The Plan Administrator
GAF, LLC Union Capital Accumulation Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of GAF, LLC Union Capital Accumulation Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2020 and 2019, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

GAF, LLC
Union Capital Accumulation Plan

Notes to Financial Statements

December 31, 2020

1. Plan Description

The following plan description is provided for general information purposes only. Participants of the GAF, LLC Union Capital Accumulation Plan (the Plan) should refer to the Plan document for a more detailed and complete description of the Plan's provisions.

General

The Plan is sponsored by GAF, LLC and its subsidiaries (the Company, GAF or the Plan Sponsor) and is a participant-directed defined contribution plan covering eligible employees of the Company and each of its affiliates that is a participating employer to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All hourly union employees of GAF employed at certain operating facilities become eligible to participate in the Plan on January 1 or July 1 following the later of the completion of one hour of service or the date upon which the eligible employee completes a 30-day probationary period, with the exception of one union whose collective bargaining agreement provides that an employee becomes eligible to participate in the Plan on the first day of the month following the date the eligible employee completes 90 days of service.

Contributions

Participants determine into which investment funds made available under the Plan their individual contributions are directed. Contributions may be allocated to any combination of the investment funds in multiples of 1%. Participants are also permitted to change the allocation among investment funds for their future and previous contributions. Such changes are subject to certain Plan limitations.

Under the terms of the Plan, contributions are outlined as follows:

Elective Contributions

Participants may elect to defer up to 30% of their annual compensation, as defined, and contribute such amounts to the Plan as pre-tax or as Roth after-tax salary reduction contributions.

1. Plan Description (continued)

In order to satisfy the nondiscrimination requirements of Section 401(k) of the Internal Revenue Code of 1986 (the Code), contributions are limited to the extent necessary so that the actual deferral percentage for the highly compensated group is in compliance with the limitations, as defined, by the Code. In addition, pretax contributions and Roth after-tax contributions were limited to a maximum of $19,500 and $19,000 for 2020 and 2019, plus a "catch-up" contribution up to 10% of annual compensation, as defined, up to a maximum of $6,500 for 2020 and $6,000 for 2019 for participants who have attained the age of 50 as of December 31 in such calendar year. Furthermore, in order to satisfy the rules of Section 415 of the Code, in no event shall the annual additions, as defined, exceed the lesser of $57,000 and $56,000 for 2020 and 2019, respectively, or 100% of a participant's compensation, as defined.

Voluntary Contributions

Participants may elect to make voluntary after-tax contributions to the Plan which shall not exceed 10% of their compensation, as defined, for the Plan year.

Employer Contributions

As of December 31, 2020 and 2019, the Plan Sponsor made matching and basic contributions for all locations as required by the respective collective bargaining agreements. As of December 31, 2020, there were no longer any union locations which required basic contributions. Such matching and basic contributions vary depending on the employee's location.

Vesting

A participant shall have a fully vested interest in his or her pre-tax, Roth, voluntary, rollover and basic contribution accounts at all times. A participant shall vest 20% in his or her matching contributions account for each year of vesting service earned by such employee.

Any unvested matching contributions that are forfeited may be used to reduce future employer matching contributions or to pay reasonable expenses of administering the Plan. For 2020 and 2019, forfeitures used to reduce employer matching and basic contributions were $20,441 and $7,674, respectively. As of December 31, 2020 and 2019, there were $12,878 and $10,768 forfeitures available to be used to reduce future employer matching and basic contributions.

1. Plan Description (continued)

Participant Accounts

Each participant's account reflects the participant's contributions and an allocation of the employer's contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are allocated based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers

Participants may elect to roll over amounts from other qualified plans or individual retirement accounts into this Plan upon submitting a Rollover Contribution form to Vanguard Fiduciary Trust Company (the Trustee or Vanguard).

Transfers from Other Qualified Plans

Participants may elect to transfer amounts from other qualified plans into the Plan as follows:

(a) Participants who have an interest in another qualified employee benefit plan (as described in Section 401(a) of the Code) may transfer the lump-sum value of their accrued benefits directly into the Plan.

(b) Participants may contribute amounts which were received from a qualified employee benefit plan in which they previously participated and which are permitted to be contributed to the Plan in accordance with the Code.

