Report On The Financial Statements

We were engaged to audit the accompanying financial statements of the Bodine Electric Company Employee's Savings & Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020 and the related notes to the financial statements.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis For Disclaimer Of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer Of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report On Form And Content In Compliance With Department Of Labor Rules And Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BODINE ELECTRIC COMPANY EMPLOYEE'S SAVINGS & INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description Of The Plan

The following description of the Bodine Electric Company Employee's Savings & Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing and 401(k) plan covering all employees of Bodine Electric Company (the "Employer") who have completed three months of service and attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Once eligible, participants are automatically enrolled in the Plan with a deferral amount of 6% of eligible compensation, unless a participant elects otherwise. The Plan includes an automatic escalation feature whereby a participant's deferral percentage increases 1% each year indefinitely, unless a participant makes an election to conclude escalation features.

Participants may contribute up to 60% of eligible compensation in the form of pre-tax contributions not to exceed Internal Revenue Code ("IRC") limits. Effective September 2020, participants may also contribute in the form of after-tax ("ROTH") contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Under the provisions of the Plan, the Employer has the option to make discretionary matching and profit-sharing contributions. Participants are eligible for the discretionary matching and profit-sharing contributions upon becoming eligible to make elective deferral contributions, completion of one year of service and 1,000 hours of service annually. For the year ended December 31, 2020, the Employer elected to match 100% of the first 2% and 50% of the next 4% of each participant's deferral contribution. The Employer made no discretionary profit-sharing contributions to the Plan for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer discretionary matching and profit-sharing contributions as well as allocations of the Plan's earnings and expenses. Allocations are based on participant's eligible compensation, the value of the account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested participant-sourced account balance. Participants are limited to one loan outstanding at any time. The loans are secured by the participant's vested account balance and bear interest at a reasonable rate based on financial institution rates. Loan terms may not exceed five years, except for loans to purchase a principal residence. Principal and interest are paid ratably through payroll deductions.

Loan provisions resulting from the impact of the Coronavirus Disease 2019 ("COVID-19") pandemic and the Coronavirus Aid, Relief and Economic Security ("CARES") Act are described within this Note 1 under the caption COVID-19 And The CARES Act.

Vesting

Participants are immediately vested in their rollover, voluntary and Employer contributions, plus the actual earnings thereon.

Hardship Withdrawals

Participants may elect to withdraw all or a portion of their elective deferral contribution balances, plus the actual earnings thereon, if they incur a financial hardship. Hardship withdrawals are subject to the terms of the plan agreement and provisions of the IRC.

Payment Of Benefits

Upon termination of service due to death, disability or retirement, participants with an account balance greater than $5,000 may elect to receive either a lump-sum amount equal to the value of their account or equal monthly, quarterly or annual installments over a period of time. Under the default automatic rollover provisions, distributions greater than $1,000 but less than $5,000 will be made to an Individual Retirement Account without participant consent if a participant does not make a different distribution election after receiving the required notification. Participants with a vested balance of $1,000 or less will receive a lump-sum payment upon termination.

Withdrawal provisions resulting from the impact of the COVID-19 pandemic and the CARES Act are described within this Note 1 under the caption COVID-19 And The CARES Act.

In-Service Withdrawals

Active participants who reach age 59½ may withdraw all or part of their vested accounts.

COVID-19 And The CARES Act

In March 2020, the World Health Organization characterized the COVID-19 outbreak as a pandemic, and the United States government declared the COVID-19 outbreak a national emergency. In response to the COVID-19 pandemic, Congress passed the CARES Act to provide financial aid for individuals and companies impacted by the coronavirus. In addition, the CARES Act includes special provisions allowing access to retirement savings and suspension of required minimum distributions ("RMDs") to aid participants impacted by the pandemic. Certain coronavirus-related relief provisions available to Plan participants are summarized below:

- For participants who meet certain coronavirus eligibility requirements, coronavirus-related distributions are allowed in 2020, up to an aggregate limit of $100,000. These distributions include a waiver of the 10% early distribution penalty tax (for distributions before age 59½), as well as provisions for a three-year repayment of the distribution. Participants can elect to have the regular income taxes on the distribution spread over three years and the standard 20% withholding tax is not required.

- For participants who meet the coronavirus eligibility requirements, the maximum loan amount available may be increased up to the lesser of: (1) $100,000 (minus outstanding plan loans of the participant), or (2) the participant's vested balance for plan loans made from March 27, 2020 to September 22, 2020. If a loan is outstanding on or after May 27, 2020 and any loan payments due from March 27, 2020 to December 31, 2020 may be delayed for up to one year. Delayed repayment options are available for new coronavirus-related loans taken prior to September 23, 2020; subsequent payments will be adjusted to reflect such delay in due dates and the delay will be disregarded for purposes of determining the 60-month maximum repayment period.

- A temporary one-year suspension of RMDs due in 2020.

2. Summary Of Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use Of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant does not make loan repayments and the plan administrator considers the loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan agreement.

Payment Of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 27, 2021, the date the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019 and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the financial statements. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available.

A three-tier hierarchy categorized the inputs as follows:

Level 1 – Quoted prices unadjusted in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liability and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, inputs are developed using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgment, taking into account factors specific to the asset or liability. The categorization within the hierarchy is based upon the pricing transparency of the asset or liability and does not necessarily correspond to our assessment of the quality, risk or liquidity profile of the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Common/Collective Trust: Valued at the NAV of units of the trust. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,493,826	$ —	$ —	$ 1,493,826
Mutual funds	38,707,437	—	—	38,707,437
Total assets in the fair value hierarchy	40,201,263	—	—	40,201,263
Investments measured at net asset value (a)				344,142
Total Assets At Fair Value				$ 40,545,405

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 2,383,542	$ —	$ —	$ 2,383,542
Mutual funds	33,310,564	—	—	33,310,564
Total assets in the fair value hierarchy	35,694,106	—	—	35,694,106
Investments measured at net asset value (a)				548,772
Total Assets At Fair Value				$ 36,242,878

(a) In accordance with Accounting Standards Codification Topic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value Of Investments In Certain Entities That Calculate Net Asset Value Per Share (Or Its Equivalent, Net Unit Value)

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient:

	December 31, 2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust	$ 344,142	$ —	Daily	None

	December 31, 2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust	$ 548,772	$ —	Daily	None

5. Related-Party And Party-In-Interest Transactions

Certain plan investments are shares of investment securities managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants given to parties-in-interest totaled $372,210 and $383,927 as of December 31, 2020 and 2019, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Employer has adopted a volume submitter profit-sharing plan sponsored by Fidelity Management and Research Company. The volume submitter plan received a favorable opinion letter effective March 31, 2014 from the Internal Revenue Service regarding the volume submitter plan's qualified status. The Plan has been amended since receiving the opinion letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management has determined that the Plan does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements and related disclosures.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

9. Reconciliation Of Financial Statements To Schedule H Of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31,
