OMNOVA Solutions Retirement Savings Plan

Notes to Financial Statements

A. Description of Plan

The following description of the OMNOVA Solutions Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all domestic employees of OMNOVA Solutions Inc. ("OMNOVA", the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On July 3, 2019, the Company announced it had entered into an Agreement and Plan of Merger with Synthomer plc ("Synthomer"), Spirit USA Holdings Inc., and Synthomer USA LLC, pursuant to which the Company would merge with Spirit USA Holdings Inc., a wholly-owned subsidiary of Synthomer, subject to shareholder and regulatory approvals and other customary conditions (the "Transaction"). The Transaction was completed in April 2020 and all Company stock was redeemed, as a result.

Effective December 31, 2020, employees of Synthomer USA, LLC, were permitted to participate in the Plan, and assets of \$9,220,834 were transferred into the Plan.

Contributions

All eligible salaried and non-union hourly employees hired on or after January 1, 2005 are automatically enrolled in the Plan within 30 days of hire date at a before-tax contribution rate of 6%. If an eligible employee does not wish to participate in the Plan, the employee may waive such automatic enrollment.

Participants may elect to make before-tax, after-tax, or Roth basis contributions to the Plan ranging from 1% to 50% of their annual compensation, subject to certain limitations. Matching contributions for union hourly employees are determined by the collective bargaining agreements for each union but do not exceed the formula for matching contributions applicable to salaried and non-union hourly participants. Matching contributions for salaried and non-union hourly participants are at 100% of the first 1% of eligible compensation contributed by a participant and 50% of the next 5% of such compensation. Participants may also contribute amounts representing distributions from other qualified plans.

Upon enrollment, a participant may direct their contributions in whole percentage increments to any of the Plan's fund options. Participants are not permitted to direct their contributions to Company common stock. In addition, participants may appoint an investment professional and establish a self-directed investment account for the purpose of investing their contributions in investment options outside of the funds offered by the Plan, subject to limitations provided in the Plan document. Participants may change their investment options each payroll period. Employer matching contributions are made in cash and are invested in the same manner as that of the participant's elective contribution.

OMNOVA Solutions Retirement Savings Plan

Notes to Financial Statements

Each salaried and non-union hourly employee who are auto enrolled at a 6% before-tax contribution will have their contribution rate increased annually by a 1% increment, up to a maximum of 10% unless the employee makes an affirmative election for a specified before-tax contribution rate.

Participant Accounts

A separate account is maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of (a) OMNOVA's contributions and, as the case may be, (b) Plan earnings (losses), and is charged with an allocation of certain administrative expenses (see Plan Expenses below). Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant's interest in the matching contributions made for his or her benefit is at all times vested and not subject to forfeiture, except such forfeitures as may be required or permitted in order to meet the non-discrimination provisions of the Internal Revenue Code (the "Code") or other applicable provisions of law.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50% of their account balance but not more than \$50,000, reduced by the highest outstanding balance of any loans during the previous one year period. Participants may have only one outstanding loan at any time. OMNOVA matching contributions are not available for loans, but are included in computing the amount available for loans. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at a fixed rate at the published prime rate plus a margin of 1%. Principal and interest is paid ratably through payroll deductions. The interest rates on loans outstanding at December 31, 2020 and 2019 range from 4.25% to 6.50%.

Distributions

Subject to certain limitations, a participant may withdraw all or part of their account balance upon the attainment of age 59½. Distributions are required to begin at age 70½ (in accordance with the Worker, Retiree and Employer Recovery Act of 2008). Distribution of the account balance to a participant who terminates or elects an in-service withdrawal is made in accordance with the terms of the Plan.

Hardship withdrawals are initiated and certified electronically by the participant. The electronic approval process requires that the participant verifies that their withdrawal meets the criteria per the Plan as a hardship withdrawal.

B. Summary of Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by OMNOVA and are excluded from these financial statements. Fees related to the administration of notes receivable from participant's are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as Plan expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Forfeitures

Forfeited non-vested accounts totaled \$18,393 and \$36,256 as of December 31, 2020 and 2019, respectively. Forfeitures are used to reduce Plan expenses in the subsequent year (reduction of Plan expenses of \$18,709 in 2020).

