THE PDC ENERGY, INC. 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The PDC Energy, Inc. (the “Company”) 401(k) & Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the official Plan documents for a more complete description of the Plan's provisions. The Plan was amended as of July 1, 2019 to freeze the Common Stock Fund. On December 23, 2020, the Plan has terminated the option to invest in a fund consisting of shares of the Company’s common stock, and effective December 28, 2020, all the Plan balances invested in the fund consisting of shares of Company’s common stock held under the Plan were liquidated.

General

The Plan is a defined contribution plan covering all Company employees who meet the eligibility requirements of the Plan. The plan also covers employees of the Company's subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and the Internal Revenue Code of 1986, as amended.

Trustee and Recordkeeper

All of the Plan’s assets are held by Fidelity Management Trust Company (“FMTC”) as trustee. FMTC also has participant account record keeping responsibilities.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law which provides both plan sponsor and participant relief who are facing economic challenges as a result of the coronavirus. On April 2, 2020, the Company adopted the following provisions of the CARES act:

In-Service Withdrawals

- Participants may withdraw up to \$100,000 from the Plan without being required to pay the normal 10% penalty for early withdrawal if the participant is under age 59 ½.
- Participants have an extended period of three years to pay the ordinary income taxes on the distribution and may choose to make a repayment to their Plan account of any coronavirus-related distributions within three years.

Delay in Loan Repayments

- Participants that have an existing loan from the Plan or take a new loan that has a first repayment date on or before December 31, 2020, may delay repaying the loan for 12 continuous months.

2020 Required Minimum Distributions

- For participants and retirees at least age 70 ½ (or age 72 in 2020), minimum distributions required are waived from the plan for the 2020 calendar year. As a result, automatic payments scheduled for December 2020 will not be made.

Contributions

Each year, participants may make salary deferral contributions of up to 60% of their pretax annual compensation, as defined in the Plan, subject to statutory limitations. Participants in the Plan may elect to make contributions to Roth salary deferral accounts, and make both regular and Roth rollover contributions to the Plan. The Plan allows catch up contributions for participants who have reached age 50 by the end of the year, subject to statutory limitations.

The Company may make discretionary matching contributions in such amounts as may be determined by the Company’s Board of Directors each plan year. In 2020, the Company matched 100% of each participant's contributions up to 10% of each participant's eligible compensation and 20% of each participant’s contributions greater than 10% of each participant's eligible compensation.

In addition, the Company may make discretionary profit sharing contributions on the participants’ behalf in an amount to be determined by the Board of Directors at the end of the plan year. The Company elected to make a 2020 discretionary profit sharing contribution of \$1,270,000, which is included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers approximately 30 mutual funds, including age appropriate managed funds, a managed income fund, and a money market fund, as investment options for participants. Participants may change their investment election for current or future contributions, the percentage(s) invested in each of these options, or transfer funds among these options, on any business day.

Participant Accounts

Each participant's account is funded with the participant's salary deferral contributions, the participant's rollover contributions, the Company's discretionary matching contribution, allocations of the Company's discretionary profit sharing contribution, and investment income. Allocations of earnings are based on participant earnings from investments. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

Vesting

Participant contributions, plus actual earnings thereon, vest immediately. Company contributions and related earnings vest based on years of service. Participants vest 25 percent after one year of service, 50 percent after two years of service, and are 100 percent vested after three years of service.

Notes Receivable from Participants

Participants generally may borrow from their accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Principal and interest are paid ratably through payroll deductions. The repayment period shall be no more than five years unless such note is for the purchase of a participant's primary residence, in which case the repayment period may not extend beyond ten years from the date of the note. The notes are secured by the balance in the participant's account and interest is set at the discretion of the Plan Administrator. The interest rate on notes is set at the prime lending rate in effect at the loan origination date plus one percent. Interest during 2020 accrued at rates ranging from 4.25% to 6.50%.

