NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

1. DESCRIPTION OF PLAN

The following description of The Ohio Moulding Corporation 401(k) & Profit Sharing Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of OMCO Holdings, Inc. and Subsidiaries (the Company) who have at least 30 days of service and are age 20 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan on a per pay basis.

The Company may make discretionary profit sharing contributions. For the years ended December 31, 2020 and 2019, no discretionary profit sharing contributions were made.

Contributions are subject to certain limitations as mandated by the Internal Revenue Code (IRC).

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion and the discretionary profit sharing portion of their accounts is based on the following table:

<u>Years of Service</u>	<u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their vested account balance, less defaulted loans (if any). During 2020, the Plan also allowed for loans up to a maximum of \$100,000 or 100% of their account balance for loans issued from March 27, 2020 through September 22, 2020. In addition, certain loan payments may have been elected to be suspended through December 31, 2020. The loans are secured by the balance in the participants account and bear interest at 1.00% plus prime interest rate. The term of the loan may not exceed 5 years or 15 years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In addition, during 2020 the Plan allowed for distributions up to \$100,000 for participants impacted by COVID-related illness or financial hardship.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in administrative expenses.

Beginning in 2020, the Company is eligible for expense reduction credits in the form of revenue sharing from the Plan's investment options. These credits are used to offset administrative expenses and are netted against administrative expenses in the statements of changes in net assets available for benefits. For the year ending December 31, 2020, expense reduction credits totaling \$10,329 were allocated to participant accounts.

Forfeited Accounts

The following table sets forth a summary of changes in the forfeiture account for the years ended December 31, 2020 and 2019. The amounts remaining will be used in accordance with the applicable Plan provisions.

	2020	2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

THE OHIO MOULDING CORPORATION
401(K) & PROFIT SHARING TRUST

NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Defaulted notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements*. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. This has been applied for the year ended December 31, 2020 with no significant impact on the financial statements.

THE OHIO MOULDING CORPORATION
401(K) & PROFIT SHARING TRUST

NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through June 15, 2021, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2020 and 2019, the contract value of the fully benefit-responsive investment contract was \$1,075,492 and \$938,205, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.04 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

THE OHIO MOULDING CORPORATION
401(K) & PROFIT SHARING TRUST

NOTES TO FINANCIAL STATEMENTS (Continued)

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the contract issuers and with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability,
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

THE OHIO MOULDING CORPORATION
401(K) & PROFIT SHARING TRUST

NOTES TO FINANCIAL STATEMENTS (Continued)

4. FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Description	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,576,573	\$ -	\$ -	<u>\$ 12,576,573</u>
TOTAL INVESTMENTS AT FAIR VALUE				<u>\$ 12,576,573</u>

THE OHIO MOULDING CORPORATION
401(K) & PROFIT SHARING TRUST

NOTES TO FINANCIAL STATEMENTS (Continued)

4. FAIR VALUE MEASUREMENTS (Continued)

Description	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,555,363	\$ -	\$ -	\$ 10,555,363
TOTAL INVESTMENTS AT FAIR VALUE				<u>\$ 10,555,363</u>

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2020 and 2019, there were no such transfers.

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2020 and 2019 has been certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, investments at contract value, notes receivable from participants, interest and dividends, interest on notes receivable from participants, and net appreciation in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

THE OHIO MOULDING CORPORATION
401(K) & PROFIT SHARING TRUST

NOTES TO FINANCIAL STATEMENTS (Continued)

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Great-West Life & Annuity Insurance Company or Great-West Trust Company, LLC, the custodians, and, therefore, these transactions qualify as party-in-interest. The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts, and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

8. TAX STATUS

The prototype plan sponsor has obtained an opinion letter dated March 30, 2014, in which the Internal Revenue Service stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself and has been amended since the date of the opinion letter; however, the plan administrator believe that the Plan was designed, and is being operated, in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.
