ARABELLA ADVISORS, LLC RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Arabella Advisors, LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Arabella Advisors, LLC (the "Company" or "Employer"), who are at least 18 years old and temporary employees who have at least one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The assets of the Plan are managed and administered under the terms of an agreement between the Employer and Matrix Trust Company (the "Custodian"). The Custodian is responsible for the investment of such assets and the accounting for all related receipts and disbursements.

Participant Contributions. Participating employees are allowed to make contributions of either their pretax annual compensation or post tax contributions to a Roth retirement account, as defined in the Plan, subject to the maximum contribution limit under the Internal Revenue Code ("IRC").

Effective June 1, 2021, the plan was amended to include an auto-enrollment provision whereby employees are auto-enrolled in the plan at a contribution rate of 4%, unless they affirmatively elect not to participate.

Employer Contributions. The Company has elected to make a safe-harbor matching contribution of 100% of the first 4% of salary that a participant deferred to the Plan. Participants are 100% vested in these matching contributions. Additionally, the Company may elect to make discretionary profit sharing contributions in an amount to be determined by the Board of Directors for each plan year. Discretionary contributions are limited to the maximum amount deductible by the Company for purposes of federal income tax. No discretionary contributions were elected for the year ended December 31, 2020.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of the Employer contributions, if any. Plan earnings or losses and administrative fees are allocated to participant accounts based on their proportionate share of identified fund balances and other Plan assets.

Investment Options. Participants may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to Plan provisions. Additionally, any participant can self-direct their investments ("TD Ameritrade SDBA").

Vesting. Participants are immediately fully vested in their contributions and any employer contributions.

Notes Receivable from Participants. The Plan provides that a participant may borrow from their vested account balance attributable to salary deferral, Roth, and rollover accounts. Outstanding loans may not exceed the lesser of 50% of the participant's vested balance or $50,000. Loan terms shall not exceed five years unless used to purchase a primary residence. Payments are to be made not less frequently than quarterly. The loans are secured with up to 50% interest in the vested portion of the account balance and bear a reasonable rate of interest as determined by the plan administrator.

Forfeitures. Forfeited nonvested accounts will be used to pay certain Plan expenses and/or reduce future Company contributions. As of December 31, 2020 and 2019, there were $206 and $1,287 in forfeitures, respectively.

Benefits. Benefit payments are generally made in lump sum upon termination, death, retirement, or resignation.

Plan Amendment. Effective January 1, 2020, the Plan adopted a good faith amendment which modifies the existing hardship distribution Plan provisions, including the expansion of the assets available for hardship distributions.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Economic Conditions. In March 2020, government agencies announced warnings related to the Coronavirus ("COVID-19"). Any potential decline in economic activity in the U.S. and other regions of the world as a result of the virus may have an adverse impact on the Plan's Assets.

Recent Legislation. The Coronavirus Aid Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act allows for Coronavirus-related distributions and loans to participants through the end of 2020 and has specific rules related to the qualification, distribution and repayment of such distributions and loans.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual method of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Concentrations of Credit Risk. Substantially all the Plan's assets are held by the Custodian.

Investment Valuation and Income Recognition. Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies are determined utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Administrative expenses pertaining to the operation of the Plan are primarily paid by the Company. Additionally, various administrative, legal, and accounting services are performed by Company personnel on behalf of the Plan for which no charges are made to the Plan, and for which the Company does not intend to obtain reimbursement. Investment expenses, however, are charged against the Plan's investment income.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN ASSETS

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that were prepared by the Custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the Custodian that such information is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Note 4: All investment balances.
- Investments as shown in the schedule of assets held at end of year as of December 31, 2020, as shown on Form 5500, Schedule H, Part IV, Line 4i.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual Funds. Valued at quoted market price.

Self-Directed Brokerage Account ("SDBA"). Valued at the quoted market prices of the underlying investments held by the SDBA.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,254,213	$ -	$ -	$ 14,254,213

NOTE 5 – FULLY BENEFIT-RESPONSIVE CONTRACT

The Plan holds a traditional investment contract which meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 – FULLY BENEFIT-RESPONSIVE CONTRACT (Concluded)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 6 – PLAN TERMINATION

While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA and the Plan Agreement. In the event of Plan termination, all participants will become fully vested in all their accounts.

NOTE 7 – INCOME TAX STATUS

The Plan as adopted is a prototype non-standardized profit-sharing plan. The sponsoring organization has received an opinion letter covering the prototype plan, dated March 31, 2014. A separate determination providing that the Arabella Advisors, Retirement Plan, as adopted, and the related trust are designed in accordance with applicable sections of the IRC has not been sought from the Internal Revenue Service ("IRS"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for investments in mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
