NOTE A - DESCRIPTION OF PLAN

The following description of TMP Worldwide Advertising and Communications, LLC 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective September 1, 2006. The Plan has been amended throughout the years to comply with tax legislation and was most recently restated effective January 1, 2016. The Plan excludes leased employees, nonresident aliens, and employees covered by a collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Directors is responsible for the oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Eligibility

Employees of TMP Worldwide Advertising and Communications, LLC (the Company) are eligible to participate in the participant deferral and Company discretionary match components of the Plan on their date of employment.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited to 50% by Plan provisions, of their eligible compensation contributed as pre-tax 401(k) contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Based on the Plan document, the Company may make discretionary matching contributions of up to 6% of the participant's eligible base compensation. No match was made in 2020 or in 2019. Additionally, the Company may make a discretionary profit sharing contribution. No profit sharing contribution was made in 2020 or 2019.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollovers). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Effective April 25, 2019, the Plan was amended to allow participant loans from other qualified defined benefit or defined contribution plans as an additional type of permitted Rollover into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, the Company's discretionary profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on Participant earnings or account balances, or Participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching and profit sharing contributions, plus actual earnings (losses) thereon, is based on years of credited service, as follows:

Years of Service	Vested Percentage
Less than 1	0%
1 year	25
2 years	50
3 years	75
4 years	100

Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may not have more than two notes outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, determined by the Plan Administrator, based on current interest rates charged by persons in the business of lending money for similar loans. Interest rates on existing loans range from 3.25% to 5.50% at December 31, 2020 and 3.25% to 5.75% at December 31, 2019. Principal and interest is paid ratably through payroll deductions.

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provided coronavirus-related relief for qualified individuals participating in eligible retirement plans. The CARES Act allowed for coronavirus-related distributions of up to $100,000 per qualified individual and the suspension of loan payments for up to one year. In addition, the Plan increased the participant loan limit to $100,000 through September 23, 2020.

Benefit Payments

Upon termination of service due to termination of employment, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If the terminating participant's balance is $5,000 or less, the account balance will be distributed in a lump sum or rolled over to another qualified retirement plan or to an individual retirement account based on the participant's election. If the participant does not make an election, then the distribution will be made in a lump sum if the vested account balance is $1,000 or less, and will be rolled over to an individual retirement account if the vested account balance is more than $1,000.

The Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) changed the age at which participants are required to take Required Minimum Distributions from their accounts. Under the new law, effective January 1, 2020, participant distributions may not be deferred past April 1 following the year in which the participant reaches the age of 72.

Regarding benefit payments, the CARES Act provided expanded distribution options and favorable tax treatment for coronavirus-related distributions of up to $100,000 made from an eligible retirement plan to a qualified individual from January 1, 2020 to December 30, 2020.

Forfeited Accounts

Forfeited nonvested accounts are first used to reduce administrative expenses and then are used to reduce future Company discretionary matching and profit sharing contributions. Forfeited nonvested accounts as of December 31, 2020 and 2019 totaled $31,970 and $25,975, respectively. There were $0 and $384 of forfeitures used to pay administrative expenses for the years ended December 31, 2020 and 2019, respectively. There were no forfeitures used to reduce Company discretionary matching and profit sharing contributions for the years ended December 31, 2020 and 2019.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Benefit Payments

Benefits paid to participants are recorded when paid.

Administrative Expenses

The Plan’s expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

NOTE C - CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Charles Schwab Trust Bank, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE OF INVESTMENTS

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Collective Fund: Valued at the net asset value (NAV) of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities.

Mutual Funds: Valued at the NAV of shares held by the Plan at year-end, which is obtained on an active market.

Self-directed brokerage accounts: Accounts primarily consist of interest bearing cash, mutual funds, common stock, U.S. governmental securities and unit investment trusts. The mutual funds, common stock and unit investment trusts are valued on the basis of readily determinable market prices. The interest bearing cash and U.S. governmental securities are valued using pricing models that maximize the use of observable inputs for similar securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 68,363,899	$ -	$ -	$ 68,363,899

Total investments at fair value				$ 73,024,859

	2019

Total investments at fair value				$ 62,299,555

[(a)] Redemption of the collective trust fund is generally permitted daily and there are no unfunded commitments.

NOTE E - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could continue to result in significant disruption of the global financial markets. The extent to which COVID-19 has impacted and will continue to impact the financial markets may depend on future developments that are uncertain and may not be predicted. Plan Management will continue to monitor the impact COVID-19 has on the Plan and will reflect the consequences as appropriate in the Plan's financial records.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balance.

NOTE G - PLAN TAX STATUS

The Plan adopted a prototype basic plan document which received an opinion letter from the IRS on June 19, 2014, which stated that the prototype basic plan document is designed in accordance with the applicable sections of the IRC. The Company has determined that it is eligible to and has chosen to rely on the current IRS opinion letter. The Plan has adopted other discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are considered party-in-interest transactions.

Charles Schwab Trust Bank is the trustee as defined by the Plan and, therefore, the transactions with the trustee qualify as party-in-interest transactions.

NOTE I - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2020 financial statements for subsequent events through July 13, 2021, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
