INSTRUMENTARIUM SAVINGS INVESTMENT PLAN

Notes to Financial Statements

December 31, 2020 and 2019

(1) Description of the Plan

The Instrumentarium Savings Investment Plan (the "Plan") is a defined contribution plan sponsored by Datex-Ohmeda, Inc. (the "Company"), an affiliate of General Electric Company ("GE"). The Plan is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective November 28, 2004, the Plan was frozen with respect to nonunion employees such that no nonunion participants can be added after that date and no additional contributions can be made that relate to periods after that date with respect to nonunion participants.

Ascensus Trust Company (the "Trustee") is the Plan's custodian and trustee. Ascensus, Inc. ("Ascensus") is the recordkeeper for the Plan.

The following description of the Plan is provided for general information purposes only. The complete terms of the Plan are provided in the Instrumentarium Savings Investment Plan document (the "Plan Document"). Information concerning the Plan, including benefits and vesting provisions is included in the Summary Plan Description ("SPD") and other material distributed to participants.

Participant Contributions and Investment Options

- (d) Wells Fargo Advantage Enterprise Institutional Fund - This fund seeks long-term capital appreciation. - (e) Dodge & Cox Stock Fund - This fund seeks long-term growth of principal and income. The fund invests primarily in a diversified portfolio of common stocks. It may also invest in other types of securities which are convertible into common stock.

Because they invest in other mutual funds, rather than individual securities, each fund is considered a "fund of funds". The suite of Target Retirement Funds include the following:

Vanguard Target Retirement Income Fund

INSTRUMENTARIUM SAVINGS INVESTMENT PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Collectively bargained participants may elect to contribute from 1% to not more than 50% of their compensation to the Plan on a pre-tax and/or after-tax basis.

The United States Internal Revenue Code ("IRC") limits the amount of pre-tax contributions that can be made each year. The limit for participants under age 50 was generally \$19,500 and \$19,000 in 2020 and 2019, respectively. For participants who were at least age 50 during the year, the limit was generally \$26,000 and \$25,000 in 2020 and 2019, respectively.

Employer Contributions

Effective January 1, 2015, the Plan was amended to give eligible employees hired or rehired on or after June 15, 2012, a Company matching contribution of 50% of a participant's contributions up to 8% of their eligible compensation (prior to January 1, 2015, the match for this population was 7% of eligible compensation). The Company matches 50% of participants' contributions up to 6% of their eligible compensation for employees hired prior to June 21, 2006 and up to 7% of their eligible compensation for those hired after June 21, 2006 but prior to June 15, 2012.

Effective January 1, 2013, the Plan was amended to give certain eligible employees hired or rehired on or after June 15, 2012, a profit sharing contribution equal to 3% of eligible compensation. The Company made a profit sharing contribution of \$322,500 and \$163,419 for 2020 and 2019, respectively.

Vesting

Participants are immediately fully vested in their contributions and earnings thereon. Vesting in the Company's contributions to the Plan and earnings thereon occurs after completion of three years of vesting service with the Company. Participants are credited with a year of vesting service for each Plan Year they complete at least 1,000 hours of service with the Company or a related company. Vesting also occurs if a participant is employed by the Company or a related company on the date he or she turns age 65, becomes disabled (as determined under the Plan rules) or dies.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) employer profit sharing and matching contributions and (b) investment results. The benefit to which a participant is entitled is the value of the participant's vested account.

Notes Receivable from Participants

The Plan permits participants, under certain circumstances, to borrow a minimum of \$1,000 from their participant accounts (other than from their After-Tax Contributions Sub-Account or Profit Sharing Contributions Sub-Account). Subject to certain IRC and Plan limits, a participant may not borrow more than the lesser of \$50,000 minus their highest outstanding balance of loans from all plans maintained by the Company and its affiliates during the past 12 months or 50% of their vested account balance.

The period of repayment of any loan is up to five years from the effective date of the loan unless the loan is used to acquire a principal residence, for which a term of up to fifteen years may be permissible. Loans are secured by the remaining balance in the participant's account and bear interest at an effective annual percentage rate which is 1% above the prime interest rate as published in the Wall Street Journal. Loans are repaid with interest in equal payments over the term of the loan by payroll deductions, personal checks, or other methods as may be required.

In the event of a loan default, the amount of the outstanding balance will be reported to the Internal Revenue Service in the year of the default as ordinary income.

Consistent with the Coronavirus Aid, Relief, and Economic Security Act, loan repayments by eligible participants have been deferred during the 2020 plan year.

INSTRUMENTARIUM SAVINGS INVESTMENT PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Payment of Benefits

Participants' withdrawals are permitted under the Plan subject to certain restrictions. Participants are allowed to withdraw all or a portion of their after-tax contributions and rollovers. Participants who are at least age 59 ½ are allowed to withdraw their entire accounts. In the case of a hardship, a participant may make a withdrawal from his or her account. In order to make a hardship withdrawal, a participant must first withdraw the maximum after-tax and rollover contributions. On termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover.

Consistent with the Coronavirus Aid, Relief, and Economic Security Act, eligible participants have taken limited-time, in-service withdrawals during the 2020 plan year.

Plan Termination and Amendment

Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions and to terminate the Plan in accordance with the provisions of ERISA. If the Plan is terminated, each participant's interest will be payable in full according to Plan provisions. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason.

Administrative and Investment Advisory Costs

Expenses related to the administration of the Plan, including recordkeeping expenses and Trustee's fees, are liabilities of the Plan. However, the Company may choose to pay these expenses (see note 2(f)). For the registered investment companies, investment advisers are reimbursed for costs incurred or receive a management fee for providing investment advisory services. These reimbursed costs and management fees are reflected in the net appreciation (depreciation) in the fair value of investments on the statements of changes in net assets available for plan benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investments

Plan investments are reported at fair value. See notes 3 and 4 for additional information.

