HEAT TRANSFER RESEARCH, INC. 401(K) PLAN
Index to Financial Statements
December 31, 2020

1. Plan Description

The following description of the Heat Transfer Research, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Heat Transfer Research, Inc. (the "Company"), who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 70% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan sponsor may make discretionary matching or nonelective contributions to the Plan. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings and the employer's contribution. Allocations are based on participant earnings or account balances, as defined. Each participant is entitled to the benefit that can be provided from his or her vested account.

Vesting

Participants vest immediately in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based upon years of continuous service. Participants are always 100% vested in profit sharing contributions and matching contributions.

Forfeited Accounts

Forfeited accounts may be used to reduce future administrative expenses or plan sponsor contributions. At December 31, 2020 and 2019, there were no forfeited non-vested accounts.

1. Plan Description – continued

Notes receivables from participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000. There is a maximum of one outstanding and pending loans allowed. Loans have a maximum maturity of 5 years for most loans and 15 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest on loans is to be repaid through payroll deductions.

Payments of benefits

Plan benefits are available upon attainment of 59 ½ years, hardship, termination of employment, death, disability, or retirement. In the event of termination of employment, a participant will receive a lump sum distribution of his or her vested account balance if the participant's total vested account balance does not exceed $5,000. Participants with a vested account balance greater than $5,000 may also elect to defer payment of his or her account.

The Plan also allows for in service withdrawals in limited circumstances, as defined by the Plan.

CARES Act

During 2020 the Plan allowed for relief as outlined by the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Participants impacted by COVID-19 may take coronavirus-related distributions before December 30, 2020 of up to $100,000 without the 10% early withdrawal tax penalty. Impacted participants may also take a coronavirus-related loan from March 27, 2020 – September 22, 2020 of up to $100,000 or 100% of the participant's vested account balance.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. This basis differs from accounting principles generally accepted in the United States of America in that contributions and interest income are recognized when received and expenses are recorded when paid or deducted from the Plan.

2. Summary of Significant Accounting Policies - continued

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Plan investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and capital gains are recorded on the cash basis.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

Certain expenses of the Plan have been paid by the plan sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are charged directly to the participant's account.

Date of Management's Review

Subsequent events were evaluated through July 14, 2021, which is the date the financial statements were available to be issued. No additional disclosures or modifications were deemed necessary.

3. Information certified by trustee (unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the trustee.

3. Information certified by trustee (unaudited) – continued

	2020	2019
Investments, at fair value	$ 32,557,553	$ 27,339,351
Notes receivable from participants	79,643	80,845
Net appreciation in fair value of investments	3,606,561	
Interest and dividend income	1,107,319	
Interest on notes receivable from participants	2,385	

4. Investments

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The three levels of the fair value hierarchy are described below.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

4. Investments – continued

Level 3 – Inputs to the valuation methodology are unobservable.

The Plan's investments in mutual funds are based on quoted market prices in active markets.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested.

6. Party-in-interest transactions

Certain Plan investments are shares of mutual funds that are managed by Vanguard. Vanguard Fiduciary Trust Company serves as the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment fees and most costs are expenses associated with Plan administration are paid by the Plan to certain parties-in-interest. These expenses are reported on the statement of changes in net assets available for benefits. Plan assets include notes receivable from participants. These transactions also qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules under ERISA.

7. Tax status

The Plan sponsor has adopted a prototype plan and is relying on the prototype sponsor's IRS opinion letter for qualification. In the prototype sponsor's opinion letter dated May 28, 2014, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2017.

8. Plan administration

Certain administrative functions are performed by officers or employees of the plan sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid by the Plan.

9. Risks and uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
