## NOTE 1 – Description of the Plan

The following description of the PBI Market Equipment, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan which covers substantially all full-time employees of the Company who have completed six months of service and are age 20.5 years or older. Members of a collective bargaining unit and nonresident aliens are not eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

### *Contributions*

Each year, participants may contribute up to 100% of their IRC Section 415 eligible compensation, as defined in the Plan. In addition, participants may contribute total pre-tax and after-tax contributions to the Plan up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan currently offers numerous mutual funds and a guaranteed interest account as investment options for participants. The life insurance contracts are not a current investment option; therefore, additional contributions may not be directed to these contracts. The Company may make discretionary matching contributions. To be eligible to receive an allocation of matching contributions, participants must complete 1,000 hours of service during the plan year and be employed on the last day of the plan year. The Company did not make any matching contributions during the year ended December 31, 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

**NOTE 1 – Description of the Plan (Continued)**

***Participant Accounts***

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting***

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through biweekly payroll deductions.

***Payment of Benefits***

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in the participant's account.

***In-Service Withdrawals***

Participants who are at least 59-½ years of age are entitled to receive a distribution of all or any portion of their vested account balance.

Hardship withdrawals of pre-tax and after-tax elective contributions, which meet a hardship purpose of immediate and heavy financial need, are permitted as provided in the plan agreement. Such amounts may be drawn from a participant's deferral contributions only, and may be subjected to certain income tax penalties.

## NOTE 1 – Description of the Plan (Continued)

### *Forfeited Accounts*

As of December 31, 2020 and 2019, forfeited nonvested accounts totaled $0 and $268, respectively. These accounts will be used to reduce administrative expenses of the Plan, then the remaining forfeitures may be used to reduce future employer contributions. During the year ended December 31, 2020, $268 in forfeitures were used to pay administrative expenses.

## NOTE 2 – Significant Accounting Policies

### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan trustees determine the Plan's valuation policies utilizing information provided by the investment advisor, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**NOTE 2 – Significant Accounting Policies (Continued)**

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020.

***Payment of Benefits***

Benefits are recorded when paid.

***Expenses***

Certain expenses incurred maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

***Adoption of New Accounting Standard***

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The ASU modifies the disclosure requirements of fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. The Company adopted this ASU effective January 1, 2020; however, it did not have a material impact on the Plan's financial statements.

***Subsequent Events***

The Plan has evaluated subsequent events through July 15, 2021, the date the financial statements were available to be issued.

## NOTE 3 – Information Prepared and Certified by the Custodians

The plan trustees have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB and Nationwide Life Insurance Company (2020) (collectively, Nationwide) and Nationwide Retirement Plans Business Operations (2019), the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value (excluding $173,199 and $155,563 as of December 31, 2020 and 2019, respectively, not held by Nationwide)
- Notes receivable from participants
- Net appreciation in fair value of investments (excluding appreciation of $15,675 on assets not certified by Nationwide)
- Interest income on notes receivable from participants
- Schedule of assets held at end of year, held by Nationwide as indicated

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

| | |
|---|---|
| **Level 1** | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities that the Plan can access. |

**NOTE 4 – Fair Value Measurements (Continued)**

**Level 2** Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

***Mutual funds:*** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**NOTE 4 – Fair Value Measurements (Continued)**

***Guaranteed interest account:*** The fair value of the guaranteed interest account is the book value less any Market Value Adjustment (MVA),which is used to reimburse Nationwide for losses or to provide gains to the Plan due to the sale of underlying investments necessary to fund the transaction, and Contingent Deferred Sales Charge (CDSC). This contract currently does not have a CDSC. The net rate, crediting rate, and average yield earned are the same. The fixed contract crediting rate is reset annually. During both the years ended December 31, 2020 and 2019, the fixed rate was 2.50%. The fixed contract does not have a maturity date and, therefore, the provisions do not provide for distribution at book value at some specified future date but continues in force until all assets have been distributed or no further payments are due. This fixed contract is not fully benefit responsive as the contract does not restrict the frequency or amount of the participant-directed exchanges.

***Life insurance contracts:*** The fair value of these contracts is based on cash surrender value of the contracts. The policies have a fixed interest rate of 5% with maturity dates ranging from November 2064 to 2071.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

| | Assets at Fair Value as of December 31, 2020 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual Funds | $ 5,946,422 | $ - | $ - | $ 5,946,422 |
| Guaranteed Interest Account | - | - | 372,926 | 372,926 |
| Life Insurance Contracts | - | - | 41,181 | 41,181 |
| Total assets at fair value | $ 5,946,422 | $ - | $ 414,107 | $ 6,360,529 |

**NOTE 4 – Fair Value Measurements (Continued)**

| | Assets at Fair Value as of December 31, 2019 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual Funds | $ 5,005,276 | $ - | $ - | $ 5,005,276 |
| Guaranteed Interest Account | - | - | 368,982 | 368,982 |
| Life Insurance Contracts | - | - | 39,220 | 39,220 |
| Total assets at fair value | $ 5,005,276 | $ - | $ 408,202 | $ 5,413,478 |

***Changes in Fair Value of Level 3 Assets***

The following table sets forth a summary of transfers, purchases, and issuances of the Plan's level 3 assets for the year ended December 31, 2020:

| | **Guaranteed Interest Account** | **Life Insurance Contracts** | **Total** |
|---|---|---|---|
| Purchases | $ 18,155 | $ - | $ 18,155 |

**NOTE 5 – Related-Party Transactions and Party-in-Interest Transactions**

Certain plan investments are shares of mutual funds and a guaranteed interest account managed by Nationwide. Nationwide is a custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan paid a direct payment to Nationwide totaling $10,197 that was not covered by revenue sharing. In addition, the Plan paid $26,951 to a party-in-interest for investment advisory services. The plan sponsor pays directly any other fees related to the Plan's operations.

## NOTE 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

## NOTE 7 – Tax Status

On March 31, 2014, the Internal Revenue Service stated that the volume-submitter profit-sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
