Note 1. Description of the Plan

The following description of the Boston Beer Company (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code (the Code), for all eligible employees. Great-West Trust Company, LLC (Great-West) serves as the trustee and custodian of the Plan. The Boston Beer Corporation serves as the plan sponsor with Company management serving as the plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Dogfish Head Brewery Acquisition: On July 3, 2019, The Company acquired Dogfish Head Brewery and various other related operations through an acquisition of all of the equity interests held by certain private entities in Off-Centered Way LLC, the parent holding company of the Dogfish Head operations. As a result of the acquisition, effective, December 31, 2019, The Dogfish Head 401(k) Plan merged into the Plan. At December 31, 2019 the Dogfish Head net assets, consisting solely of investments, became investments of the Plan. As a result, investments related to the Dogfish Head 401(k) Plan of $12,091,580 are included in the participant-directed investments, at fair value in the accompanying statement of changes in net assets available for benefits as of December 31, 2019. The custodian of these investments at December 31, 2019 was Reliance Trust Company (Reliance Trust). On January 2, 2020, the investments were transferred, from Reliance Trust to Great-West.

1199 Union Transfer: On January 7, 2020, as a result of an amendment of the Company's 1199 Union contract, 1199 Union net assets of $3,660,062 related to the 1199 Union participant account balances from the Samuel Adams Cincinnati Brewery 401(k) Plan were transferred to the Plan.

Plan Amendments: Effective January 1, 2020, the Plan was amended for Company matching contributions. The Company contributes 100% of the first 3% of eligible compensation that a participant contributed to the Plan, plus 50% of employee contributions that are in excess of 3%, up to 5% of the participant's compensation. Effective January 1, 2020, temporary employees were no longer eligible to participate in the plan.

Contributions: Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) discretionary matching contributions made by the Company, (iii) discretionary profit-sharing contributions made by the Company; and (iv) participant rollovers from other qualified plans.

Participants may elect to contribute 1% to 60% of their compensation to the Plan each year, subject to certain limitations of the Code, as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan thirty days after he or she satisfies the Plan's eligibility requirements unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Participants receive advance notice of their right to elect out of the automatic enrollment feature and are permitted to stop or change this feature at any time. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a Company matching contribution.

For the year ended December 31, 2020, the Company contributed 100% of the first 3% of eligible compensation that a participant contributed to the Plan, plus 50% of employee contributions that are in

excess of 3%, up to 5% of the participant's compensation. The Company may also make a discretionary profit-sharing contribution annually, which is approved by the Board of Directors of the Company. The Company made no profit-sharing contribution in 2020.

Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Contributions are subject to certain limitations of the Code.

Investments: Participants may direct the investment of their contributions and Company contributions into various investments options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers several mutual funds as investment options.

Participant accounts: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related Company matching and discretionary contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and any rollover contributions, plus actual earnings thereon.

Participants become vested in Company discretionary matching and profit-sharing contributions according to the following schedule:

Years of Service for Vesting	Vested Percentage
1 but less than 2	20%
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 or more	100

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of one-half of the vested account balance or $50,000. Loan terms range from one to five years, or up to fifteen years for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. If a participant terminates employment with the Company, they may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after 3 months. As of December 31, 2020, participant loans have maturities through 2035 at an interest rate of between 4.25 and 6.50 percent.

Benefits: Employees are permitted to withdraw funds from their accounts upon attaining the age of 59 1/2, retirement, termination, financial hardship, disability, or death. The participant or beneficiary may receive a lump-sum cash payment or installment payments.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeited accounts: When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future Company contributions or pay plan administrative expenses for the plan year. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $152,175 and $161,435, respectively. During 2020, Company contributions were reduced by approximately $157,000 from forfeited non-vested accounts and administrative expenses were reduced by approximately $67,000.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Coronavirus disease 2019 ("COVID-19") was first reported in late 2019 and has since dramatically impacted the global health and economic environment, including millions of confirmed cases, business slowdowns or shutdowns, government challenges and market volatility. While Plan operations have not been significantly impacted by COVID-19, the Company and our global community continue to face tremendous challenges and we cannot predict how this dynamic situation will evolve or the impact it will have on the Plan's financial statements.

Investment valuation and income recognition: Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative expenses: Substantially all administrative expenses are paid by the Company. Expenses relating to notes receivable from participants and benefit payments are deducted directly from participant accounts.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not reflected separately. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of benefits: Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2020 or 2019.

Note 3. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

> *Mutual Funds*—Securities valued using unadjusted quoted prices from active markets. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

Mutual funds	$ 162,112,968	$ -	$ -	$ 162,112,968

Note 4. Information Certified by the Custodians

The following is a summary of the unaudited information regarding the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Great-West, the custodian of the Plan as of December 31, 2020 and 2019 for the year ended December 31, 2020 and Reliance Trust a custodian of the Plan as of December 31, 2019, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodians that such information is complete and accurate.

Note 5. Related Party and Exempt Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

Note 6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 7. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Great-West. Great-West received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 8. Nonexempt Party-In-Interest Transactions

The Company remitted various 2020 participant contributions amounting to $240,755 to the custodian on dates later than required by DOL Regulation 2510.3-102, of which all was corrected in plan year 2020. As part of the correction process, the Company will file Form 5330 with the IRS and pay the required excise tax on the transactions. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

Note 9. Subsequent Events

Subsequent events were evaluated through July 7, 2021, the date the financial statements were available to be issued. There were no events which management was aware that would require any adjustment to or disclosure in the accompanying financial statements.
