REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
The Hillshire Brands Company Consolidated
Hourly Pension Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of The Hillshire Brands Company Consolidated Hourly Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note G, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from this entity as of December 31, 2020 and 2019, and for the years then ended, stating that the certified information provided to the Plan administrator is complete and accurate.

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Disclaimer of opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of matter - modified cash basis of accounting
The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements, other than that derived from the certified information described in Note G, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A: DESCRIPTION OF PLAN

The following brief description of The Hillshire Brands Company Consolidated Hourly Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the applicable summary plan description for the Plan for a more complete description of the Plan's provisions. The Plan included employees of multiple divisions of The Hillshire Brands Company (the "Company") as defined in the Plan. Participants in former plans sponsored by certain divisions or subsidiaries of the Company that merged into the Plan should refer to the Supplements section of the Plan for additional information.

On August 28, 2014, The Hillshire Brands Company was acquired by Tyson Foods, Inc. ("Tyson") and became a wholly owned subsidiary of Tyson.

General

The Plan was a defined benefit pension plan that covered eligible hourly non-union and union employees of the Company. Employees who were members of collective bargaining units participated in the Plan only if their collective bargaining agreements provided for participation in the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

An employee became a participant in the Plan after meeting eligibility requirements, as defined in the Plan document. Eligibility requirements varied by the employee's work location and union contract, as applicable.

Effective April 27, 2015, the Investment Committee of the Plan directed a restructure of the investment structure for the Plan and The Hillshire Brands Company Salaried Pension Plan. Prior to the restructure, both the Plan and the Salaried Pension Plan shared ownership of a single investment pool. After the directed restructure, each plan owned its own pool of assets, however the structure of the trust remained a master trust.

The Plan was amended effective September 28, 2015 to allow any vested participant who had been terminated as of December 31, 2014 (including deferred beneficiaries) to make an election for a lump sum distribution between September 28, 2015 and November 25, 2015. This option did not apply to those over the age of 65, those with linked nonqualified benefits, or those with qualified domestic relations orders ("QDRO's") and their alternate payees. Participants electing for lump sum distribution received benefits between December 1, 2015 and December 31, 2015.

Effective December 31, 2015, the following collective bargaining groups were frozen as to participation and benefit accruals for all employees: UFCW Local 2 St. Joseph, MO and IUOE Local 101S St. Joseph, MO.

Effective January 1, 2017, the Plan was frozen with respect to all employees (including but not limited to non-union hourly employees and collective bargaining groups UFCW Local 75 Claryville, KY, BCTGM Local 81 Traverse City, MI, and IUOE New London, WI) such that no additional benefits shall accrue under the Plan (including all Supplements) after January 1, 2017, to the extent such accruals had not already ceased for certain groups of employees pursuant to the terms of the Plan, and no employee shall become a participant in the Plan after such date.

On June 28, 2018, the Sponsor's Board of Directors resolved to terminate the Plan effective December 31, 2018, subject to regulatory approval from the Pension Benefit Guaranty Corporation ("PBGC") and the Internal Revenue Service ("IRS"). The Plan was amended for termination and Notices of Intent to Terminate and Notices to Interested Parties were issued on October 26, 2018. The Sponsor submitted a request for a determination letter from the IRS related to the termination on November 16, 2018. See Note F: Plan Termination and Pension Benefit Guaranty Corporation Matters for more discussion.

As a result of the termination, each affected participant's accrued benefit at the date of termination became fully vested and nonforfeitable. In accordance with the resolution to terminate the Plan, benefit obligations were satisfied with distribution of Plan assets available for benefits through the purchase of annuity contracts from an insurer or single lump-sum payments. Participants were given the option to make a lump sum distribution election between September 17, 2019 and November 4, 2019. The resulting lump sum distributions of $135,041,427 were distributed to plan participants during November and December of 2019. The termination of the Plan and the participation in the The Hillshire Brands Company Master Investment Trust for Defined Benefit Plans (the Master Investment Trust), in compliance with the termination procedures of Title IV of ERISA, was completed as of December 31, 2020. In connection with the termination, assets were transferred from the Master Investment Trust to an annuity carrier and are included as Purchase of Annuity Contract in the statement of changes in net assets available for benefits. The annuity contract is intended to preserve all benefit rights and options previously provided by the Plan. The net assets of the Plan were allocated for payment of Plan benefits to the participants and beneficiaries in an order of priority determined in accordance with ERISA and its related applicable regulations and the Plan document. The majority of the benefit payments were provided by the then existing net assets of the Plan with additional funding from the Sponsor of approximately $6 million. As of December 31, 2020, all assets of the Plan have been fully liquidated and were not subject to actuarial valuation.