OMNOVA Solutions Retirement Savings Plan

Notes to Financial Statements

Subsequent Events

The Plan has evaluated subsequent events through July 23, 2021, the date the financial statements were available to be issued. Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Effective January 1, 2021, the Plan was amended and restated in its entirety to comply with applicable laws, to integrate interim amendments, to change its name from the Omnova Solutions Retirement Savings Plan to Synthomer Savings Plan, and to reflect certain other changes.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying footnotes. Actual results could differ from those estimates.

C. Fair Value Measurements

Plan investments are recorded at fair value as prescribed under Accounting Standards Codification “*Fair Value Measurement* (ASC 820)”. ASC 820 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Financial assets and liabilities are measured at fair value and categorized in three levels based on the assumptions (inputs) used to value the assets. The three levels are:

Level 1 inputs - Quoted market prices in active markets for identical assets or liabilities.

Level 2 inputs - Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 inputs - Unobservable inputs that are not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used at December 31, 2020 and 2019. A description of the valuation methodologies used for assets measured at fair value is as follows:

Common stock: valued at the daily closing price reported on the active market on which the individual securities are traded.

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

OMNOVA Solutions Retirement Savings Plan

Notes to Financial Statements

Collective trust fund: valued at the NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The fund is composed primarily of fully benefit-responsive investment contracts that are valued at contract value. NAV is determined to be the contract value which is the value participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Self-directed brokerage accounts: assets primarily include investments in common stock, which are measured at fair value using methodologies previously discussed.

Stable value fund: fair value is estimated based on the fair value of the underlying investment contracts. The stable value fund seeks maximum current income while maintaining stability of the principal. It is primarily invested in guaranteed investment contracts (GICs), bank investment contracts (BICs), synthetic investment contracts (SICs), and separate account contracts (SACs). GICs, BICs, SICs and SACs are designed to provide principal stability and a competitive yield. There are certain restrictions related to withdrawals and timing of liquidations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrative Committee believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following financial assets were measured at fair value on a recurring basis as of December 31, 2020:

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 145,516,350	\$ 145,516,350	\$ -	\$ -
Self directed brokerage accounts	2,797,645	2,797,645	-	-
Stable value fund	6,708,315	6,708,315	-	-
Investments at fair value	<u>\$ 155,022,310</u>	<u>\$ 155,022,310</u>	<u>\$ -</u>	<u>\$ -</u>

The following financial assets were measured at fair value on a recurring basis as of December 31, 2019:

	Fair Value	Level 1	Level 2	Level 3
Common stock	\$ 6,051,570	\$ 6,051,570	\$ -	\$ -
Mutual funds	121,965,815	121,965,815	-	-
Self directed brokerage accounts	<u>2,340,703</u>	<u>2,340,703</u>	<u>-</u>	<u>-</u>
Total assets in the fair value hierarchy	<u>\$ 130,358,088</u>	<u>\$ 130,358,088</u>	<u>\$ -</u>	<u>\$ -</u>

OMNOVA Solutions Retirement Savings Plan

Notes to Financial Statements

D. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and participant loans receivable shown in the Statement of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

The Plan's auditors did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

E. Plan Termination

Although it has not expressed any intent to do so, OMNOVA has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would continue to be 100 percent vested in their accounts.

F. Income Tax Status

On April 4, 2014, the Internal Revenue Service (IRS) stated that the Plan was in compliance with the applicable requirements of the Code for amendments through December 28, 2012. Although the Plan has been amended since receiving this Determination Letter, the Plan Administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

The Plan Administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

OMNOVA Solutions Retirement Savings Plan

Notes to Financial Statements

G. Party-in-Interest Transactions

Party-in-interest transactions include the investment in the common stock of the Company. The Plan held 0 and 598,495 shares of OMNOVA Solutions Inc. common stock with a fair value of \$0 and \$6,051,570 as of December 31, 2020 and 2019, respectively.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the Trustee as defined by the plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual funds for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
