To the Plan administrator of
Munsch Hardt Kopf & Harr, P.C. Profit Sharing Plan

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of the Munsch Hardt Kopf & Harr, P.C. Profit Sharing Plan (Plan) for the year ended December 31, 2020 and have issued our report thereon dated July 15, 2021. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan sponsor instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, in accordance with U.S. generally accepted auditing standards, and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under U.S. generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 21, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies were not changed during the year ended December 31, 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

> Management's estimates of the fair values of the investments which are based on various observable inputs.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were noted.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 15, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Sutton Frost Cary

Independent Auditors' Report

To the Plan administrator of
Munsch Hardt Kopf & Harr, P.C. Profit Sharing Plan

We were engaged to audit the accompanying financial statements of the Munsch Hardt Kopf & Harr, P.C. Profit Sharing Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

General

The Munsch Hardt Kopf & Harr, P.C. Profit Sharing Plan (Plan) is a defined contribution plan established to provide retirement, hardship or total disability benefits to eligible employees of Munsch Hardt Kopf & Harr, P.C. (Firm). The Plan was established April 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On March 27, 2020 Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. These changes allowed certain provisions to participants impacted by COVID-19 such as in-service distributions up to $100,000, loan borrowings up to $100,000, and suspension of loan payments and required minimum distributions. In accordance with the CARES Act, the Plan has until December 31, 2022 to formally amend the plan.

Contributions

Qualified employees may contribute a percentage of their pretax annual compensation under the terms of salary reduction agreements between the employees and the Firm. In addition, any participant, with the Plan administrator's written consent, may contribute to the trust a rollover contribution from another qualified plan. The Firm makes contributions to the Plan for the benefit of certain employees on a discretionary basis. For the year ended December 31, 2020, the Firm made a profit sharing contribution for certain employees totaling $2,390,776.

Participant Accounts

Qualified employees are eligible to become participants in the Plan upon satisfying the Plan's eligibility conditions. Separate accounts are established for each participant. Participants' accounts are credited with the participant's contributions and allocations of (a) contributions by the Firm, (b) Plan earnings and (c) are charged with an allocation of administrative expenses and any losses on Plan investments.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in Firm contributions at 20% per year after two years of service and are fully vested after six years of service.

Benefits

A participant's total account balance is paid to the participant or the participant's beneficiary in accordance with the Plan's policy upon the participant's retirement, death or disability. The vested portion of a participant's account can be withdrawn by the participant at the next valuation date, as defined, upon termination of employment with the Firm or upon withdrawal from the Plan, subject to certain limitations based on the account balance and the status of the employee. In-service withdrawals of after-tax accounts and hardship withdrawals of pre-tax accounts are also available.

Notes Receivable from Participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Under the Plan, participants may obtain loans in amounts up to 50% of their vested account balance not to exceed $50,000. Repayment periods may not exceed five years unless used for the purchase of a residence. Loan interest rates are based on financial institution prime lending rates for loans of a similar nature. Principal and interest are paid ratably through automatic payroll deductions. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Plan Termination

The Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in compliance with the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts. The Firm, however, does not intend to terminate the Plan.

Allocation of Plan Earnings and Losses

Earnings and losses from the Plan's investments are allocated to participant accounts monthly, based on account balances at the beginning of the period as further defined in the Plan document.

Forfeitures

Participants that terminate employment with the Firm with unvested benefits may rehire with the Firm before five consecutive breaks in service and retain the prior vesting schedule. After five consecutive uninterrupted breaks in service, all prior vesting service is forfeited. Forfeitures from the Firm's discretionary contributions are used to pay administrative expenses of the Plan and reduce future Firm contributions. For the year ended December 31, 2020, $81,670 was used to reduce Firm profit sharing contributions and administrative expenses. As of December 31, 2020 and 2019, $9,386 and $34,981, was available to be used in future years, respectively.

Administrative Expenses

To the extent not paid by the Plan, administrative expenses are paid by the Firm.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method in accordance with U.S. generally accepted accounting principles.

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

The Plan measures its investments at fair value on a recurring basis. The inputs used to develop fair value are ranked to indicate the quality and reliability of the resulting fair value measures, as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mutual Funds

These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts include investments in various securities, primarily stocks, bonds, mutual funds and cash and cash equivalents. These investments are valued using quoted prices in active markets.

Collective Trusts

The Plan holds investments in flexPATH Index (Funds) which are managed by Wilmington Trust and invests in assets (typically common stock and mutual funds). The fair value of the units of their investments are based on the fair value of the mutual funds underlying investments, and a NAV can be calculated for this fund.

The investment in the collective trusts are valued at NAV per unit, as determined by the trustee at year-end. The NAV is used as the practical expedient to estimate fair value. Audited financial statements are available for their investments. Income is accounted for as of the trade date and realized gains and losses from investment transactions are determined using the average cost method. Interest income includes accretion of discounts and amortization of premiums, if any, and does not contain redemption restrictions.

The Plan also hold other assets not measured at fair value on a recurring basis, including employer and participant contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

Money Market Funds

These investments are valued using $1 for the NAV.

The investments held by the Plan are measured using Level 1 inputs. The Plan also holds other assets not measured at fair value on a recurring basis, including employer and participant contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Total
Investments at fair value:		
Self-directed brokerage accounts	$ 2,743,598	$ 2,743,598
Mutual funds	23,537,669	23,537,669
Money market funds	3,438,534	3,438,534
Collective trusts measured at NAV*	-	51,927,946
	$ 29,719,801	$ 81,647,747

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Total
Investments at fair value:		
Self-directed brokerage accounts	$ 1,707,465	$ 1,707,465
Mutual funds	22,011,787	22,011,787
Money market funds	2,492,974	2,492,974
Collective trusts measured at NAV*	-	43,946,465
	$ 26,212,226	$ 70,158,691

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Financial Information Certified by the Plan's Custodians (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity Management Trust Company, the custodian and party-in-interest as defined by ERISA, as of December 31, 2020 and 2019 and for the year ended December 31, 2020, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2020	2019
Self-directed brokerage accounts	$ 2,743,598	$ 1,707,465
Mutual funds	23,537,669	22,011,787
Collective trusts	51,927,946	43,946,465
Money market funds	3,438,534	2,492,974
Notes receivable from participants	990,092	711,769
Total	$ 82,637,839	$ 70,870,460
Interest and dividends	$ 738,677	
Interest income on notes receivable from participants	$ 39,251	
Net appreciation in fair value of investments	$ 9,056,505	

5. Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management Trust Company. Fidelity Management Trust Company received an opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

6. Related Party Transactions and Party-In-Interest Transactions

Certain investments are managed by the custodian, Fidelity Management Trust Company, and, therefore, these transactions qualify as a party-in-interest transactions. Some fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than by direct payment.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020:

Net assets available for benefits per the financial statements	$	84,264,270
Employer contributions receivable		(1,529,060)
Participants contributions receivable		(97,371)
Net assets available for benefits per Form 5500	$	82,637,839

8. Uncertainty

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. The coronavirus outbreak has severely restricted the level of economic activity nationwide. Due to the pandemic, the Plan experienced losses in its investment portfolio, none of which were determined to be other than temporary. Given the uncertainty of the spread of the coronavirus, the related financial impact to the Plan, if any, cannot be determined at this time.

9. Subsequent Events

Plan management evaluated subsequent events through the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
