar limits. Participants direct the Company as to the allocation of their contributions to the various funds in the Plan.

3. Employer Contributions

Eligible full-time employees who have completed ninety days of service and eligible part-time employees who have completed one year of service and are at least age 18 will receive a match. In addition, each employer may decide to contribute a discretionary amount for employees regardless of their participation in the Plan. During the Plan year ended September 30, 2020, two of the five participating divisions chose to make discretionary contributions for all eligible employees in the amount of three percent of the employee's compensation.

Depending on the participating division, the Company match rules are as follows:

- 50% employer match on the first 6% of each participant's elective contribution amount but not more than 3% of each participant's compensation for a given plan year,
- 100% employer match on the first 5% of each participant's elective contribution amount, but not more than 5% of each participant's compensation for a given plan year, or
- 100% employer match on the first 5% of each participant's elective contribution amount plus an automatic 3% discretionary contribution, not to exceed 8% of each participant's compensation for a given plan year.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest rates between 4.25% and 7.50%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

6. Vesting

Participants are immediately vested in their voluntary contributions and employer contributions plus actual earnings thereon.

7. Payment of Benefits

On termination of service due to death, retirement or termination, the participant or the participant's beneficiary receives the value of the funds allocated to his account in the form of a lump sum payment or installments.

8. Forfeited Accounts

There are no forfeitures due to 100% vesting of salary deferrals, rollover contributions, and company match.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements and schedules of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Payment of Benefits

Benefits are recorded when paid.

6. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Subsequent Events

The Plan has evaluated subsequent events through June 29, 2021, the date the financial statements were available to be issued.

NOTE C - CERTIFIED FINANCIAL DATA & INVESTMENTS

The following is a summary of the unaudited information regarding the Plan as of September 30, 2020 and 2019, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

During the year ending September 30, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$4,970,027. Of this change, \$1,257,347 took place in the pooled separate accounts, \$3,650,081 took place in mutual funds, and the remaining \$62,599 was from other investment earnings.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2020 and 2019.

Pooled Separate Accounts: Prudential Retirement Insurance and Annuity Company (PRIAC) separate accounts are measured via units. When Prudential invests in an alliance fund, they buy shares, which have a stated value, to create a Separate Account. When an individual chooses one of their separate accounts for their retirement savings, they own units of the separate account. The value of the participant portion of PRIAC's Separate Account is the net unit value (NUV) multiplied by the number of units the participant owns. The value of the portion of the mutual fund owned by the Separate Account is determined by multiplying the net asset value (NAV) by the number of shares owned. The NUV includes dividends and capital gains that are automatically reinvested for the pooled market value separate account and deducts a small Prudential charge for administering the account. The daily changes in the pooled market value separate account's NUV represents the pooled market value separate account's performance.

Mutual Funds: Fair value of these assets are determined by the mutual funds' Net Asset Value (NAV). Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Accounting standard ASU 2015-07 eliminates categorizing investments by level when NAV is used. The Plan does not have any other investments reported at fair value that require the level disclosure.

Fair Value of investments that use NAV:

September 30, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption notice period
Pooled Separate Accounts	\$ 9,304,081	N/A	Daily	None
Mutual Funds	\$ 34,677,572	N/A	Daily	None

September 30, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption notice period
Pooled Separate Accounts	\$ 8,602,792	N/A	Daily	None
Mutual Funds	\$ 16,605,337	N/A	Daily	None

NOTE E - GROUP ANNUITY CONTRACT WITH EVERGREEN INSURANCE GROUP

During 2020 and 2019, the Plan held an interest in a traditional fully benefit-responsive guaranteed investment contract with Evergreen Insurance Group totaling \$10,247,289 for September 30, 2020 and \$5,246,601 for September 30, 2019. Prudential Retirement Insurance and Annuity Company maintains the contributions in a general account, Guaranteed Income Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on an

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally, there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid overtime.

In addition, there are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

NOTE F - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

The Plan engaged in transactions involving Prudential Retirement Insurance and Annuity Company, the Plan's administrator and trustee; Baird, Cotter and Bishop, P.C., the Plan auditor; and Avon Rubber & Plastics, Inc., the Plan sponsor, which are party in interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Internal Revenue Code and are not prohibited by ERISA.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the plan sponsor by a letter dated March 1, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

AVON RUBBER AND PLASTICS, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

NOTE J - TRANSFERS IN

In January 2020, two companies were acquired by Avon Rubber & Plastics, Inc. and the aggregate outstanding participant loan balances from the two companies were transferred into the Plan in the amount of \$772,191 during the year ended September 30, 2020 and is shown as assets transferred from other plans on the statements of changes in net assets available for benefits.

Remaining investment balances of employees in the acquired companies were also brought into this plan and are included as rollovers on the statements of changes in net assets available for benefits.
