NOTE 1. DESCRIPTION OF PLAN

The following description of the Liberty Pumps Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code and is sponsored by Liberty Pumps, Inc. (the Company) (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance, and reports to the Board of Directors.

Coronavirus, Aid, Relief and Economic Security Act (CARES Act): On March 27, 2020, the CARES Act was signed into law and included new relief provisions to tax-qualified retirement plans and participants in those plans affected by the COVID-19 pandemic. The Plan was amended accordingly to allow the availability of certain coronavirus-related distributions and for the suspension of required minimum distributions in 2020.

Eligibility: Employees are eligible to participate in the Plan in terms of participant contributions, employer matching contributions and safe harbor contributions once they have attained age nineteen. For purposes of employer profit sharing contributions, employees are eligible to receive once they have attained age nineteen, earned at least 1,000 hours of service during the plan year and are employed on the last day of the plan year. The Plan excludes any employees who are covered by a collective bargaining agreement, any non-resident aliens who do not receive any United States source earned income from the employer and any temporary employees.

Participant Contributions: The Plan provides for participant pre-tax or Roth contributions of compensation, as defined, up to the 90% of compensation or the maximum annual limitation allowed by the Internal Revenue Service (IRS). Effective December 1, 2019, the Plan provides for participant after-tax contributions of compensation, as defined, up to 10% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined contribution plans. Participants direct both participant and employer contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Upon meeting the eligibility requirements, unless an affirmative election not to participate in the Plan is made, all eligible employees are automatically enrolled in the Plan and deemed to have elected to contribute 5% of compensation. The 5% contribution increases annually by 1% until the before-tax contribution reaches 10% of compensation. Participants may make an affirmative election at any time to contribute a different amount. Employees may elect not to have elective contributions made to the Plan on their behalf by providing notice.

Employer Contributions: The Plan allows the Company to make a discretionary non-elective profit sharing contribution in an amount determined at the end of the Plan year by the Company's Board of Directors. The profit sharing contribution is allocated to eligible participants based on their percentage of compensation to total eligible active participants' compensation. The Company elected not to make a profit sharing contribution for the years ended December 31, 2020 and 2019.

The Plan also allows the Company, for each participant, to make a safe harbor match contribution equal to 100% of the first 3% of the eligible Participant's compensation contributed into the Plan and 50% of the next 2% of the eligible Participant's compensation contributed into the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions, company safe harbor matching, and discretionary non-elective profit sharing contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting: Participants are immediately vested in their salary deferral and safe harbor contributions plus actual earnings thereon. Vesting in the Company's non-elective employer contributions and discretionary matching employer contributions are as follows:

Years of Service	Percentage Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants: Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants are limited to one outstanding loan at a time. The loans, which must be repaid within five years, are secured by the balance in the participant's account and bear interest at a rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Forfeitures: Forfeiture amounts can be used to restore forfeitures, offset plan expenses or reduce employer contributions. The Company used $5,235 and $9,250 to offset plan expenses for the years ended December 31, 2020 and 2019, respectively. Forfeited non-vested accounts amounted to $9 and $5,079 as of December 31, 2020 and 2019, respectively.

Payment of Benefits: Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date, actual retirement date, financial hardship or attaining the age of 59 1/2. The normal retirement date is the date upon which a participant reaches age 65. The normal form of distribution at termination is a lump sum payment.

Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age or death if their account balance exceeds $1,000. If the participant elects to keep their vested interest in the Plan, the participant's account will continue to receive its share of earnings/losses and will be charged a portion of administrative expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default and when a distributable event occurs, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits*:* Benefits are recorded when paid.

Expenses*:* Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation on investments. For plan year ending December 31, 2020, all fees relating to the maintenance and functionality of the plan are charged directly to participant accounts.

Subsequent Events: These financial statements have not been updated for subsequent events occurring after July 22, 2021, which is the date these financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market fund: Valued using amortized cost, which approximates fair value and is classified as level 1.

Shares of registered investment companies: Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is the closing price reported on the active market on which the securities are traded. Shares of registered investment companies are classified as level 1 investments.

Common/collective trust: Valued at fair value determined using the market price of the underlying securities and the value of investment contracts. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the common collective trust will sell the investment for an amount different from the reported NAV. The Plan's interest in this fund is based on information reported by the trustee using the audited financial statements of the trust at year end.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 666,811	$ -	$ -	$ 666,811
Shares of registered investment companies	22,012,447	-	-	22,012,447
Common/collective trust*	-	-	-	1
Assets at fair value	$ 22,679,258	$ -	$ -	$ 22,679,259

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 465,536	$ -	$ -	$ 465,536
Shares of registered investment companies	18,214,234	-	-	18,214,234
Common/collective trust*	-	-	-	2,193
Assets at fair value	$ 18,679,770	$ -	$ -	$ 18,681,963

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective Trust	$1	N/A	Daily	30 days

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective Trust	$2,193	N/A	Daily	30 days

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed at December 31, 2020 and 2019 by Fidelity Management Trust Company, the trustee of the Plan and therefore, these transactions, qualify as party-in-interest. Net appreciation on investments invested with the trustee amounted to $1,841,079 and $802,454 for the years ended December 31, 2020 and 2019, respectively. Interest and dividends on investments invested with the trustee amounted to $677,715 and $114,633 for the years ended December 31, 2020 and 2019, respectively. Notes receivable from participants are considered party-in-interest. Interest income on notes receivable from participants amounted to $19,095 and $17,420 for the years ended December 31, 2020 and 2019, respectively.

Participant records were maintained at December 31, 2020 and 2019 by Fidelity Management Trust Company, respectively. Participants pay certain administration fees to Fidelity Management Trust Company, which qualify as party-in-interest transactions. There were no administrative expenses paid by the Plan for the year ended December 31, 2020 ($13,275 – 2019).

NOTE 5. FINANCIAL CERTIFICATION

The following financial information relating to the plan's assets at December 31, 2020 and 2019, as well as transactions for the years then ended, has been derived from information provided by Fidelity Management Trust Company, the trustee of the Plan's assets, and has been certified as being complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

	2020	2019
Investments, at fair value:		
Money market fund	**$ 666,811**	$ 465,536
Shares of registered investment companies	**22,012,447**	18,214,234
Common/collective trust	**1**	2,193
Notes receivable from participants	**358,556**	254,258

Interest and dividend income	**737,653**	724,741
Interest income on notes receivable from participants	**19,095**	17,420

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their discretionary employer contributions.

NOTE 7. TAX STATUS

Effective January 18, 2017, the Plan adopted a standardized form of a volume submitter plan sponsored by Fidelity. The volume submitter plan received an opinion letter from the Internal Revenue Service dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan opinion is being relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe the Plan is qualified and the trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the Form 5500 at December 31:
