Kendra Scott 401(k) Plan

Notes to Financial Statements

As of December 31, 2020 and 2019
and for the year ended December 31, 2020

1. Description of the Plan

Kendra Scott 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Kendra Scott, LLC (the "Company" or "Plan Sponsor"). The Plan became effective January 1, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan assets are held by Great-West Trust Company, LLC. Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Plan Amendments

Effective May 10, 2020, the Plan was amended to discontinue providing Qualified Automatic Contribution Arrangement (QACA) employer safe harbor matching contributions.

Effective December 1, 2020, the Plan was amended and restated to comply with legislative and regulatory changes set forth in Internal Revenue Service (IRS) Notice 2017-37.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 21 years of age and completion of one year of service, as defined. Employees are eligible to participate in the Plan beginning on the first day of the month coinciding with or next following the date the eligibility requirements are met. Union employees and nonresident alien employees are not eligible to participate in the Plan.

Contributions

Participants are allowed to make elective pre-tax or Roth contributions to the Plan of not more than 90% of their annual eligible Plan compensation, as defined, subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

1. Description of the Plan (continued)

The Plan includes a QACA provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Additionally, employees may request a refund of an automatically enrolled amount if they make that request within 90 days of the initial contribution and the related Company match would be forfeited. Automatically enrolled participants have their deferral rate set at 3% of annual eligible Plan compensation and their contributions are invested in a designated balanced fund, unless changed by the participant. The initial automatic deferral amount under QACA will increase by 1% each Plan year to a maximum of 6% in Year 4.

Prior to May 10, 2020, the Company made QACA safe harbor matching contributions to the Plan equal to the sum of 100% of the participant's deferral up to 1% of compensation, plus 50% of the participant's deferrals between 1% and 6% of compensation. The Company may also make discretionary matching and profit-sharing contributions. No discretionary contributions were approved or made for 2020.

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Company's QACA safe harbor matching contributions and discretionary matching and profit-sharing contributions plus actual earnings thereon is based on years of credited service, as defined. A participant is 100% vested upon death, disability, or retirement.

1. Description of the Plan (continued)

QACA safe harbor matching contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 2 years	0%
2 years or more	100%

Discretionary matching and profit-sharing contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 3 years	0%
3 years or more	100%

Forfeitures

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and used to either pay Plan administrative expenses or to reduce future employer contributions. The forfeited unvested account balance totaled $247 and $21,497 at December 31, 2020 and 2019, respectively. For the year ended December 31, 2020, forfeitures totaling $37,315 were utilized to pay Plan administrative expenses.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump-sum form, substantially equal installments, or a partial withdrawal. In general, if a participant's vested account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement age without the participant's consent. Participants' account balances that are less than $5,000, but in excess of $1 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary

1. Description of the Plan (continued)

cash-out amount. Distributions are subject to the applicable provisions of the Plan agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available distributions prior to requesting a hardship withdrawal. Effective January 1, 2020, in accordance with the Bipartisan Budget Act of 2019 (BBA), the provisions specified in the Plan were modified to remove the six-month suspension on employee contributions after a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

During 2020, the Plan implemented certain changes provided for under the Coronavirus Aid, Relief, and Economic Security Act ("CARES ACT") including allowing certain eligible individuals to receive coronavirus-related distributions between March 27, 2020 and December 31, 2020.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

2. Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Review Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of benefit payment transactions are charged directly to the participant’s account and are included in administrative expenses.

Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, July 14, 2021, the date the financial statements and supplemental schedules were available to be issued. See specific events disclosed in Note 9.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which eliminates, adds, and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. The guidance is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. This standard has been adopted beginning with the reporting period ended December 31, 2020.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Stable value collective fund (Invesco Stable Value Fund)*: Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of the fund. The underlying assets are valued based on the NAV, which is provided by the investment account manager as a practical expedient to estimate fair value. Redemption is generally permitted daily. Individual participant redemptions for benefit payments and redemptions by participants to reinvest in options that do not compete with the Fund are generally permitted without restriction. A twelve-month advance written notice is required should the Plan initiate a full redemption of the Fund. There are no unfunded commitments and no changes in the valuation methodology used at December 31, 2020 and 2019.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$13,377,576**	**$ –**	**$ –**	**$13,377,576**
Total	**$13,377,576**	**$ –**	**$ –**	**$13,377,576**

	December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$10,647,112	$ –	$ –	$10,647,112
Total	$10,647,112	$ –	$ –	$10,647,112

3. Fair Value Measurements (continued)

Investments, at fair value, that are valued using NAV as a practical expedient totaling $124,625 and $80,538 have been excluded from the tables above as of December 31, 2020 and 2019, respectively.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

4. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Total investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020.

5. Related-Party and Party-in-Interest Transactions

Plan assets include investments in funds managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC serves as the Plan's trustee and as such, transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

7. Income Tax Status

The Plan previously adopted a volume submitter plan document which received an advisory letter from the IRS on March 31, 2014, which stated that the volume submitter plan document is designed in accordance with the applicable sections of the IRC. Effective December 1, 2020, the Plan adopted a non-standardized pre-approved plan document which received an opinion letter from the IRS on June 30, 2020, which stated that the pre-approved plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2020-4 and 2015-36, the Company has determined that it is eligible to and has chosen to rely on the IRS advisory and opinion letters. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, and for the year ended December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

During 2019 and 2020, the DOL conducted an investigation of the Plan for the years 2016 – 2019 and determined that certain operational errors existed with respect to the Plan. The DOL quantified these operational errors, and the Plan Sponsor made the required corrections in 2020, which amounted to $1,238, including lost interest and related taxes and penalties.

8. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2019 and 2020, the Company failed to remit to the Plan's trustee certain employee contributions totaling $9,405 within the period prescribed by DOL regulations. Delays in remitting contributions to the trustee were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator has taken corrective action in 2020 and 2021 on $2,652 of delinquent contributions, including payment of lost interest and related taxes and penalties totaling $60. The Plan administrator is in the process of taking corrective action on the remaining $6,753 of delinquent contributions.

9. Subsequent Events

Effective January 1, 2021, the Plan was amended to reduce the service requirement for Plan eligibility from one year to six months, remove the QACA automatic enrollment feature for employee deferrals, and add safe harbor employer matching contributions of 100% of the participants' deferral up to 3% of compensation, plus 50% of the participants' deferrals between 3% and 5% of compensation.
