1. DESCRIPTION OF THE PLAN

The following description of The Bank & Trust 401k and Profit Sharing Plan (the "Plan") provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering almost all employees of Westex Bancorp, Inc. and subsidiaries (collectively known as the "Company") that have completed at least six months of service within the first year of employment and are at least eighteen years of age. The Plan specifically excludes those covered by a collective bargaining agreement, leased employees, non-resident aliens and independent contractors. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan assets are held in trust and administered by Fidelity Management Trust Company (the "Trustee").

Current Year Amendments – The Plan was amended on March 23, 2020 modifying funds available for participants to invest in and revisions to the Plan's service agreement with the trustee, FMTC.

Contributions – An eligible Participant may authorize the Company to withhold one percent up to one hundred percent of eligible compensation not to exceed the annual limits established by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Bonus compensation is not deferred unless elected by the participant to do so. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at five percent of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The Company will increase participant's deferral rate by 1% annually unless the participant elects not to do so. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participant contributions are invested in accordance with investment directions provided to the Trustee by each participant.

Employer Contributions – The Company, at its discretion, may make qualified non-elective contributions to eligible participants, allocated in proportion to their respective compensation. During the years ended December 31, 2020 and 2019, the Company declared **$354,352** and $565,929, respectively, in profit sharing discretionary contributions to the Plan paid in the following year. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Participants' interest in the employer profit sharing discretionary contributions in most cases vests as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants – Participant's may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and a participant may only have one receivable outstanding at any point in time. The loan interest rate, determined quarterly, is set at one percent above the prime rate, as defined. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments. Absent election, participant balances less than $5,000 as of the date of termination are distributed in accordance with the Plan provisions.

Withdrawals – Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A hardship withdrawal is available under limited circumstances, which the participant must document. A non-hardship withdrawal is available under certain circumstances, depending on the participant's age, length of Plan participation, and/or type of account or sub-account involved.

Forfeited Accounts – Forfeited balances of terminated participants' nonvested accounts are used to first pay administrative expenses and then to reduce future Company contributions. At December 31, 2020 and 2019, forfeited non-vested accounts totaled **$30,062** and $37,296, respectively. During 2020, **$14,648** was forfeited by participants who withdrew from the Plan and net earnings were **$453**. During 2020, **$5,000** was used to offset plan expenses and **$17,335** was used to offset profit sharing contributions.

Administrative Expenses – Plan expenses are charged to the Plan Sponsor and paid using forfeited funds, if applicable. Fees associated with specific transactions (loans, distributions, etc.) are charged to the participant as incurred. All fees are deducted from the participant's account as those fees are assessed.

1. DESCRIPTION OF THE PLAN (continued)

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer discretionary contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are reported on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Funding Policy – It is the policy of the Plan's employer to deposit the participants' withheld contributions within the ERISA required time limit which is the earliest date they can segregate deferrals from general assets.

Payment of Benefits – Benefits are recorded when paid.

Withdrawing Participant Obligations – Amounts allocated to withdrawing participants are claims that have been processed and approved for payment prior to year-end, but not paid as of that date. These amounts were not deemed material at December 31, 2020 and 2019.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties – Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Adoption of New Accounting Standard - In August 2018 the FASB issued ASU No. 2018-13, "*Fair Value Measurement (Topic 820) – Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement."* The ASU amends certain disclosure requirements of ASC 820. The ASU removes the requirement to disclose the amount of and reasons for transfers between level 1 and level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also modifies the disclosure for investments in certain entities that calculate net asset value as a practical expedient to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. The ASU clarifies the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. The ASU was effective as of the 2020 plan year. The Plan has adopted the ASU and noted no material change to its financial statement disclosures.

3. PARTY-IN- INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the services provided by the Trustee amounted to **$900** for the year ended December 31, 2020. Fees paid by the Plan for audit services provided by Fisher, Herbst & Kemble amounted to **$5,000** for the year ended December 31, 2020. Various indirect investment expenses were paid from the participant investment earnings as described in Form 5500 Schedule C. In 2020, all other plan administrative fees were paid directly by the Plan Sponsor.

