Kelley Williamson Company Profit Sharing Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Kelley Williamson Company Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Kelley Williamson Company (the "Plan Sponsor") not subject to a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees of the Company who are 21 years of age or older and have worked at least 1,000 hours in a plan year, as defined, are eligible to participate in the Plan. Employees must have worked at least 1,000 hours in a plan year and must be employed on the last day of the Plan year to be eligible for the Company matching contribution or profit sharing contributions.

Contributions

Each year, participants may contribute a percentage of their annual compensation on a pretax or after tax basis, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Matching or profit sharing amounts may also be contributed at the discretion of the Plan Sponsor. Contributions are subject to certain IRS limitations.

The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan provides for matching and profit sharing contributions by the Company at the discretion of the Company's Board of Directors. For the year ended December 31, 2020, the Company approved a $100,000 matching contribution and did not approve any profit sharing contribution. For the year ended December 31, 2019, the Company approved an $90,000 matching contribution and did not approve any profit sharing contribution. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor matching contributions, and allocations of (a) the Plan Sponsor's profit sharing contribution, (b) plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions, Plan Sponsor nonelective contributions and rollover contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of rate of 20% per year beginning with the second year of service. Participants become fully vested after six years of service. Participants are considered to have completed one year of service for vesting purposes under the elapsed time method.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum or other form of payment equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $4,558 and $8,457, respectively. These accounts may be used to reduce future Plan Sponsor contributions or to pay administrative expenses of the Plan in accordance with the plan document. Remaining forfeitures will be allocated to active participants. During the years ended December 31, 2020 and 2019, the Plan reallocated forfeitures of $7,233 and $0 to participants from forfeited nonvested accounts, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable are recorded as deemed distributions on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account against the investment option for which the loan was originally charged. Investment advisory and management fees are allocated proportionately to participants based on their respective account balances. Investment related expenses are included in net appreciation of fair value of investments.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through June 30, 2021, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

P*ooled separate accounts*: The majority of underlying securities have observable level 1 quoted pricing inputs. The PSAs have a readily determinable fair value that is quoted and available to current investors via the Employer website. Because the PSAs are valued similarly to mutual funds, they are considered level 1 investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,198,545	$ 0	$ 0	$ 8,198,545
Pooled separate accounts	2,712,322	0	0	2,712,322
Investments, at fair value	$ 10,910,867	$ 0	$ 0	$ 10,910,867

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan.

Note 5: Party-in-Interest Transactions

Certain plan investments are managed by entities related to Principal. Principal is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for the investment management services during the plan years ended December 31, 2020 and 2019, were offset against earnings. Specific detail for management fees is not available from the trustee.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Plan Sponsor contributions.

Note 7: Tax Status

The Plan adopted the Principal Life Insurance Company Prototype Plan (Prototype Plan) with an IRS determination letter dated March 31, 2014, which states the Prototype Plan was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
