Notes to Financial Statements

(1) DESCRIPTION OF PLAN

The following description of the Profit Sharing Retirement Plan for Divisions and Subsidiaries of Emerson Electric Co. (the Plan) provides only general information. Participants should refer to the Plan prospectus, the Plan document and the Plan's summary plan description for additional information.

General

The Plan is a defined noncontributory profit sharing plan sponsored by Emerson Electric Co. (Emerson or the Company), subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers eligible employees of the following: Micro Motion, Inc., a location or facility previously operated by Roxar, Inc., Process Systems and Solutions, Emerson Process Management LLLP, Remote Automation Solutions (Bristol, Inc), Energy Solutions International, U.S. Zedi Products, Therm-O-Disc, Inc., Fusite, Thunderline Z, Inc., Automatic Switch Company (including ASCO Valve, Inc., or ASCO), Topworx Inc., Numatics, Inc. (Michigan based), Tescom Corporation at Elk River, Minnesota, InSinkErator, Daniel Measurement and Control, Inc., and Valve Automation, Inc. The Management Review Committee is responsible for oversight and has administrative responsibility for the investment management and funding of the Plan.

Employer Contributions

The Company has voluntarily agreed to make contributions to the Plan. Contributions, with certain limitations or minimums, are determined annually in accordance with Plan provisions and approved by a resolution of the Company's board of directors. All contributions are made conditional upon their deductibility for Federal income tax purposes.

Forfeitures of unvested Company contributions by terminated employees may be allocated to participants, used to offset Company contributions for certain participating business units, or used to pay Plan expenses. Forfeitures totaled \$1,194,466 and \$733,176 in 2020 and 2019, respectively. Of those amounts, respectively, \$338,510 and \$193,250 were allocated to participants, \$745,872 and \$515,491 were used to offset contributions, and \$110,084 and \$24,435 were unallocated.

Participant Accounts

Each participant's account is credited with an allocation of (i) Company contributions, if any, dependent on each business unit's contribution formula, (ii) Plan earnings, and (iii) applicable forfeitures of unvested Company contributions. Allocations are based on the ratio of a participant's eligible compensation to total eligible compensation of all Plan participants, unless otherwise stipulated by the Plan. Earnings and dividends attributable to investments held in participants' accounts are credited to the participants' accounts.

Vesting

Participants vest in amounts credited to their account at a predetermined percentage for each full year of service in the Plan, with 100% vesting no later than at the end of five years of service (whether or not consecutive). All amounts fully vest upon retirement, or due to death, total and permanent disability, or termination of the Plan.

Investment Options

Participants designate the portion of their total contribution to be invested in the various Plan investment funds in 1% increments. Participants may change their investment elections at any time, and transfer any part of an existing account balance to any other available investment fund, as permitted by Plan and fund policies. Transfers are made in 1% increments. A maximum of six transfers may be made per quarter. No advance notice is required for transfers. Certain restrictions exist on transfers into or out of the Emerson Common Stock Fund by the Company's executive officers.

AND SUBSIDIARIES OF EMERSON ELECTRIC CO.**

Notes to Financial Statements

Available mutual fund investments as of September 30, 2020 included the following: equity and equity index funds investing primarily in common stocks – Dodge & Cox Stock Fund, Primecap Odyssey Aggressive Growth Fund, Vanguard U.S. Growth Fund, Vanguard Selected Value Fund, Vanguard Extended Market Index Fund, Vanguard Growth Index Fund, Vanguard Emerging Markets Stock Index Fund, Vanguard Total International Stock Index Fund and Vanguard Value Index Fund; a fixed income index fund investing in a diversified portfolio of bonds – Vanguard Short-Term Bond Index Fund. Collective funds and trusts, which are private, include the following: equity funds investing primarily in common stocks – Capital Group U.S. and International Equity Funds, and the Vanguard Institutional 500 Index Trust; balanced trusts investing in a mix of stocks, bonds and cash – The Vanguard Target Retirement Trusts ranging from 2015 to 2065 and the Vanguard Target Retirement Income Trust; fixed income trusts investing primarily in a diversified portfolio of bonds – Loomis Sayles Core Plus Fixed Income Trust and the Vanguard Institutional Total Bond Market Index Trust. Participants may also invest in the JP Morgan 100% U.S. Treasury Securities Money Market Fund and the Emerson Common Stock Fund. All funds may temporarily invest in cash and cash equivalents and also hold cash for liquidity.

The Vanguard Morgan Growth Fund merged into the Vanguard U.S. Growth Fund on April 5, 2019. The merged funds will retain the latter's name.

Notes Receivable from Participants in Master Trust

Participants can borrow from the Plan at a rate of 1% over the Prime Rate on the date of borrowing as received by Vanguard from Reuters. Notes are secured by the balance in the participant's account, with payment terms generally between one and four years. With certain exceptions, participants can borrow the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding note balance during the prior 12 months. Notes are not issued to participants who already have a note outstanding. Participant notes are valued at amortized cost plus accrued interest. Under ERISA guidelines, certain delinquent notes are deemed to be distributed for Internal Revenue Service (IRS) Form 5500 reporting purposes.

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted in March 2020, Plan participants could request a delay of note repayments for repayments that were scheduled to occur between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Payment of Benefits

Participants or their designated beneficiaries are entitled to receive the amounts credited to their accounts on retirement, death, or permanent disability. Participants are also entitled to receive vested amounts upon termination. Each participant's distribution under the Plan is payable as a lump sum, or in certain instances, installments or other forms of payment retained from prior plans. Partial distributions (up to one per month) are permitted with a minimum amount of \$100. Participants may elect to receive a lump sum distribution entirely in cash, or in a combination of cash and shares of Emerson common stock. Distribution of vested account balances of at least \$5,000 may be deferred by retired employees until age 72, at which time required minimum distributions under ERISA must begin. The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement (SECURE) Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased December 31, 2020.

