Greensboro Radiology, P.A. 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS
September 30, 2020 and December 31, 2019

(1) Plan Merger

On August 11, 2020, the Trustees of Greensboro Radiology, P.A. 401(k) Profit Sharing Plan ("Plan") approved the merger of this Plan into the Radiology Partners, Inc. 401(k) Profit Sharing Plan ("Radiology Partners Plan"), effective October 1, 2020. As a result, all plan assets were transferred from the Plan to the Radiology Partners Plan by September 30, 2020.

(2) Description of Plan

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) **General** - The Plan was a qualified defined contribution plan covering all employees of Greensboro Radiology, P.A ("Company") and its affiliates who were at least 19 years of age with six months of eligible service. It was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments were participant directed.

The Company was sold during 2019 and the Plan was frozen, effective January 1, 2020, meaning all contributions to the Plan ceased and no employees were eligible to enter the Plan after that date. Distributions were permitted and all adjustments to participants' accounts for earnings (losses) and fees were held in the Plan until the merger to the Radiology Partners Plan.

(b) **Contributions** - Prior to January 1, 2020, participants contributed to the Plan, through payroll deduction, amounts up to 100% of their annual earnings, subject to certain limitations. Participants who attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions. The Company funded a safe harbor match contribution of 3% of participant's compensation. The Company also funded, as a regular employer discretionary contribution, a maximum 1.75% of participant's compensation. Participants must have completed one year of service to be eligible for employer contributions.

Each year the Company could make additional discretionary contributions to the Plan. Additional discretionary contributions of $1,855,883 were recorded for 2019.

(c) **Participant Accounts** - Each participant's account was credited with the participant's contribution and an allocation of the Company's contributions, Plan earnings (losses), and administrative fees. Allocations were based on participant earnings or account balances, as defined by the Plan Agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's account.

(d) **Vesting** - Participants were immediately vested with respect to their elective deferral contributions and safe harbor contributions and actual earnings thereon. Vesting in regular employer match and discretionary contributions and actual earnings thereon was based on years of continuous service. A participant was 20% vested after two years and vested an additional 20% every year thereafter, until reaching 100% after six years of credited service. All participants became 100% vested, effective October 1, 2020, following the merger.

(e) **Forfeitures** - Forfeitures of employer discretionary contributions were used to reduce future employer contributions and pay Plan expenses. During 2020 and 2019, forfeitures of $85,690 and $21,985 were used to reduce employer contributions and pay Plan expenses, respectively. At September 30, 2020, there were no forfeited nonvested accounts balances, and at December 31, 2019, forfeited non-vested accounts totaled $16,970.

- Continued -

(f) **Payment of Benefits** - In the event of termination of employment, disability, death or retirement (age 59 ½), a participant could have elected to receive benefits either by a lump sum distribution or periodic installments over a period of time as described in the Plan Agreement. Distributions of vested account balances of $5,000 or less were generally made in a single sum payment. Hardship distributions of participant's contributions were permitted.

(g) **Notes Receivable from Participants** - Participants may have borrowed from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or a maximum equal to 50% of their vested account balance. Loan transactions were treated as a transfer to (from) the investment fund from (to) the participant loans funds. Loan terms were based on a five-year term and incurred interest at the then current prime rate (3.25% at September 30, 2020) plus 1%. The loans were adequately secured with at least 50% of the present value of the participant's vested interest in the Plan. Principal and interest were paid through salary reductions each pay period.

(h) **Expenses** - Certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements.

(3) Summary of Accounting Policies

(a) **Basis of Accounting** - The financial statements are prepared using the accrual method of accounting.

(b) **Management Estimates** - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) **Investment Valuation** - The Plan's investments were stated at fair value, except for fully benefit-responsive investment contracts, which were reported at contract value. All Plan assets were transferred to the Radiology Partners Plan by September 30, 2020. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net investment changes included the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) **Notes Receivable from Participants** - Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan Agreement.

(4) Information Certified by the Custodian

The investment assets and investment income information in the statements of net assets available for benefits and changes in net assets available for benefits, were summarized from information supplied and certified by the custodian, Reliance Trust Company. The information obtained from the custodian was not audited by independent public accountants as permitted by 29 CFR 2520. 103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(5) Fair Value Measurements

FASB ASC 820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable and Level 3 inputs have the lowest priority and are unobservable inputs of market activity. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Self-directed accounts:				
Mutual funds	$ 6,562,071	-	-	6,562,071
Common and preferred stocks	24,799,316	-	-	24,799,316
Money market funds	2,836,935	-	-	2,836,935
Corporate bonds and debentures	-	8,487,451	-	8,487,451
Annuity and other investments	-	-	63,601	63,601
Mutual funds	30,190,538	-	-	30,190,538
Total	$64,388,860	8,487,451	63,601	72,939,912

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets as of December 31, 2019:

Beginning balance	$ 55,361
Total realized and unrealized gains	8,240
Ending balance	$ 63,601
The amount of total gains for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains relating to assets held at the reporting date	$ 8,240

(6) Guaranteed Investment Contract

During 2018, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with MassMutual Retirement Services ("MMRS"). The contract was an investment option with a general investment account guarantee that provided a stated rate of return and insulated participants' accounts from daily fluctuations in the market. Contract value represents contributions, plus credited interest, less participant withdrawals and fees. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract met the criteria to be considered fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract was presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by MMRS, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Under the terms of the contract, participants could direct permitted withdrawal and/or transfer transactions of all or a portion of their balance at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at September 30, 2020 and December 31, 2019, was $0 and $4,582,391, respectively. The crediting interest rate was based on a formula agreed upon with the issuer, and the average rate was 1.95% and 3.25% for 2020 and 2019, respectively. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events could have limited the ability of the Plan to transact at contract value with MMRS; however, Plan management did not believe that any such events would have limited the Plan's ability to transact at contract value with Plan participants or the issuer were probable of occurring.

(7) Tax Status

The Plan was based on a Loren D. Stark Company prototype defined contribution plan. Loren D. Stark Company obtained an opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the prototype plan is designed in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving this letter. However, the Plan administrator, trustees and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2020 and December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is not currently under examination for any tax periods. The Plan, by expiration of the stature of limitations, is generally no longer subject to examination by taxing authorities for the years ending December 31, 2017 or earlier.