Payment of Benefits

On termination of service for any reason, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments under a systematic withdrawal plan. In addition, age 59 ½ withdrawals from all accounts, and in-service hardship withdrawals from a participant's deferral contributions account and match account, are also allowed. Rollover contributions may be withdrawn at any time. The Plan adopted the in-service withdrawal provisions on April 2, 2020 in accordance with the CARES Act.

Forfeitures

The Company's discretionary contributions that are not vested upon termination of employment are forfeited and may be used to reduce future Company contributions. At December 31, 2020 and 2019, the forfeited non-vested accounts amounted to \$233,500 and \$42,400, respectively. For the year ended December 31, 2020, \$304,700 of forfeitures was used to offset current year employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan uses the accrual basis of accounting and the financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. The market value of the Company's common stock was based on the publicly traded price as of the last trade date of the calendar year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex- dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Delinquent participant notes may be reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Administrative expenses, including trustee, legal, auditing and other fees, are paid by the Company and, as such, are not expenses of the Plan. The amount reported as administrative expenses of the Plan are transactional fees charged to the participant's account, such as loan processing, expedited shipping fees, etc. Investment related expenses are included in net realized and unrealized change in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurements

The Plan's assets are measured at fair value pursuant to a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 financial instruments) and the lowest priority to unobservable inputs (Level 3 financial instruments). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

- *Level 1 Inputs* - Quoted prices (unadjusted) for identical assets or liabilities in active markets.
- *Level 2 Inputs* - Inputs other than quoted prices included within Level 1 that are either directly or indirectly observable for the asset or liability, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived from observable market data by correlation or other means.
- *Level 3 Inputs* - Unobservable inputs for the asset or liability, including situations where there is little, if any, market activity.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Company common stock: Valued at the closing price reported on the active market on which the Company's common stock is traded.

Money market funds: Valued at the NAV of the shares held by the Plan at year-end.

Common/collective trusts: The collective trust funds are public investment vehicles valued using a NAV provided by the manager of each fund. The NAV is based on the underlying net assets owned by the fund, divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active. However, the NAV is based on the fair value of the underlying securities within the fund, which are traded on active markets, and valued at the closing price reported on the active market on which those individual securities are traded. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The significant investment strategies of the funds are as described in the financial statements provided by each fund. There are no restrictions on redemptions from these funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The table below sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

Subsequent Events

The Plan administrator has evaluated subsequent events through the date of this report to ensure that financial statements include appropriate disclosure or recognition of events that occurred subsequent to December 31, 2020. As of the date of this report, there are no subsequent events which are reportable.

NOTE 3 - CERTIFICATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020, net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2020 was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, Plan participants will become 100% vested in their accounts.

NOTE 5 - TAX STATUS

The Plan is documented on a volume submitter profit sharing/401(k) plan prepared by Fidelity Management and Research Company. The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code.

The Company has not sought an individual determination letter for the Plan and is relying on the opinion letter as to the Plan's tax qualification, as provided for in Revenue Procedure 2005-16 and subsequent guidance. The Plan Administrator believes the Plan is operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statement.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - RELATED PARTY / PARTY-IN-INTEREST TRANSACTIONS

Prior to December 28, 2020, certain Plan investments were shares of the Company's common stock. The Company is the Plan sponsor and therefore qualified as a related party / party-in-interest. Contributions and transfers into the Company's common stock investment option were eliminated effective July 1, 2019. Balances in Company common stock were maintained until December 28, 2020 with the remaining Company's common stock balances as of such date moved to a Freedom mutual fund. At December 31, 2020 and 2019, the Plan held an investment of zero and 67,300 shares of the common stock of the Company, respectively. The fair value of the Company common stock held by the fund at December 31, 2020 and 2019 approximated \$0 and \$1,761,000, respectively. Certain Plan investments were shares of mutual funds managed by FMTC. FMTC is the trustee as defined by the Plan, and therefore, the historical transactions qualify as party-in-interest transactions.
