PRUDENTIAL LIGHTING CORPORATION PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note 1 DESCRIPTION OF PLAN

The following description of the Prudential Lighting Corporation (Company) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution retirement plan covering all eligible employees who have completed six months of service and have attained the age of eighteen. The Plan excludes all employees covered by a collective bargaining agreement. The plan entry dates are January 1st and July 1st of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

   The Board of Directors is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

B. Contributions - The Company may, at its sole discretion, elect to make employer contributions for any plan year, and any such employer contribution shall be allocated to eligible participants pro rata as a uniform percentage of participant compensation for the Plan year. Participants may also contribute amounts representing distributions (roll-over contributions) from other qualified benefit plans. Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

C. Participant Accounts - Each participant's account is credited with the employer's contribution plus any plan earnings. Forfeited balances of terminated participants' non-vested accounts are allocated as additional non-elective contributions.

   Allocations are based on participants' earnings. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

D. Vesting - The participants' vested accounts for any employer contributions is based on years of service and do not have to be continuous. A participant is one-hundred percent (100%) vested after six years of credited service, death, disability or upon attainment of normal retirement age. A participant is fully vested in employee contributions (roll-over contributions).

E. Payment of Benefits - Upon termination of service due to death, disability, retirement, termination of employment, or financial hardship, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, in annual installments, or an annuity.

F. Plan Administrative Costs - All significant costs of administering the Plan are paid by the Plan.

G. Investment Options - Upon enrollment in the Plan, a participant may direct employer contributions to any of the available investment options.

NOTES TO FINANCIAL STATEMENTS

Note 2 SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting - The accompanying financial statements of the Plan have been presented on the accrual basis of accounting.

B. Estimates - The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Benefit Payments - Benefit payments are recorded when paid.

D. Investments - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fully-benefit-responsive investment contracts at contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

E. Plan Termination - Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one-hundred percent (100%) vested in their accounts.

F. Tax Status - The Internal Revenue Service has determined and informed the Company by letter dated April 29, 2014, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

G. Forfeitures - A participant's forfeiture of their non-vested account balance from employer contributions occurs when a participant is terminated. For the years ended December 31, 2020 and 2019, the balance of forfeitures was $24,027 and $5,963, respectively. Forfeitures are re-distributed to existing participant accounts in the subsequent Plan year.

I. Subsequent events have been evaluated through July 20, 2021 the date that these financial statements were available to be issued.

Note 3 INVESTMENTS HELD WITH TRUST COMPANY

Prudential Trust Company and Prudential Insurance Company of America, has supplied the Plan administration with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the statement of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of the year) as of December 31, 2020.

Note 4 FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The valuation methodologies used for assets at fair value for levels 1,2 and 3 are as follows:

Level 1 - Pricing inputs represent quoted prices in active markets for identical assets or liabilities. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 - Pricing inputs represent quoted prices of similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable, either directly or indirectly, or can be corroborated by observable market data for substantially the full term of the asset or liability. The Plan has no level 2 investments.

Level 3 - Pricing inputs are unobservable for the investment; that is, inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. The Plan has no level 3 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2020 -				
Mutual funds	$ 32,184,827	$ 32,184,827	$ -	$ -

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2019 -				
Mutual funds	$ 29,964,102	$ 29,964,102	$ -	$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019 are reported in net appreciation in fair value of investments.

Note 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

As described in Note 2, the Guaranteed Interest Account ("GIA"), a fully benefit-responsive contract, is a group annuity product issued by the Prudential Insurance Company of America ("PICA"). Amounts contributed to the contract are deposited in PICA's general account. Payment obligations and the fulfillment of any guarantees specified in the group annuity contracts are insurance claims supports by the full faith and credit of PICA. PICA periodically resets the interest rate credited on contract balances, subject to a minimum rate specified in the group annuity contact.

Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their Contract Value ("CV"). CV, also known as Book Value ("BV"), represents deposits plus earnings at guaranteed credit rates, less withdrawals and fees. The contract is effected directly between the Plan Sponsor and the issuer. The repayment of principal and interest credited to the participants is a financial obligation of the issuer.

The Fair Value ("FV") reported represents the estimated proceeds that would have been paid had the contract been discontinued as of the Plan Year End date. FV is calculated by multiplying the Contractual Market Value Adjustment ("MVA") by the CV. The MVA formula is generally specified in the group annuity contract and is based on the standard formula which approximates the change in market value of a bond given a change in the rate environment. The MVA formula is equal to:

The average rate being credited under the contract (aged rate) minus the rate credited to new deposits for plans with similar (new rate environment) times a duration estimate.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on rate guaranteed by the issuer based at 3.00%.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

a. Amendments to the Plan's document (include complete or partial Plan termination or merger with another plan,
b. Changes to the Plan's prohibition on competing investment options or deletion or equity wash provisions,
c. Bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan (such as divestitures or spin-offs), or,
d. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value participants are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the contract.

The guaranteed yield of the Guaranteed Interest Account (based on actual earnings and on the interest rate credited to Participants) for the years ended December 31, 2020 and 2019 is 3.00%, respectively.

Note 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed in various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies, and other events. As noted in the risk and uncertainties note, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for plan benefits.

Note 7 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds that were managed by Prudential Trust Company and Prudential Insurance Company. Prudential Trust Company and Prudential Insurance Company are the trustees as defined by the Plan. Fees incurred by the Plan for investment advising, consulting, and annual audit services are included in administrative expenses. SageView Advisory Group, LLC is the Plan's investment advisor and has a fiduciary responsibility to the Plan. CliftonLarsonAllen, LLP is the Plan's auditor; therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 SUBSEQUENT EVENT

Subsequent to December 31, 2020, the impact to the Plan of the COVID-19 pandemic during 2021 has resulted in additional volitility in values to many investments of the Plan, and decreased interest rates. The long-term impact of the effects of the COVID-19 pandemic to the Plan and the Company as well as any relief from regulatory authorities are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.