Payment of Benefits

Participants may withdraw funds from their vested account in the event of their retirement, death, termination, or hardship withdrawal, as defined. In addition, upon attainment of 59½ years of age, participants may withdraw all or any portion of their remaining vested account balance. Upon termination of employment or death of a participant, the vested account balance will be distributed to a participant or beneficiary either in the form of a lump-sum distribution or in installments over a predetermined period. If the value of a participant`s vested account balance exceeds $5,000, the participant or beneficiary may elect to defer distribution in accordance with Plan provisions.

1. Plan Description (continued)

Hardship Withdrawals

The Plan allows a participant who has not attained the age of 59½ the ability to withdraw all or part of his or her vested participant account, except that portion which represents earnings on elective contributions, but only upon determination by the plan administrator that the participant has suffered an immediate and heavy financial need, as defined in the Plan. Such withdrawal shall not exceed the amount necessary to meet the immediate and heavy financial need.

Notes Receivable From Participants (Participant Loans)

The Plan allows participants from certain locations to borrow against their aggregate balance outstanding in the Plan. Total loans to a participant cannot exceed the lesser of 50% of the participant's account balance based upon the most recent valuation up to a maximum amount of $50,000 (reduced by the highest outstanding loan balance in the previous 12 months). The minimum amount of any loan granted to a participant shall be at least $1,000, and the interest rate for each loan is based on prevailing market rates at the time the loan is approved. Loans are required to be repaid within five years, unless used to purchase or acquire a qualified dwelling. Loans are offset against the participant's account and the related portion does not share in any income, expenses, gains or losses (other than the interest on the loan) which are realized by the Plan. The entire unpaid principal amount of the loan will become immediately due either upon the participant's termination of employment or a default in payment of either principal or interest. In the event of a default in payment, if the outstanding loan balance is not paid in full, it is treated as a deemed distribution, for which the participant is required to pay taxes and penalties.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. The CARES Act defined a qualified individual as a participant who had COVID-19 or experienced financial impact as a result of COVID-19. As part of the provisions of the CARES Act, the following amendments were signed:

- Temporary Increase in Plan Loan Limit: For loans taken by qualified individuals from March 27, 2020 through September 23, 2020, the maximum loan limit is increased to the lesser of 100% of the participant's account up to a maximum amount of $100,000.

1. Plan Description (continued)

- Temporary Loan Repayment Suspension: Qualified individuals may have their repayments from March 27, 2020 through December 31, 2020 delayed up to one year. Non-qualified individuals may delay payments from April 1, 2020 through July 14, 2020.

Plan Termination

Although it has not expressed any intent to do so, GAF reserves the right under the Plan to discontinue or terminate the Plan at any time subject to the provisions of ERISA. In the event that such termination occurs, all amounts credited to participant accounts will become 100% vested. The net assets of the Plan would then be distributed to the participants in lump-sum form.

2. Summary of Significant Accounting Policies

Following is a summary of the significant accounting policies of the Plan:

Basis of Accounting

Accounting records of the Plan are maintained on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The fair value of the Plan's interest in the GAF Materials Corporation Capital Accumulation Plan's Master Trust (the Master Trust) (see Note 3) is based on the beginning of year value of the Plan's interest in the trust plus contributions and investment income or loss less distributions and administrative expenses.

The Master Trust's investments in money market, common stocks, bonds and commingled funds are stated at fair value. Quoted market prices are used to value such investments. Securities transactions are recorded on the trade date (the day the order to buy or sell is executed).

2. Summary of Significant Accounting Policies (continued)

The Master Trust holds assets in the Vanguard Retirement Savings Trust III (the Trust), which is a guaranteed investment trust that holds investment contracts issued by high-quality insurance companies and banks as rated by Vanguard (the adviser to the trust's sponsor). This asset is valued as discussed in "Fair Value Measurements".

Purchases and sales transactions are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Capital gains and losses are included in dividend income.

Fair Value Measurements

The accounting guidance on fair value measurements and disclosures establishes a valuation hierarchy that prioritizes the inputs used to measure fair value based on three defined levels or criteria. The hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the reporting entity's market assumptions. The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 – Quoted prices for identical instruments in active markets;
- Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable; and
- Level 3 – Instruments whose significant inputs are unobservable and for which estimates of fair value are determined using related market data.

The following is a description of the valuation methodology used for the assets measured at fair value at December 31, 2020 and 2019:

Common Stocks, Bonds, and Commingled Funds: Valued at the closing price reported on the active market.

