**Note 1 – Description of Plan**

The following description of the University Mechanical Contractors, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

**General** – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of University Mechanical Contractors, Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). University Mechanical Contractors, Inc. (the Company) is the Plan's sponsor and serves as Plan administrator.

**Eligibility** – Regular full and part-time employees of the Company are eligible to participate in the Plan upon reaching age 18. Employees governed under a collective bargaining agreement are not eligible to participate in the Plan.

**Contributions**

*Participant contributions* – Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions using after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 10%.

*Employer safe harbor matching contributions* – The Company makes safe harbor matching contributions equal to 100% of the participant's deferral contributions up to 4% of the participant's compensation. The safe contribution was \$672,523 for the year ended December 31, 2020.

*Employer profit sharing contributions* – The Company may also elect to make discretionary profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year in order to be eligible to receive profit sharing contributions. This excludes participants who have terminated employment during the Plan year as a result of death or disability, or who have terminated employment after reaching normal retirement age. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the year ended December 31, 2020.

Contributions are subject to regulatory limitations.

## 401(k) Profit Sharing Plan

### Notes to Financial Statements

---

#### Note 1 – Description of Plan (continued)

**Participant accounts** – Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

**Vesting** – Participants are vested immediately in their contributions, safe harbor matching contributions, and actual earnings thereon. Vesting in the profit sharing contributions is based on years of service. Profit sharing contributions vest at a rate of 20% per year with increases in increments of 20% per year, until fully vested after five years. Participants fully vest upon reaching normal retirement age of 65.

**Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$100,000 or 100% of their vested account balance (Note 8). Loans are issued by the Plan and secured by the balance of the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid with a reasonable amount of time not to exceed ten years under the terms of the Plan agreement. Plan loans will bear fixed, reasonable rates of interest, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2020, the rates of interest on outstanding loans range from 3.75% to 6.00% with various maturities through December 2025.

**Payment of benefits** – Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

**Forfeitures** – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may be used to pay Plan administrative expenses, or to reduce current or future Company contributions. As of December 31, 2020 and 2019, the Plan had no forfeited nonvested accounts.

#### Note 2 – Summary of Significant Accounting Policies

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**University Mechanical Contractors, Inc.**  
**401(k) Profit Sharing Plan**  
**Notes to Financial Statements**

---

**Note 2 – Summary of Significant Accounting Policies (continued)**

**Investment valuation** – The investments are reported at fair value. The Plan's custodian, Charles Schwab Trust Bank, certifies the fair value of all investments, except participant loans. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Notes receivable from participants** – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – Certain expenses to maintain the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment and transaction fees are paid by the Plan. The Plan has a revenue sharing agreement with the custodian whereby fees paid by certain investment managers to the custodian are available to the Plan to pay administrative expenses of the Plan. The Plan paid various administrative expenses with the proceeds.

**Other payables** – Consists of fees payable for recordkeeping services incurred during the year and paid subsequent to December 31, 2020.

**Subsequent events** – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued. Note 8 provides disclosure of certain subsequent events that did not result in recognition in the financial statements.

The Plan has evaluated subsequent events through July 16, 2021, which is the date the financial statements were available to be issued.

#### Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2020 and 2019.

*Registered investment companies (mutual funds)* – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

*Collective trust* – Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

**University Mechanical Contractors, Inc.**  
**401(k) Profit Sharing Plan**  
**Notes to Financial Statements**

---

**Note 3 – Fair Value Measurements (continued)**

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2020 and 2019:

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment company funds	\$ 27,060,292	\$ -	\$ -	\$ 27,060,292

Investments measured at NAV practical expedient				<u>2,176,375</u>
Investments at fair value				<u>\$ 24,358,114</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

**Note 4 – Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated May 2, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), the Plan administrator has evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **401(k) Profit Sharing Plan**

### **Notes to Financial Statements**

---

#### **Note 5 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

#### **Note 6 – Information Certified by the Custodian**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments reflected on the schedule of assets (held at end of year), except for participant loans.

#### **Note 7 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

#### **Note 8 – Adoption of Provisions under the CARES Act**

In response to the declaration made by the World Health Organization (WHO) on March 11, 2020, which announced the classification of the SARS-CoV-2 coronavirus outbreak as a pandemic (COVID-19 pandemic), the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law in the United States on March 27, 2020, to provide immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. During the year ended December 31, 2020, the Plan adopted several of the provisions, which consisted of the following:

- Eliminate the six-month suspension of contributions that was previously required after participants received a hardship distribution.
- Waive minimum required distributions to participants for the 2020 plan year.

**University Mechanical Contractors, Inc.**  
**401(k) Profit Sharing Plan**  
**Notes to Financial Statements**

---

**Note 8 – Adoption of Provisions under the CARES Act (continued)**

- Increase maximum amount that a participant could borrow to the lesser of \$100,000 or 100% of the respective participant's vested account balance.
- Allow participants to elect to receive a Coronavirus-related distribution (CRD) during the 2020 plan year of up to the lesser of \$100,000 or the respective participants' vested account balance, without penalty.

As of the date in which the financial statements were available to be issued, the Plan was in the process of formally amending the plan document to incorporate the provisions adopted from the CARES Act.