Investment transactions are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the net unrealized appreciation (depreciation) of investments. Earnings from the stable value fund are reinvested in the fund and reflected in dividends and interest.

(c) Fair Value Measurements

For financial assets and liabilities, fair value is the price the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets and liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

INSTRUMENTARIUM SAVINGS INVESTMENT PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 - Quoted prices for identical investments in active markets.

Level 2 - Quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 - Significant inputs to the valuation model are unobservable.

When available, quoted market prices are used to determine the fair value of investment securities, and they are included in Level 1. Level 1 securities include registered investment companies and interest-bearing cash.

See note 4 for additional information.

(d) Notes Receivable from Participants

Loans to participants are recorded at the outstanding principal balance plus accrued interest.

(e) Payment of Benefits

Benefit payments are recorded when paid to participants.

(f) Expenses

Substantially all expenses related to administration of the Plan are paid by the Company or out of the Plan's forfeiture account at the discretion of the Plan sponsor, with the exception of the Plan's loan expenses, which are paid by the Plan's Trustee out of the respective participant's investment fund's assets.

(g) Management Estimates and Assumptions

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Certification by Trustee (Unaudited)

The information presented in this note and the "Fair Value Measurements" note (note (4)) was compiled from information that was certified as complete and accurate by the Trustee ("the Certification"). The information presented below was not subject to auditing procedures by the Plan's Independent Auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In addition, the Certification also included notes receivable from participants, accrued dividends and interest, and interest on notes receivable from participants.

The Plan's investments at December 31, 2020 and 2019 follows.

	2020	2019
Registered investment companies	\$ 91,018,668	\$ 77,572,245
Collective trust fund	5,997,695	6,950,867
Stable value fund	8,624,838	9,022,303
Total investments	<u>\$ 105,641,201</u>	<u>\$ 93,545,415</u>

Participants may invest in a stable value fund which is a collective investment trust. The stable value fund primarily consists of a diversified portfolio of benefit-responsive investment contracts issued by life insurance companies, banks and other financial institutions, the performance of which may be predicated on underlying fixed income investments. The principal value of these assets is designed to remain stable regardless of stock and bond market fluctuations and to help preserve principal and provide a stable crediting rate (rate of return). The investment contracts cannot credit an interest rate that is less than zero percent.

Investment contracts held by the stable value fund are valued at their contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. All investment contracts held by the stable value fund are fully benefit-responsive, which means that withdrawals from these contracts are required to be made at contract value for qualifying benefit payments, including participant-directed transfers.

The net value of the stable value fund is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the net assets of the stable value fund. Units of the fund are issued and redeemed at the current net asset value.

These investments are priced daily and there are no unfunded commitments or redemption restrictions associated with the funds.

INSTRUMENTARIUM SAVINGS INVESTMENT PLAN

Notes to Financial Statements

December 31, 2020 and 2019

(5) Risks and Uncertainties

The Plan offers a number of investment options consisting of registered investment companies, collective trust fund and a stable value fund. The funds invest in U.S. equities, international equities and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur (including in the near term) and that such changes could materially affect participant account balances and amounts reported in the statements of net assets available for plan benefits.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

As of December 31, 2020 and 2019, the following investments represents more than 10% of the fair value of the Plan's total investments.

	2020	2019
Vanguard Institutional Index Fund	\$ 15,432,062	\$ 14,264,538
Dodge & Cox Stock Fund	12,979,447	13,588,114
T. Rowe Price Institutional Large Cap Growth Fund	26,406,182	21,079,956

(6) Related Party Transactions (Parties-in-Interest)

Certain fees paid to related parties for services to the Plan were paid by the Plan. Registered investment company, collective trust fund and stable value fund operating expenses reduce the respective fund's assets and are reflected in the fund's share/unit price and dividends.

In addition to the recordkeeper, trustees and custodians of the Plan, which are mentioned in note 1, KPMG LLP, the auditor of the Plan's financial statements, is also a party in interest as defined by ERISA.

(7) Tax Status

In December 2016, the IRS began publishing a Required Amendments List for individually designed plans which specifies changes in qualification requirements. The list is published annually and requires plans to be amended for each item on the list, as applicable, to retain its tax-exempt status.

The Internal Revenue Service has notified the Company by a letter dated October 6, 2017, that the Plan is qualified under the appropriate sections of the IRC and that the related trust is tax-exempt. The Plan has not been amended since receiving the determination letter. The Plan administrator and the Plan's counsel believe that the Plan's current design and operations comply in all material respects with the applicable requirements of the IRC, and that the letter remains valid.

The portion of a participant's compensation contributed to the Plan as a pre-tax contribution and the Company's matching contribution are not subject to Federal income tax when such contributions are credited to participant accounts, subject to certain limitations. These amounts and any investment earnings may be included in the participant's gross taxable income for the year in which such amounts are withdrawn from the Plan.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. For the years ended December 31, 2020 and 2019, the Plan has not recognized a tax liability (or asset) related to uncertain tax positions.

(8) Subsequent Events

Subsequent events after the statement of net assets available for plan benefits through July 19, 2021, the date the financial statements were issued, have been evaluated in the preparation of the financial statements. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

(9) Reconciliation of Financial Statements to Form 5500

Notes receivable from participants are classified as investments per Form 5500 instructions. In addition, any deemed distributions are not considered to be plan assets per Form 5500 and are excluded from notes receivable from participants. However, these distributions remain a plan asset for purposes of these financial statements until a distributable event occurs and they are offset against Plan assets.

A reconciliation of total investments per the financial statements at December 31, 2020 and 2019 to the annual report filed on Form 5500, Schedule H as required by the Department of Labor follows.