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations, information prepared and certified by a bank or insurance company, which is regulated, supervised and subject to periodic examination by a state or federal agency, need not be audited. The Plan Administrator has received certification from the Trustee of the market value of the Plan's portfolio as of December 31, 2020 and 2019, and on interest income, dividend income, and the cost and market value of the Plan transactions made during the year ended December 31, 2020. The Plan's financial statements and supplemental schedule have been prepared based upon this certified information. No auditing procedures were performed with respect to the information certified as complete and accurate by the Trustee.

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED) (continued)

The following presents the total investments at December 31:

	2020	2019
Money Market Funds	**$ 1,335,646**	$ 1,094,426
Mutual Funds	**20,655,007**	15,771,895
Total investments	**$ 21,990,653**	$ 16,866,321

The following presents investment income at December 31, 2020:

Interest and dividends	**$ 769,203**
Net change in fair value of investments	**3,276,154**
Total investment income	**$ 4,045,357**

5. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The net assets available for benefits and the changes in net assets available for benefits per the financial statements reconciled to Schedule H of Form 5500 without a difference.

6. INCOME TAX STATUS

The IRS has determined and informed the Plan Administrator by a letter dated June 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Trustee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

7. FIDELITY BOND

The Plan was covered by a fidelity bond for the years ended December 31, 2020 and 2019 which was within the prescribed limits as set forth by the ERISA.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB Accounting Standards Codification 820 ("FASB ASC 820"), "*Fair Value Measurements and Disclosures"*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 Inputs – Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (for example, interest rates, volatilities, prepayment speeds, loss severities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs – Significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The Plan Administrator determines fair value based on quoted market prices, where available. If quoted prices are not available, fair value is estimated based upon other observable inputs. The Plan Administrator uses unobservable inputs when observable inputs are not available. Adjustments may be made to reflect the assumptions that market participants would use in pricing the asset or liability.

Money Market and Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The following table present information about the Plan's assets measured at fair value on a recurring basis and indicate the fair value hierarchy of the inputs utilized to determine those fair values:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value

Total assets in the fair value hierarchy	$ 16,866,321	$ -	$ -	$ 16,866,321

9. SECURE AND CARES ACTS

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted. The CARES Act provides immediate and temporary relief for eligible retirement plans and their participants who were adversely impacted by COVID-19. The Plan has adopted the provisions of the CARES Act to allow these participants to: take coronavirus-related distributions and loans, penalty-free, up to $100,000, and up to 100% of the vested account balance; defer loan repayments until December 31, 2020; and temporarily suspend required minimum distributions.

The Plan operationally has adopted certain participant loan and withdrawal provisions of the CARES Act that are effective for portions of the 2020 Plan Year in order to provide relief to Participants affected by COVID-19. To comply with the CARES Act, the Plan will be amended on or before December 31, 2022, or such later date as the Secretary of the Treasury may prescribe, to reflect the changes made to the Plan.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE") Act was enacted and was effective beginning on January 1, 2020. The SECURE Act provisions included, among other things, an increase in the age limit for required minimum distributions from 70½ to 72. Effective January 1, 2020, the Plan does not require a six-month suspension period on Elective Deferrals (and after-tax contributions) following a hardship distribution, and the Plan discontinued any remaining portion of the suspension for hardship distributions made prior to January 1, 2020.

9. SECURE AND CARES ACTS (continued)

The Plan operationally has adopted certain required minimum distribution provisions of the SECURE Act that are effective beginning with the 2020 Plan Year, including not requiring minimum distributions until age 72. To comply with the SECURE Act, the Plan will be amended on or before December 31, 2022, or such later date as the Secretary of the Treasury may prescribe, to reflect the changes made to the Plan.

10. COVID-19 RISKS AND UNCERTAINTIES

On January 31, 2020, the Secretary of Health and Human Services declared a public health emergency in response to the spread of coronavirus disease 2019 ("COVID-19"). The COVID-19 pandemic and subsequent global recession are having significant effects on global markets, supply chains, businesses, and communities. The extent to which the pandemic will impact the Plan will depend on future developments, which are highly uncertain and cannot be predicted or estimated.

11. SUBSEQUENT EVENTS

The Plan Sponsor has performed a review of subsequent events through July 9, 2021, which is the date the financial statements were available for issuance, and concludes there were no other events or transactions occurring during this period that required recognition or disclosure in the financial statements. Any events occurring after this date have not been factored into the financial statements being presented.
