1. DESCRIPTION OF PLAN:

The following description of The Phoenix Group Holding Company 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Phoenix Group Holding Company and its subsidiaries (the "Company") who have completed six months of service and have attained the age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of their compensation (through pre-tax or Roth contributions), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes Safe Harbor matching contributions in the amount of 100% of the first 3% of eligible compensation that a participant contributes to the Plan and 50% of the next 2% of eligible compensation. Additional discretionary employer matching and profit sharing contributions may be contributed at the option of the Company. The Company elected not to make an additional discretionary contribution during 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and employer Safe Harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of benefits

Distributions are payable upon termination of employment, death, disability, or retirement. Participants may elect to receive a lump sum, installment payments, or may purchase an annuity equal to the value of the participant's vested interest in his or her account. Participants may also make withdrawals of vested account balances prior to termination upon attainment of age 59 ½, early retirement, or in the event of financial hardship, as defined by the plan.

Forfeited accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$4,670 and \$7,901, respectively. These accounts may be used to reduce future employer contributions or pay administrative expenses. In 2020, Company Safe Harbor matching contributions were reduced by \$4,211 from forfeited non-vested accounts.

2. SUMMARY OF ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Accounting change

Recently issued accounting pronouncement - In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13. "Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, (ASU 2018-13)," which amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 became effective for all entities for fiscal years beginning after December 15, 2019. Certain requirements of the standard should be applied prospectively, while others are required to be adopted retrospectively. Adoption of ASU 2018-13 does not have a material impact on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through May 19, 2021, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE:

Management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental schedule of assets (held at end of year) as of December 31, 2020; and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value at December 31, 2020					
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	Assets at <u>NAV</u>	<u>Total</u>
Mutual Funds	\$ <u>4,805,147</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>4,805,147</u>
Total investments at fair value	\$ <u>4,805,147</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>4,805,147</u>

Assets at Fair Value at December 31, 2019					
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	Assets at <u>NAV</u>	<u>Total</u>
Mutual Funds	\$ <u>3,831,037</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>3,831,037</u>
Total investments at fair value	\$ <u>3,831,037</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>3,831,037</u>

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. The Plan Sponsor pays directly any other fees related to the plan's operations.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

7. TAX STATUS:

The Plan operates under a volume submitter plan document which received a favorable opinion letter from the IRS on March 31, 2014, that stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan did not obtain its own determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PLAN OPERATIONS:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time. On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

The Plan Administrator has adopted the distribution relief provisions included in the CARES Act which permits qualified individuals to request a pre-approved distribution, through participant self-certification of eligibility. The maximum dollar amount that can be requested per participant is \$100,000. The Organization intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.

1. DESCRIPTION OF PLAN:

The following description of The Phoenix Group Holding Company 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Phoenix Group Holding Company and its subsidiaries (the "Company") who have completed six months of service and have attained the age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of their compensation (through pre-tax or Roth contributions), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes Safe Harbor matching contributions in the amount of 100% of the first 3% of eligible compensation that a participant contributes to the Plan and 50% of the next 2% of eligible compensation. Additional discretionary employer matching and profit sharing contributions may be contributed at the option of the Company. The Company elected not to make an additional discretionary contribution during 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and employer Safe Harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of benefits

Distributions are payable upon termination of employment, death, disability, or retirement. Participants may elect to receive a lump sum, installment payments, or may purchase an annuity equal to the value of the participant's vested interest in his or her account. Participants may also make withdrawals of vested account balances prior to termination upon attainment of age 59 ½, early retirement, or in the event of financial hardship, as defined by the plan.

Forfeited accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$4,670 and \$7,901, respectively. These accounts may be used to reduce future employer contributions or pay administrative expenses. In 2020, Company Safe Harbor matching contributions were reduced by \$4,211 from forfeited non-vested accounts.

2. SUMMARY OF ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Accounting change

Recently issued accounting pronouncement - In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13. "Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, (ASU 2018-13)," which amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 became effective for all entities for fiscal years beginning after December 15, 2019. Certain requirements of the standard should be applied prospectively, while others are required to be adopted retrospectively. Adoption of ASU 2018-13 does not have a material impact on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through May 19, 2021, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE:

Management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental schedule of assets (held at end of year) as of December 31, 2020; and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value at December 31, 2020					
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	Assets at <u>NAV</u>	<u>Total</u>
Mutual Funds	\$ <u>4,805,147</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>4,805,147</u>
Total investments at fair value	\$ <u>4,805,147</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>4,805,147</u>

Assets at Fair Value at December 31, 2019					
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	Assets at <u>NAV</u>	<u>Total</u>
Mutual Funds	\$ <u>3,831,037</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>3,831,037</u>
Total investments at fair value	\$ <u>3,831,037</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>3,831,037</u>

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. The Plan Sponsor pays directly any other fees related to the plan's operations.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

7. TAX STATUS:

The Plan operates under a volume submitter plan document which received a favorable opinion letter from the IRS on March 31, 2014, that stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan did not obtain its own determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PLAN OPERATIONS:

On March 11, 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic which has impacted the financial markets and global economy. The COVID-19 pandemic is on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time. On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

The Plan Administrator has adopted the distribution relief provisions included in the CARES Act which permits qualified individuals to request a pre-approved distribution, through participant self-certification of eligibility. The maximum dollar amount that can be requested per participant is \$100,000. The Organization intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.