Contributions
The funding policy for the Plan was to make the necessary contributions to meet minimum funding requirements, as determined by the Plan's independent actuary. No voluntary employee contributions were permitted. The Plan was in compliance with applicable ERISA minimum funding requirements for the years ended December 31, 2020 and 2019.

Pension Benefits
Benefits were provided as follows:

Normal Retirement Benefits
Normal retirement age was 65. Monthly pension benefits varied by work location and union, as defined in the Plan document.

Early Retirement Benefits
An employee who attained age 55 and completed 10 years of credited service may elect to defer receipt of his or her full accrued amount until age 65 or receive a reduced pension benefit by a reduction factor based on the age that benefits begin.

Disability Retirement Benefits
An employee who was eligible for Social Security disability benefits may receive a pension calculated in the same way as the pension at the normal retirement date, but based on service and compensation as of the early retirement date. The benefit was payable if the employee has completed a specified amount of years of service, as defined in the Plan document.

Deferred Retirement Benefits
An eligible participant who retired after the normal retirement date may receive a pension calculated in the same manner as for normal retirement, with an actuarial increase for benefits not paid upon normal retirement age. If a participant continues to work, benefit payments will commence on April 1 of the calendar year immediately following the calendar year in which the participant attains age 70-1/2.

Termination Benefits
A participant is eligible for termination benefits if he or she terminated employment for any reason other than death before retirement and has completed five years of service or attainment of age 65. The participant would be eligible for benefits payable beginning at the normal retirement date. If a participant met the service requirement for early retirement, he or she may elect early commencement of his or her pension on the first of any month after attainment of age 55. This accrued benefit would then be reduced for early retirement.

Preretirement Death Benefits
Participants were eligible after completing five years of service. The spouse of the deceased participant of at least one year received 50% of the amount the employee would have received if retirement had occurred on the date of death.

Vesting
Participants became vested upon completion of five years of service or, if earlier, at age 65, if employed by the Company.

NOTE B: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under the modified cash basis of accounting, investments are recorded at fair value, income is recorded as earned, and payments and contributions are recorded as the cash is paid or received.

As referenced in Note A, the Sponsor's Board of Directors resolved to terminate the Plan effective December 31, 2018. If the financial statements had been prepared using the liquidation basis of accounting in accordance with U.S. GAAP, accrued expenses expected to be incurred in liquidation of the Plan of approximately $1,500,000 (liabilities related to purchasing annuities have been included in the plan benefit obligation, see Note E) and contribution receivables of approximately $5,500,000 would have been recorded in the accompanying statements of net assets available for benefits as of December 31, 2019, respectively. See Note F: Plan Termination and Pension Benefit Guaranty Corporation Matters for further discussion of termination.

Use of Estimates
The preparation of financial statements using the liquidation basis or modified cash basis of accounting requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from these estimates.

Valuation of Investments
The Plan's interest in the Master Investment Trust was based on the Plan's relative aggregate contributions, benefit payments and other relevant factors. See Note D for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date.

Risks and Uncertainties

The Plan invested in various investment securities through its interest in the Master Investment Trust. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Plan contributions were made and the actuarial present value of accumulated Plan benefits was reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Plan Expenses
Plan expenses were paid by the Plan unless paid by the Company at its discretion. Plan expenses included fees related to actuary, audit, investing and administration costs, and are included in Plan expenses on the accompanying statements of changes in net assets available for benefits.

Payment of Benefits
Benefit payments to participants were recorded when paid.

NOTE C: PLAN INTEREST IN MASTER INVESTMENT TRUST

The Plan's investments were in the Master Investment Trust, which was established for the investment of assets of the Plan and several other defined benefit plans sponsored by the Company. The assets of the Master Investment Trust were held by The Northern Trust Company (the "Trustee"). Investment income relating to the Master Investment Trust was allocated to the individual plans based on average balances invested by each plan.

The Plan's interest in the net assets of the Master Investment Trust is included in the accompanying statements of net assets available for benefits. A summary of the net assets of the Master Investment Trust and the Plan's interest in the net assets of the Master Investment Trust as of December 31, 2020 and 2019, are as follows:

	2020		2019	
	Master Trust	Plan's Interest in Master Trust	Master Trust	Plan's Interest in Master Trust

Master Investment Trust income allocated to the participating plans for the years ended December 31, 2020 and 2019, is as follows:

	2020	2019
Net appreciation in fair value of investments	36,015,195	150,565,022
Interest and dividend income/(expense)	(2,863,276)	28,832,327
Net investment income	$ 33,151,919	$ 179,397,349

NOTE D: VALUATION OF INVESTMENTS IN THE MASTER INVESTMENT TRUST

Accounting guidance defines fair value as the price that would be received by the Master Investment Trust for an asset or paid by the Master Investment Trust to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Master Investment Trust's principal or most advantageous market for the asset or liability. The guidance establishes a fair value hierarchy that requires the Master Investment Trust to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The fair value hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 — Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Master Investment Trust has the ability to access as of the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities (including volatilities)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Significant unobservable inputs for the asset or liability (including the Master Investment Trust's own assumptions about the assumptions that market participants would use in pricing an asset or liability) and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of investments apply to investments held as underlying investments of the Master Investment Trust:

Cash and cash equivalents
Valued at cost, which approximates fair value.

U.S. government securities
Valued at the closing price reported in the active market in which the security is traded.

Corporate debt instruments
Valued at the closing price reported for identical or similar assets in inactive markets.

Other
The Other category is predominantly comprised of municipal bonds and derivative instruments, which are valued at the closing price reported for identical or similar assets in inactive markets and using pricing models based on the prevailing forward exchange rate of the underlying securities, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019. There were no Plan assets as of December 31, 2020.

	2019			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Cash & cash equivalents	$ 6,571,545	$ —	$ —	$ 6,571,545

Total investments	$ 6,571,545	$ 1,082,874,402	$ —	$ 1,089,445,947

NOTE E: ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

There was no valuation of benefits at December 31, 2020 as all benefit obligations were satisfied during the year. See Note F: Plan Termination and Pension Benefit Guaranty Corporation Matters for further discussion of termination of Plan.

NOTE F: PLAN TERMINATION AND PENSION BENEFIT GUARANTY CORPORATION MATTERS

The Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distribution of the Plan assets shall be made to the participants according to the provisions for such distribution in the Plan. In addition, the Company reserves the right to amend or modify the Plan from time to time to the extent permitted by applicable law.

If the Plan terminates, a portion of the benefits under the Plan is insured by the PBGC, a U.S. government agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

On June 28, 2018, the Sponsor's Board of Directors resolved to terminate the plan effective December 31, 2018, subject to regulatory approval from the PBGC and the IRS. The Plan was amended for termination on November 15, 2018 and Notices of Intent to Terminate and Notices to Interested Parties were issued on October 26, 2018. The Sponsor submitted a request for a determination letter from the IRS related to the termination on November 16, 2018.

As a result of the termination, each affected participant's accrued benefit at the date of termination, to the extent funded, became fully vested and nonforfeitable. In accordance with the resolution to terminate the Plan, benefit obligations were satisfied with distribution of plan assets available for benefits through the purchase of annuity contracts from an insurer or single lump-sum payments. The net assets of the Plan were allocated for payment of plan benefits to the participants and beneficiaries in an order of priority determined in accordance with ERISA and its related applicable regulations and the Plan document. The majority of the benefit payments were provided for by the then existing net assets of the Plan with additional funding from the Sponsor of approximately $6 million.

NOTE G: INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Plan interest in The Hillshire Brands Company Master Investment Trust for Defined Benefit Plans net investment income (loss), as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE H: TAX STATUS

The Plan submitted a request for determination after amending the Plan to reflect the termination. A determination letter dated November 21, 2019, was received from the IRS stating that the termination did not affect the Plan's qualified status for the proposed termination date of December 31, 2018.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions from time to time. However, there are currently no audits for any tax period in progress.

NOTE I: RELATED-PARTY TRANSACTIONS

Certain assets of the Master Investment Trust were invested in investments managed by the Trustee of the Plan; therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan during 2020 and 2019 for legal, accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE J: SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 20, 2021, the date these financial statements were available for issuance. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