The Plan permits participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Notes to Financial Statements

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Benefit payments are recorded when paid as all assets are available to pay benefits.

Investment Valuation and Income Recognition

See Notes 9 and 10 regarding investments in the Master Trust.

Risks and Uncertainties

The Plan invests in securities and mutual funds which are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that significant changes in the values of investment securities could occur in the near term. Such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

During 2020, the global outbreak of COVID-19, which was declared a pandemic by the World Health Organization in March, has led to significant volatility in financial markets. The ultimate impact of COVID-19 on Plan assets, which may be material, is uncertain and will depend on future developments.

Operating Expenses

Through August 31, 2020, administrative expenses necessary for the operation and management of the Plan were shared by the Company and Plan participants. The Company has not paid transaction costs for brokerage commissions for the Emerson Common Stock Fund, or investment management fees and expenses charged directly against the investment funds. As of September 1, 2020, administrative expenses are paid solely by the Plan participants.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(3) TAX STATUS

The IRS has determined, and informed the Company by a letter dated August 29, 2017, that the Plan and its related trust are designed in accordance with applicable sections of the Code. Plan amendments have been made subsequently which were not specifically covered by the 2017 letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code, and therefore remains tax qualified. As of September 30, 2020, there are no uncertain tax positions.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(4) TRANSFERS TO OTHER PLANS

In 2020 and 2019, certain participant accounts were transferred to other Company or third-party benefit plans, as those participants transferred from one Company business unit to another, became employees of the Company, or ceased employment with the Company.

(5) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments in the Master Trust, including some mutual funds and collective funds, are managed by Vanguard, the Plan's trustee and recordkeeper. Additionally, the Company is the Plan sponsor and the Emerson Common Stock Fund is an investment option. These transactions qualify as "party-in-interest" transactions and are allowable under ERISA regulations.

Notes to Financial Statements

(6) TRUSTEE CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to Master Trust Investment, Plan Interest in Emerson Electric Co. Master Trust and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including notes receivable from participants held at September 30, 2020 and 2019, and net investment income, and interest income on notes receivable from participants for the years ended September 30, 2020 and 2019 was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee of the Plan. Information as to the value of investments and participant notes receivable, earnings on investments and interest from participant notes, and all information in the accompanying supplemental schedule is presented solely in reliance on this certification.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan at any time, subject to applicable provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

(9) MASTER TRUST

All of the Plan's investments are held in a Master Trust, consisting of the Plan and other defined contribution plans of Emerson Electric Co. and subsidiaries. All Plan income or loss is derived from Master Trust investment appreciation or depreciation and investment income (interest and dividends). Net appreciation/depreciation includes the gains and losses on investments bought and sold as well as held during the year.

**PROFIT SHARING RETIREMENT PLAN FOR DIVISIONS
AND SUBSIDIARIES OF EMERSON ELECTRIC CO.**

Notes to Financial Statements

Each participating plan's interest in the assets of the Master Trust is based on participant account balances. Additionally, notes receivable from participants are included in the Master Trust. Master Trust investment income and expenses are allocated to participating plans based on respective balances.

The Plan's investments in the Master Trust are stated at fair value. The fair values of mutual funds and the Emerson Common Stock Fund are based on quoted market prices in active markets. Money market funds are stated at cost, which approximates fair value. Investments measured using the net asset value (NAV) as a practical expedient are primarily collective funds and trusts where the underlying securities have observable prices available from active markets. There are no redemption restrictions or unfunded commitments related to these investments. The cost basis of investments held under the Plan is determined using the average cost method of accounting.

Effective October 1, 2019, we adopted Accounting Standards Update (ASU) No. 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) Employee Benefit Plan Master Trust Reporting. This update requires the Plan's interest in the Master Trust, and any change in that interest, to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. This update also requires the Plan to disclose the dollar amount of its investments measured at fair value by general type of investment and the investments and other assets and liabilities of the Master Trust, as well as the dollar amount of its interest in these balances. The updates in this ASU were applied on a retrospective basis. The adoption of this standard did not have a material impact on the Plan's financial statements or related disclosures.

The following table presents the fair values of all investments in the Master Trust and the Plan's interest in the Master Trust balances.

	Year Ended September 30, 2020	
	Master Trust Balances	Plan's Interest in Master Trust Balances

(10) FAIR VALUE MEASUREMENTS

Under ASC 820, *Fair Value Measurement*, a formal hierarchy and framework exists for measuring fair value and making disclosures about fair value measurements and the reliability of valuation inputs. Within the hierarchy, Level 1 instruments use observable market prices for the identical item in active markets and have the most reliable valuations. Level 2 instruments, of which there are none, are valued through broker/dealer quotation or through market-observable inputs for similar items in active markets, including forward and spot prices, interest rates and volatilities. Level 3 instruments, of which there are none, are valued using inputs not observable in an active market, such as entity-developed future cash flow estimates, and are considered the least reliable.

Following is a categorization of all Master Trust investments (see Note 9) by level within the ASC 820 fair value hierarchy. Investments valued based on the net asset value practical expedient are excluded from the fair value hierarchy. There were no asset transfers between levels during either year shown.
