1. PLAN DESCRIPTION

The following description of the 4 Over 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees, as defined by the Plan, who are employed by 4 Over International, LLC (the "Plan Sponsor") and adopting employers (collectively the "Company"). Employees must complete two months of service to be eligible to participate in the Plan and receive Company discretionary matching contributions. For Company discretionary contributions, participants must also be at least 21 years of age and complete at least 1,000 hours of service during the 12-month period immediately following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act provides participants with optional relief provisions related to distributions and loans from the Plan. The Company has evaluated and authorized the implementation of certain relief provisions effective April 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Participant Contributions - Each year, participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Company Contributions - The Company may make discretionary matching contributions. For the year ended December 31, 2020, the Company matched 50 percent of the first six percent of compensation deferred by a participant through April 30, 2020. Effective May 1, 2020, the Company discretionary matching contribution was temporarily suspended. The Company matching contribution was $242,848 for the year ended December 31, 2020. The Plan also provides for discretionary Company contributions and qualified non-elective contribution ("QNEC") of which none were made for the year ended December 31, 2020.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution and QNEC, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and QNEC, plus actual earnings thereon. Participants who terminated after January 1, 2019 are also vested immediately in Company contributions. For participants who terminated prior to January 1, 2019, vesting in the Company contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after two years of service and an additional 20 percent each year thereafter until 100 percent vested upon six years of service.

Forfeitures - Forfeitures of Company contributions may be used to reduce future Company contributions and pay Plan administrative expenses. During the year ended December 31, 2020, forfeitures of $26,140 were used to pay Plan administrative expenses. As of December 31, 2020, forfeitures of $15,262 were available for future use.

Payment of Benefits - On termination of service for any reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution as permitted under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by John Hancock Life Insurance Company (the "Custodian").

Recent Accounting Pronouncements - In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. This ASU also modified existing disclosure requirements that in lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. In addition, this ASU requires for investments in certain entities that calculate net asset value to disclose the timing of liquidation of an investee's assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on measurement uncertainty information, which should be applied prospectively for only the most recent annual period presented in the initial year of adoption, should be applied retrospectively. The Plan adopted this ASU for the year ended December 31, 2020 and it did not have a material impact on the financial statements.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Custodian and independent public accountants, may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Guaranteed Interest Contract ("GIC") – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer and therefore classified as Level 2 within the valuation hierarchy.

Pooled Separate Accounts – Valued at the net asset value ("NAV") of units of a pooled separate account ("PSA") maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The primary investment objective of the PSAs is to allow participants to achieve the same rate of return as the underlying mutual funds, less fees charged by the insurance company. The PSAs do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
GIC	$ -	$ 79,732	$ -	$ 79,732
Investments in the fair value hierarchy	$ -	$ 79,732	$ -	$ 79,732
Investments measured at NAV practical expedient				15,465,559
Investments at fair value				$ 15,545,291

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
GIC	$ -	$ 72,954	$ -	$ 72,954
Investments in the fair value hierarchy	$ -	$ 72,954	$ -	$ 72,954
Investments measured at NAV practical expedient				15,722,587
Investments at fair value				$ 15,795,541

4. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value, notes receivable from participants, and noninterest-bearing cash as shown in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

b. Net appreciation of investments, interest income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.

c. Investments and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

6. TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated May 7, 2015. The Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

8. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

9. PARTY-IN-INTEREST TRANSACTIONS

The Custodian of the Plan charges the Plan transaction fees which qualify as party-in-interest transactions for which exemptions exist. The Custodian received $58,388 for administration fees related to asset charges and loan fees paid by participants through the Plan and received indirect compensation from investments based on a formula. The Plan's independent auditor received $2,835, all of which was paid from the forfeiture account. The Plan also paid direct third party administrator fees of $37,665, of which $23,305 was paid from the forfeiture account, and paid indirect third party administrator fees of $7,835. In addition, the Plan utilizes a broker who received indirect fees of $51,648.

10. RECONCILIATION TO FORM 5500

Below is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	**2020**
Net assets available for benefits per the financial statements	$ 16,247,905

11. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 21, 2021, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
