Western Disposal, Inc.
401(k) Plan
5880 Butte Mill Road
Boulder, CO 80301

We have conducted a DOL limited-scope audit of the financial statements of the Western Disposal, Inc. 401(k) Plan (the "Plan") for the year ended December 31, 2020, and have issued our report thereon dated July 19, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 5, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. As described in Note 2, during 2020 the Plan adopted ASU 2018-13. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 19, 2021.

Management Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings, Issues, or Recommendations

Principal Residence Loan Documentation

During the course of our audit, Brock and Company, CPAs, P.C. ("Brock") noted two participants that obtained a principal residence loan with a term in excess of five years. No supporting documentation to substantiate the principal residence loan was available. Brock recommends Plan management obtain supporting documentation for principal residence loans, or require the Plan's service provider to obtain supporting documentation, prior to such loans being granted.

Demographic Information

During the course of our audit, Brock noted one instance in which demographic information (one participant's social security number) was different between the Employer's records and the Plan's recordkeeping system. Brock recommends Plan management work with the Plan's recordkeeper to correct this demographic information.

Participant Entering the Plan Prior to Their Entry Date

During the course of our audit, Brock noted one employee that had deferrals withheld prior to being eligible for the Plan. This was caught by Plan management and amounts were promptly refunded to the employee.

Late Contributions

During the course of our audit, Brock and Company CPAs P.C. ("Brock") noted one instance in 2019 in which participant contributions were not remitted to the Plan's trust in a timely manner. Such late contribution has been disclosed in Note 8 to the financial statements and recorded on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions.

Brock recommends Plan management remit lost earnings into the Plan's trust in order to correct this transaction and file all applicable IRS Forms 5330 *Return of Excise Taxes Related to Employee Benefit Plans* as soon as administratively feasible.

Participant Interviews

Brock performed participant interviews in connection with our audit. During those interviews, two participants (Participant A and Participant B) indicated that they are having some problems with the Plan. Participant A indicated that they are not receiving their 401(k) Plan statement. Participant B indicated that they had requested paper statements and are not receiving them. Participant B also has concerns with the information that they are able to access via Voya's website and believes the Plan's mutual fund choices are limited.

Brock recommends Plan management contact these two participants in order to alleviate their concerns.

This information is intended solely for the use of the Plan's Committee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Brock and Company CPAs P.C.

Independent Auditor's Report

To the Plan Administrator of the
Western Disposal, Inc. 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Western Disposal, Inc. 401(k) Plan (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company and Voya Institutional Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained certifications from the trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2020, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of the Plan

The following description of the Western Disposal, Inc. (the "Company" or "Employer") 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan which went into effect January 1, 1986 that is generally available to all employees of the Company (excluding leased employees). After completing 90 days of service and attaining age 18, employees are eligible to make salary deferral contributions into the Plan. Employees may enter the Plan for purposes of salary deferral contributions on the date the eligibility requirements are met. After completing one year of service and attaining age 18, employees are eligible to receive a safe harbor basic Employer matching contribution. Employees may enter the Plan for purposes of the safe harbor basic Employer matching contribution on the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Change in Service Provider. On June 4, 2020, the Plan Sponsor resolved to remove Vanguard Fiduciary Trust Company ("Vanguard") as the Plan's trustee and recordkeeper and appoint Voya Institutional Trust Company ("VOYA") effective July 20, 2020. In connection with this change in the Plan's service providers, the Plan document was amended and restated, a blackout period started July 14, 2020 and ended on or before August 7, 2020, and the Plan's assets were transferred from Vanguard to VOYA during the blackout period.

Plan Amendment. The Plan document was amended and restated effective July 20, 2020. The amended and restated Plan document changed the entry date for purposes of participant deferral contributions and the safe harbor basic matching contribution to be the date the eligibility requirements are met, added an automatic contribution arrangment that starts at 5% of compensation and auto-escalates by 1% yearly up to a maximum of 15% of compensation, changed the determination period for safe harbor basic matching contributions to be each payroll period, added an in-plan Roth rollover contribution provision, and provided that all prior Employer contribution sources are 100% vested immediately;

Contributions. The following types of contributions are allowable under the Plan:

- Salary Deferral Contributions – Participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan document, subject to limitations discussed below. Additionally, participants may contribute a percentage of their after-tax compensation and designate it as a Roth elective deferral contribution. The Plan has an automatic enrollment feature such that newly eligible Plan participants will be automatically enrolled at a 5% pre-tax salary deferral contribution percentage rate. Such automatic deferral increases by 1% per year up to a maximum of 15% of compensation.
- Safe Harbor Basic Matching Contributions – A safe harbor basic matching contribution is made each payroll period in an amount equal to 100% of the amount of each participant's elective and/or Roth deferrals that do not exceed 3% of their eligible compensation, plus 50% of the amount of their elective and/or Roth deferrals that exceed 3% of their eligible compensation but that do not exceed 5% of eligible compensation.

Note 1 – Description of the Plan (continued)

- Rollover Contributions – Amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan

All contributions are allocated to the Plan's investment funds at the direction of the participants.

A participant's total elective and Roth deferral contributions cannot exceed $19,500 ($26,000 for participants age 50 or older) in calendar year 2020. The total annual additions to a participant's account may not exceed the lesser of (i) $57,000 or (ii) 100% of the participant's compensation.

