Independent Auditor's Report

Trustees
JB&A, Inc. Employee Stock Ownership Plan
Linden, Virginia

Opinion

We have audited the financial statements of JB&A, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets in liquidation available for benefits as of December 17, 2020 and December 31, 2019, and the related statement of changes in net assets in liquidation available for benefits for the period from January 1, 2020 to December 17, 2020, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets in liquidation available for benefits of the Plan as of December 17, 2020 and December 31, 2019, and the changes in its net assets in liquidation available for benefits for the period from January 1, 2020 to December 17, 2020, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of a Matter

As discussed in Note 1 of the financial statements, the Board of Directors of JB&A, Inc., the Plan's sponsor, voted on April 5, 2018 to terminate the Plan. All of the assets of the Plan were disbursed on December 17, 2020. In accordance with accounting principles generally accepted in the United States of America, the Plan's financial statements are presented on the liquidation basis as of December 17, 2020 and December 31, 2019.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4j - Schedule of Assets (Acquired and Disposed of Within the Plan Year) and Schedule H, Line 4j - Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

JB&A, Inc. Employee Stock Ownership Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the JB&A, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

JB&A, Inc. (the Company) established the Plan effective January 1, 2001 as a stock bonus plan and an employee stock ownership plan (ESOP). The Plan was designed to comply with Sections 401(a) and 4975(e)(7) and the regulations under the Internal Revenue Code of 1986, as amended (the Code), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by a Trustee appointed by the Company's Board of Directors.

On May 31, 2011, JB&A, Inc. sold its net assets and rights and interest to all its contracts to a third party entity. The Company continues to exist, as a separate legal entity, but all Company employees were terminated as of this date. Following the sale, the Plan Trustees froze the activities of the Plan and no contributions and no new participants were added to the Plan after that date.

All of the Plan's shares of the JB&A common stock were redeemed by the Company as of the effective date of the sale and the ESOP feature of the Plan ceased to exist. The Plan operated as a profit-sharing plan until the Company's Board of Directors' approval for termination. On April 5, 2018, the Board of Director's approved the termination of the plan. In accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), the Plan's basis of accounting is the liquidation basis (see Note 2).

Eligibility

Because the Plan was frozen, no new participants were added to the Plan after May 31, 2011. Prior to May 31, 2011, each employee of the Company who was at least 21 years of age and completed at least 1,000 hours of service within a 12-consecutive-month eligibility computation period was eligible to participate in the Plan.

Payments of benefits

Prior to May 31, 2011, distributions from the Plan were made only upon a participant's retirement, disability, death (in which case payment shall be made to his or her beneficiary), or termination of employment with the Company. Due to the sale, all participants on record as of May 31, 2011 received a distribution equal to their fully vested equity balance. Distributions are made in the form of cash.

Termination of the Plan

On April 5, 2018, the Board of Directors authorized the termination of the Plan. The interest of each participant will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code.

As of December 17, 2020, all assets were distributed to participants and all operations of the Plan have ceased.

JB&A, Inc. Employee Stock Ownership Plan

Notes to the Financial Statements

Forfeitures

Prior to May 31, 2011, forfeitures of ESOP contributions were reallocated to remaining participant accounts as part of the annual allocation as of the last valuation date of the Plan year in which the forfeiture occurs. Any portion of the final balance in a participant's account which was not vested was forfeited. If an employee's participation in the Plan was subsequently reinstated, and there had not been a five-year break in service, his or her account was restored with the previously forfeited share. As a result of the sale of the Company, all unvested accounts became fully vested as of May 31, 2011. For the period from January 1, 2020 to December 17, 2020, the Plan generated and reallocated no forfeitures. There is no forfeiture balance outstanding at December 17, 2020 and December 31, 2019.

Participant accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Prior to May 31, 2011, each participant's account was credited as of the last day of each Plan year with an allocation of shares of the Company's common stock, cash and cash equivalents, and certificates of deposit released by the Trustee from the unallocated account, forfeitures of terminated participants' non-vested accounts, and Plan interest and dividends. Only those participants who were eligible employees of the Company as of the last day of the Plan year received an allocation. Allocations are based on participant compensation or account balances, as defined. Each participant's account was also reduced for any distributions made or received by the participant.

On May 31, 2011, the shares previously owned by the Plan were redeemed by the Company. Participant accounts continued to be allocated with the proportional share in gains and losses from the Plan's investments and reduced by the distributions received until final liquidation on December 17, 2020.

Vesting

As a result of the sale, all actively employed participants or those that were terminated within five years before May 31, 2011 became 100% vested in their accounts. Prior to May 31, 2011, the allocated shares of the Company's stock and other benefits vested either after one year of continuous service, or ratably over five-years, depending on the timing of when the participant became eligible to participate in the Plan. In addition, a participant became fully vested upon early retirement at age 60, disability, or death.

Voting rights

Prior to the sale, the Trustees were entitled to exercise voting rights for all shares under the trust except for sale, merger and acquisition, consolidation, recapitalization, reclassification, liquidation, and dissolution.

Put option

Prior to May 31, 2011, the Plan included a put option which required the Company to buy any shares of its stock distributed to participants for which there is no market. The Company could pay for the purchase with interest over a period of five years, with certain adjustments, as defined by the Plan.

JB&A, Inc. Employee Stock Ownership Plan

Notes to the Financial Statements

As of May 31, 2011, all the shares previously owned or allotted to the Plan were redeemed by the Company.

Diversification

Prior to the sale, diversification was offered to participants who were at least age 55 and had completed at least ten years of participation in the Plan.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the liquidation basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred through the liquidation process.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Cash and cash equivalents

The Plan considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at measurement date. See Note 4 for further information related to fair value measurements.

Purchases and sales of securities are recognized principally on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Notes to the Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

3. Concentration of Significant Investments

As of December 31, 2019, the Plan's significant investments are as follows:

		Percent of investments
Lord Abbett Investment Short Duration	\$ 2,263,344	26%

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value and maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the use of observable inputs when available. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily net asset value

(NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Total	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	\$ 8,715,572	\$ 8,715,572	\$ -	\$ -
Total assets at fair value	\$ 8,715,572	\$ 8,715,572	\$ -	\$ -

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated February 13, 2002 that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Administration of Plan Assets

The Plan's assets are held by the custodian of the Plan.

Certain administrative functions are performed by officers of the Company. The Trustee does not receive compensation from the Plan. Administrative expenses are generally paid directly by the Company or the Plan, as defined.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect

participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan Administrator has evaluated subsequent events through July 16 2021, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
