Note 1 ~ Description of the Plan

The following description of the Helm Group, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Helm Group, Inc. and Subsidiaries (the Company) who have completed 6 months of service and have reached the age of 20½, excluding employees whose employment is governed by a collective bargaining agreement, unless such agreement expressly provides for participation in this Plan. The Plan is subject to the provisions of the ERISA. Employees may elect to contribute to the regular 401(k) option, a Roth 401(k) option, or both (not to exceed amounts mandated by the Internal Revenue Code). Amounts contributed as a regular 401(k) deferral reduce the employee's taxable compensation in the year of deferral. Amounts contributed as Roth 401(k) deferrals are subject to federal income taxes in the year of deferral, but deferrals, and in most cases the earnings on the deferrals, are not subject to federal income taxes when distributed to the participant.

The Investment Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In 2019, the Company formed a subsidiary, Helm Electric Facility Solutions (HEFS), that is fully owned by Helm Group, Inc. Effective February 1, 2020, the Plan was amended to add HEFS as a participating employer.

The Plan was also amended effective January 28, 2020, changing the Plan's Trustee to AdvisorTrust, Inc.

Contributions. Participants may elect to contribute up to a maximum amount defined by statutes ($19,500 in 2020 and $19,000 in 2019). Participants may roll over amounts distributed from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may contribute a discretionary matching percentage on behalf of each participant, up to a maximum of 6 percent of the employee's eligible compensation. For 2020 and 2019, the employer match was the lesser of the employee's actual deferral, or 6 percent of the employee's annual wages. The Company may also contribute a discretionary profit sharing amount to eligible employees who are employed on the last day of the Plan year. A participant must have completed 1,000 hours and a 6-month period of service and be actively employed on the last day of the Plan year or terminated due to retirement, death, or disability to share in Company contributions. The Company did not make a discretionary profit sharing contribution in 2020 or 2019.

Participant Accounts. Participants must direct all contributions to selected investments as made available and determined by the Plan Administrator. Participants have the option to transfer monies between funds and change the allocation of their investment elections daily. Each participant's account is credited with the participant's contributions, the Company's matching and profit sharing contributions, and an allocation of Plan earnings. Allocations are based on participant's earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 ~ Description of the Plan (Continued)

Vesting. Participants are immediately vested in the amount of their elective contributions and the allocated earnings thereon. Vesting in the Company's contribution portion of their account is based on years of credited service. A participant is fully vested after 6 years of credited service or on termination of service due to death, disability, or reaching age 65.

Hardship Withdrawals. A hardship withdrawal is available only for: (a) deductive medical expenses incurred by the participant, the participant's spouse, or by any of the participant's dependents; (b) the purchase (excluding mortgage payments) of a principal residence for the participant; (c) the payment of post-secondary education tuition; (d) to prevent the eviction of the participant from his or her principal residence or the foreclosure on the mortgage of the participant's principal residence; (e) payments for burial or funeral expenses for a participant's deceased parent, spouse, children, or other dependents; (f) expenses for the repair or damage of the participant's principal residence that would qualify for the casualty deduction under the Internal Revenue Code; or (g) expenses or losses if your principal residence or place of employment at the time of a disaster was in an area the Federal Emergency Management Agency (FEMA) designates as qualifying for individual assistance in connection with a federally declared disaster. To qualify for a hardship withdrawal, the participant must certify in writing or electronically that they have insufficient cash or other liquid assets reasonably available to meet their financial hardship.

Payments of Benefits. Participants whose vested account balance exceeds $5,000 upon termination of service may elect to receive benefits in a lump-sum distribution or in installments over a period of not more than their assumed life expectancy. Vested account balances of $5,000 or less are paid in a lump-sum amount. Withdrawals are also permitted for financial hardship. Any participant attaining the age of 59½ years may elect an in-service distribution provided his/her account is fully vested. Upon distribution, the participant shall continue to be eligible in the Plan on the same basis as any other employee.

Forfeited Accounts. Forfeited nonvested accounts used to reduce employer contributions were $50,200 and $31,043 in 2020 and 2019, respectively.

Administrative Expenses. Administrative expenses are paid by the Plan and consist of primarily management, consulting, custodial, and audit fees.

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that Plan management make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties. The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2 ~ Summary of Significant Accounting Policies

Investments. Mutual funds are reported at fair value. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation or depreciation in the fair value of investments represents net unrealized gains or losses on assets held at year end and gains and losses attributed to investments bought and sold during the year.

Payment of Benefits. Benefits are recorded when paid.

Subsequent Events. The Plan has evaluated subsequent events for financial statement disclosure through June 21, 2021, the date the financial statements were available to be issued.

Note 3 ~ Investments

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including investments held at December 31, 2020 and 2019, and net appreciation in the fair value of investments, interest, and dividends for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustees.

Note 4 ~ Fair Value Measurements

Accounting Standards Codification, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 4 ~ Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The Plan believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the balances of the Plan's assets measured at fair value on a recurring basis as of December 31, 2020 and 2019:

	Level 1	Level 2	Level 3	Total
2020				
Mutual funds	$ 53,987,830	$ -	$ -	$ 53,987,830
2019				
Mutual funds	$ 49,747,262	$ -	$ -	$ 49,747,262

Note 5 ~ Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6 ~ Income Tax Status

The Internal Revenue Service has determined and informed the sponsors by a letter dated March 31, 2014, that the Plan was designed in accordance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 ~ Related-Party and Party-In-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.