2. Summary of Significant Accounting Policies (continued)

Money Market Fund: Valued at quoted NAV of shares held by the Plan at year-end reported on the active market.

Guaranteed Investment Trust: Valued at the NAV of units held by the Master Trust at year end. NAV is based on the value of the underlying securities. With the adoption of ASU 2018-09 (see "New Accounting Pronouncements") such NAV was assessed as having a readily determinable fair value at December 31, 2020. Prior to such adoption, this investment was valued at the NAV as a practical expedient.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2020, the Master Trust held no investments classified as Level 2 or Level 3. The following table provides the fair value hierarchy of the Master Trust investments as of December 31, 2020:

	Level 1
Common stock funds	**$ 330,934,936**
Money market funds	**190,852**
Bond funds	**65,512,416**
Commingled funds	**300,311,905**
Guaranteed investment trust	**87,359,804**
Total investments	**$ 784,309,913**

2. Summary of Significant Accounting Policies (continued)

As of December 31, 2019, the Master Trust held no investments classified as Level 2 or Level 3. The following table provides the fair value hierarchy of the Master Trust investments as of December 31, 2019:

	Level 1
Common stock funds	$ 297,614,964
Money market funds	133,718
Bond funds	56,624,419
Commingled funds	268,887,308
Total investments in the fair value hierarchy	623,260,409
Guaranteed investment trust, at NAV[(a)]	66,474,167
Total investments	$ 689,734,576

[(a)]This category represents investments in the Trust. Investments in the Trust can be transferred out into a stock fund, a balanced fund, or a bond fund with an average duration of more than four years as often as the Plan allows. The funds must remain in such investments for 90 days before they can be transferred into a shorter-term bond or money market fund. Funds can always be transferred back into the Trust, even if they were transferred out within the last 90 days. If the Plan were to eliminate this fund as an investment option, Vanguard can, at its option, require that the Plan's investment in the fund remain invested for a one-year period as long as the Plan's portfolio manager and the Plan participants are notified. These assets are measured at fair value using the NAV per share as the practical expedient and not classified within the fair value hierarchy.

Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the IRS) dated June 14, 2018, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan has been amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt. In addition, the plan administrator indicated that they will take the necessary steps, if any, to bring the Plan`s operations into compliance with the Code.

2. Summary of Significant Accounting Policies (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Administrative Expenses

Expenses attributable to the management and investment of each investment fund shall be charged against the respective fund. As provided by the Plan, administrative expenses are paid by either the Plan or the Company. In 2020 and 2019, administrative expenses were paid by the Plan and the Company. Expenses paid directly by the Company are not included in the Statement of Changes in Net Assets Available for Benefits of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants (Participant Loans)

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued and unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

New Accounting Pronouncements

In July 2018, the FASB issued ASU 2018-09, *Codification Improvements,* which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with Accounting Standards Codification 820, *Fair Value Measurement.* Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The Plan adopted ASU 2018-09 for the year ended December 31, 2020. In connection with the adoption, the Plan has prospectively included certain investments in the fair value hierarchy disclosure that were previously excluded from such disclosure because those investments previously used the net asset value per share practical expedient.

3. Investments

The Master Trust includes the investment assets of the Plan and the GAF, LLC 401(k) Plan. The investment balances of each individual plan in the Master Trust are directly reflective of the participants' individual account balances.

3. Investments (continued)

4. Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule including the Plan's share of investments in the Master Trust, the notes receivable from participants, the Plan's interest in the investment income of the Master Trust and interest income on notes receivable from participants was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, the Trustee of the Plan.

5. Parties-In-Interest Transactions

Certain Plan investments are managed by the Trustee and are considered parties-in-interest. All investment transactions with such parties-in-interest qualify as party-in-interest transactions and are exempt from the prohibited transactions rules. Fees incurred by the Plan for the investment management services include administrative services.

6. Subsequent Events

The Company evaluated subsequent events for the Plan through July 15, 2021, the date the financial statements were available to be issued.

Effective January 1, 2021, the Tuscaloosa manufacturing facility union employees began participating in the Plan. The net assets maintained in the previous Tuscaloosa plan merged into the Plan on June 1, 2021 with the aggregate transfer amount of approximately $10,000,000.