Participant Accounts. Each participant's account is credited with the participant's contributions (elective deferrals, Roth deferrals, and rollovers, if any) and an allocation of (a) the Company's contribution (safe harbor basic matching), (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options. Participants may direct their investments into various mutual funds and a common collective trust.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 or (ii) 50% of their vested account balance. Loan terms range up to a maximum of 5 years (a longer term is available if used for the purchase of a participant's principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest equal to prime plus 1% at the date the loan is granted. Principal and interest payments are paid ratably through payroll deductions.

Vesting. Participants are immediately vested in their elective and Roth deferral contributions, rollover contributions, basic safe harbor matching Employer contributions, and related earnings at all times. Effective July 20, 2020, Employer matching contributions that were not designated as safe harbor contributions ("Non Safe Harbor Matching Contributions") and Employer profit sharing contributions, and earnings thereon, became 100% vested. Participants, while employed, also become 100% vested upon reaching normal retirement age, death, becoming disabled, or upon Plan termination or partial Plan termination.

Forfeitures. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan or are used to reduce Employer contributions. For the year ended December 31, 2020, no forfeitures were used for either purpose. As of December 31, 2020 and 2019, unutilized forfeitures were $1,148 and $1,025, respectively.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum, partial payments, or installments equal to the value of their vested account balance upon attainment of normal retirement age, death, or termination of the participant. Additionally, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59½, upon a deemed severance from employment, for a qualified reservist distribution, or if they incur a financial hardship, as defined in the Plan document, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates. The financial statements of the Plan are prepared using the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Origination fees are paid by the participants at the date the loan is granted. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Included in administrative expenses are recordkeeping, consulting, trustee, investment management, investment advisory, and other fees. Certain investment related expenses are included in net appreciation in fair value of investments.

New Accounting Pronouncement. In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which amends Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* to add, remove, and modify fair value measurement disclosure requirements. The amendments in ASU 2018-13 are effective for fiscal years beginning after December 15, 2019. Certain amendments in ASU 2018-13 are applied prospectively and all others are applied retrospectively. During 2020, Plan management adopted ASU 2018-13.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures* , provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds are valued at the quoted net asset value (“NAV”) of shares held by the Plan at year end; and
- Common collective trust is valued at the NAV of units in a collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Fair Value Measurements at December 31, 2020

Note 3 – Fair Value Measurements (continued)

Investments in Certain Entities that Calculate NAV per Unit. The following table for December 31, 2020 and 2019 sets forth a summary of certain of the Plan's investments with a reported NAV:

	2020	2019
Investment	Common Collective Trust (a)	Common Collective Trust (a)
Fair Value	**$ 1,632,820**	$ 840,089

As of each valuation date, which is the last business day of each calendar month, and as of any additional business days during the month as the Trustee may select.
Redemption Notice Period	(b)(c)	(b)(c)

(a) Stable value fund strategy that seeks to provide a relatively predictable return from current income, with no change in principal value by investing in a portfolio of conservative, high credit-quality diversified investments.

(b) The Plan may redeem units in the Trust at contract value provided that:

i. the Plan delivers a written request for withdrawal to the Trustee at least 12 months prior to the designated valuation date; or

ii. an authorized request for withdrawal is delivered to the Trustee on or prior to the designated valuation date for purposes of funding a Plan participant's authorized distribution, withdrawal, or loan payment; or

iii. an authorized request for withdrawal is delivered to the Trustee on or prior to the designated valuation date for a participant directed investment exchange to a non-competing investment, provided that such asset remains in a non-competing investment for a minimum of 90 days following such exchange; or

iv. an authorized request for withdrawal is delivered to the Trustee on or prior to the designated valuation date which must be in January of the calendar year, for a participant directed investment exchange to a competing investment, provided such investment exchange with respect to any one employee does not exceed the greater of $500 or 25% of the value of the Plan's investment in the Trust.

(c) The Plan may redeem units in the Trust for reasons other than those described in (b) above, provided that an authorized request for withdrawal is delivered to the Trustee at least 30 days prior to the designated valuation date. Such withdrawal will be paid at contract value less any surrender charges incurred with the liquidation of the underlying investment contracts or other fixed principal investments held by the Trust.

Note 4 – Certified Information

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees of the Plan have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, and Note 3;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2020, as shown in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Company has adopted a Voya Retirement Insurance and Annuity Company Prototype Non-Standardized Profit Sharing Plan Document ("prototype plan"). The prototype plan received a favorable opinion letter from the IRS on September 1, 2014 which stated that the prototype plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the prototype plan and Plan have been amended since receiving the IRS determination letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2020 and 2019. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-In-Interest Transactions

Certain Plan investments are shares/units of mutual funds and a common collective trust offered by Vanguard. As Vanguard Fiduciary Trust Company is the former trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 8 – Nonexempt Prohibited Transaction

During 2019, the Company had a nonexempt prohibited transaction related to a participant contribution not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contribution has been remitted to the Plan's trust. The Company intends to correct this late contribution by remitting lost earnings into the Plan's trust as soon as administratively feasible.

Note 9 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a common collective trust. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2020 and 2019, there were three investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2020.

Note 9 – Concentrations, Risks and Uncertainties (continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 10 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 19, 2021, which is the date the financial statements were available to be issued.
